FINANCIAL AND COMMERCIAL.

MONEY AND STOCKS.

New York Financial Market.

NEW YORK, May 4.—Money—On call easy at 1 per cent.

Foreign Exchange—Dull, actual business being done at 486 for sixty days and 488 for short sight.

The sales of stock to-day aggregated 295,472 shares, including the following: Delaware, Lackawanna and Western, 55,310 shares; Delaware and Hudson, 7,600 shares; Erie, 7,600 shares; Kansas and Texas, 7,600 shares; Northwestern, 2,400 shares; New York Central, 37,200 shares; Pacific Mail, 22,600 shares; St. Paul, 39,350 shares; Union Pacific, 22,700 shares; Western Union, 8,400 shares; Northern Pacific preferred, 6,000 shares.

Government Bonds—Are unchanged in quotations, except an advance in the 3 per cents to 100¾. There were sales of the coupon 4's at 121⅞.

State Securities—Have been quiet.

This has been the most active day on the Stock Exchange since the middle of April. The total sales were 295,472 shares. The market was weak and more active at the opening, and with the exception of a check in the decline after the first hour, it continued persistently weak, slowly declining throughout the day, the final quotations being generally very near the lowest figures reached. All the active stocks show very decided declines, the prices this evening being from 1 to 3 per cent. lower than they closed last week. The trading, however, was confined principally to seven stocks, in which the business ranged between 35,300 and 22,700 shares, and the total transaction in which aggregated 226,700 shares, or nearly 77 per cent. of the day's business. These shares were Lackawanna, St. Paul, New York Central, Northwestern, Lake Shore, Union Pacific and Pacific Mail in the order named. First prices this morning were from ½ to ½ per cent. lower than the closing quotations on Saturday, and the decline of the first hour amounted to as much as ¾ to 1 per cent. The early decline was facilitated by the European war news, which was of a decidedly peaceful character, with an advance of 2 per cent. in British consols from the prices prevailing last week whenever the prospects of war were threatening. The decline was checked after the first hour, and the market became dull and firmer. But by midday it was again weak and without any sudden break it slowly continued to yield in quotations throughout the afternoon. Considerable activity was displayed in the last hour, during which the sales amounted to over 91,500, or over 31 per cent. of the day's total trading. The belief on the street this evening is that some of the leading bear operators have been heavy sellers throughout the day, although the bears claim that the bulls have been steadily unloading, while there were damaging rumors about concerning speculative features.

The Granger stocks were generally well supported, and this was equally true of the grangers, until later in the afternoon, when they also yielded, especially Pacific Mail, which fell to 33, and closed with a loss of 2 per cent., at 33½. Lake Shore is down 3¼, Michigan Central 3, Northwestern and Omaha preferred each 2½, Lackawanna 2¼, New York Central and Manhattan Consolidated each 1¾, St. Paul 1½, Union Pacific and Reading each 1¼. The remainder of the active lists show a smaller decline. The only stock on the active list which shows a gain is Consolidated Gas, which is up 1 per cent. All the Erie securities were weak, and the common stock shows a loss of 1¾ per cent. Among the early statements was one that a Receiver was to be appointed to-morrow for the Erie. The company is having a fight with the Chicago and Atlantic, the Erie extension to Chicago, the interest on the first mortgage bonds of which was not paid either November 1 nor May 1, the present management claiming that the agreement to use this interest was illegal. It is believed the Chicago and Atlantic will use the Erie Company, and the statement is made that the original agreement was a pledge of the great earnings of the Erie and the New York, Pennsylvania and Ohio (the old A. and G. W.) on all business to and from the Chicago and Atlantic. The amount of the bonds is $6,500,000. The bulls claim this evening that all the large bear operators have been heavy sellers of stock throughout the day, and that the short interest is now so large that any movement on the part of the bulls would cause a very decided advance in prices. The claim that there is very little long stock to be shaken out by the road, which has been made especially during the afternoon, but that the leading bulls are buying on a scale downward. There were a few sales to-day for the account, the first trading in this way on the New York Exchange. The total in railroad bonds to-day show an active market, the sales amounting to $1,871,000, an increase over Saturday's business of 625,000 shares, but the sale of Erie seconds alone were $1,267,000, leaving only $604,000 for the remainder of the list traded in. There was no special activity in any of the other bonds, except a little trading in the Nickel Plate firsts and West Shore firsts, the former of which developed some strength. The course of the Erie seconds was slowly downwards, corresponding with the quotations in stocks. The bonds opened 53¼, sold immediately at 53¼ and in the afternoon fell to 51¾, at which they closed. Among the other declines were the Atlantic and Pacific (Western Division), which are down ½ at 51½; Chesapeake and Ohio 6s series B, at 6⅞; East Tennessee Virginia and Georgia firsts consol ⅞ at 4⅝; Erie firsts consol, 1 at 113½; Galveston, Harrisburg and San Antonio (Western Division) firsts, ½ at 90; Louisville and Nashville, New Orleans and Mobiles 2's, ½ at 68; Metropolitan Elevated 2's, ¾ at 96½; Michigan Central first-tens at 125; Missouri, Kansas and Texas general 5's, at 59½; West Shore firsts, ½ at 29, Northern Pacific general 6's registered, ⅝ at 1[illegible]⅝; Norfolk and Western general 6's, ½ at 112; Missouri Pacific 3's, 1½ at 110½; Texas and Pacific income land grants, ¾ at 34½; Texas and Rio Grande 6's coupon off, 1 at 4½; St. Paul, Minneapolis and Manitoba 1's, Dakota extension, 3 at 110, and Rome, Watertown and Ogdensburg income 7's, 1½ at 83. St. Paul 1's, Milwaukee and LaCrosse division are up 1½ at 119½, Lackawanna 7's ¾ at 133½, Delaware and Hudson Canal firsts, registered, ½ at 115. Louisville and Chicago firsts 3's at 95. New York Central and Hudson firsts, registered, 1½ at 108, Southern Pacific of California firsts ½ at 99½. St. Paul, M. and M. firsts ½ at 112. Union Pacific firsts are unchanged at 114¾. It is stated that the company is preparing to sell about $1,000,000 of the bonds which it holds in the treasury, with which it will pay off the net floating debt and resume dividends in July; also that the company is earning more than 6 per cent. on its stock, and the outlook is very promising for a large business this year.

