MONEY AND STOCKS.

New York Financial Market.

NEW YORK, April 13.—Money—On call continues easy at 1 per cent. Closing at 1 per cent.

Prime Mercantile Paper—4@6 per cent.

Bar Silver—107½.

Foreign Exchange—Is quiet, but rates have been advanced to 487¼@487¾ for actual business, being a gain of ¼c for short and ½c for 60-day bills.

Government Bonds—Are quiet and unchanged in quotations except an advance of ⅛ in the 3's to 1⅛, at which there was a sale late this afternoon.

State Securities—Are quiet and prices steady.

The railway bond market was not very active, but the business done was very well distributed, and prices, while irregular, are in many cases higher. Even the Erie seconds were not active. The total sales were $472,500, a decrease of $46,000, as compared with Saturday.

At the opening of the Stock Exchange this morning there was a rush by the shorts to cover, as well as by the bulls to increase their holdings, and first prices were generally ¼ to ½ per cent. higher than they closed on Saturday evening.

The early transactions were accompanied by unusual excitement and further advance in prices generally, however for fractional amounts. The news from Europe was interpreted as indicating that a war between England and Russia was inevitable, and this was confirmed by the decline in British consols, a fall to 94⅞, a fall of ⅝ from the closing price last week. The early dealings gave promise of an extremely active and excited market for the day, and in the first hour the sales were over 100,000 shares, but before 11 o'clock, without any apparent reason for the change, the market assumed a much more quiet tone, and quotations began to weaken. After the fall hour until the close of the Board at 3 o'clock, there was not a single feature of special interest. The fluctuations were within extremely narrow limits, and the tendency was strongly toward lower quotations, and the market finally closed at prices which are irregular as compared with the closing prices last week, but generally within a small fraction of those figures for the most active stocks. The transactions for the day were 197,000 shares, a decline from Saturday of 59,000 shares, but more than one-half of to-day's business, as stated, was done in the first hour, and the total sales of St. Paul, Northwestern and Lackawanna amounted to 106,200 shares, or more than one half of the total transactions for the day. Over 70 per cent. of the day's business was in the three stocks just mentioned and Lake Shore, Pacific Mail and Union Pacific. Of no other stock did the total sales amount to as much as 5,000 shares.

The transactions aggregated 196,000 shares, of which 26,000 were Lackawanna, 16,000 Lake Shore, 39,600 Northwestern, 15,000 Pacific Mail, 41,000 St. Paul, and 11,000 Union Pacific.

COMMERCIAL.

Dry goods opened only moderately this week, notwithstanding the news from Europe is very warlike. Local causes and unfavorable weather tend to keep merchants away from the market. Prices steady. Groceries open the week with a very fair trade; prices are nominally unchanged. Oranges are tending upward. Quinine has declined, and a slight change in window glass is noted. Raw furs, in some instances, are advanced. Leather and tanners' supplies are steady and fairly active. Eggs and country produce unchanged.

GRAIN.

We take the following from the Board of Trade Circular:

Wheat—Local markets continue to advance, and all grades show an increased strength. Receipts of gradable stock are light, and both shippers and millers are free buyers at full quotations. Futures dull and very few inquiries. New York 1½c higher, Baltimore ½@¾c stronger and Chicago ⅞c higher.

Corn—Like its sister cereal, wheat, is showing considerable strength, and local markets are higher and fairly active. Receipts small. Futures show dullness, and no inquiries. New York 1c higher, Baltimore ⅞c higher and Chicago the same.

Oats—Under light receipts all cash deliveries are scarce and higher.

The following table shows the receipts of grain at this point for the past twenty-four hours:

VISIBLE SUPPLY OF GRAIN.

CHICAGO, April 13.—The following figures taken from a statement compiled to-day by Secretary Stone, show the visible supply of wheat, corn, oats, rye and barley in the United States and Canada on Saturday, April 11, and the amount of increase or decrease for the week ending on that date.

Wheat, 46,851,232 bushels, decrease 716,088; corn, 9,968,466, increase 1,072,965; oats, 2,418,310, decrease 246,188; rye, 312,709, decrease 45,142; barley, 755,670, decrease 110,864.

The stocks of grain in store at Chicago April 11, were: Wheat, 15,875,429 bushels; corn, 2,368,559; oats, 426,919; rye, 129,673; barley, 50,438.

BRITISH GRAIN TRADE REVIEW.

LONDON, April 13.—The Mark Lane Express in its weekly review of the British grain trade, says: A slight rain fall has brought spring grain well forward. The imminent war between England and Russia has caused native wheat to advance 3s to 5s. The actual business done has been small. The sales of English wheat during the past week were 42,800 quarters at 33s 3d, against 47,770 quarters at 37s 9d during the corresponding week last year. It is believed that from three fourths to four-fifth of the English wheat crop of 1884 has already been marketed, and that millers have but little stock. These conditions, together with small reserves of foreign wheat and the fact that half of the 3,000,000 quarters of foreign breadstuffs on passage are from three to four months off, would warrant the belief that the position is sufficiently elastic to bring about an advance of 10s in a week's time should war be declared.

Values are so low that there is plenty of room for such an advance without making wheat dear. How long such an advance would be maintained would depend upon the action of American speculators during the next two months. At present trade is experiencing extreme tension, which deters both buyers and sellers from operating. Foreign trade is greatly excited on account of the war rumors. The off markets is in a state of suspense. Ten cargoes arrived, 8 cargoes were sold, 5 withdrawn, and 11 remain, including 6 of California. To-day, in the absence of definite news regarding the probabilities of war, the tension of the market was extreme. English and foreign wheat have advanced fully 4s. Flour to-day was very firm; American corn sold at 24s. Round corn was scarce. Barleys were 1s 6d dearer. Oats showed an advance over a fortnight ago of 2s. Beans and pess were 1s 6d@2s dearer. At the wool sales to-day 278 bales of Port Phillip and Sydney were sold. The market was steady.