COMMERCIAL.

The jobbing dry goods trade lacks snap and vigor, although business has been stimulated somewhat through the medium of very low prices. Conservative dealers, however, are still buying for immediate wants. The grocery market has opened up this week with renewed confidence. Sugars are held firm at quotations. Coffees are dull. Canned goods are going off rapidly. Produce is steady, but with no change from last Saturday's quotations. Drugs are quiet.

GRAIN.

Wheat—Some slight demand to fill orders, but quotations are from ¼@½c lower. Receipts meager and offerings of all grades light. Futures in no request. Seaboard has a black eye and shows a lower market all round, New York being 1⅛@ off, Baltimore 1½c lower and Chicago ⅝c lower.

Corn—Prices are well maintained, and all grades show fair inquiries. Sales of No. 2 mixed were made on call at 50c f. o. b. Receipts fair. Futures a minus quantity. New York ¼c higher, Baltimore 1@1½c lower and Chicago 2c off from Saturday's quotations.

Oats—Continue firm at ruling prices. Good local and shipping demand is seen for cash deliveries.

The following table shows the receipts of grain at this point for the past twenty-four hours:

GRAIN SUPPLY.

CHICAGO, May 4.—The following figures, taken from the Board of Trade weekly statement of the visible supply of grain in the United States and Canada, show the amount in sight on Saturday, May 2, and the amount of decrease over the previous week: Wheat, 43,654,448 bushels; decrease, 989,224 bushels. Corn, 7,740,612 bushels; decrease, 1,189,029 bushels. Oats, 2,112,814 bushels; decrease, 188,507 bushels. Rye, 227,841 bushels; decrease, 8,375 bushels. The amount of grain in store in Chicago May 2 was: Wheat, 15,126,930 bushels; corn, 1,775,897 bushels; oats, 434,707 bushels; rye, 90,900 bushels; barley, 33,549 bushels.

BRITISH GRAIN TRADE REVIEW.

LONDON, May 4.—The Mark Lane Express, in its review of the British grain trade during the past week, says: "The weather has been reasonable. The sales of English wheat during the week were 57,636 quarters at 37s 1d, against 58,121 quarters at 37s 4d during the corresponding week last year. Business in foreign wheat has been small and unsatisfactory with values depending from day to day on the prospects of peace or war. In the off coast market nothing is doing. Eight cargoes arrived—1 cargo withdrawn and 7 remained, including four off California; 14 cargoes are due. Trade on passage is fairly active. Values are fluctuating at to-day's market, but little business was done owing to the uncertain condition of politics. Wheat was nominally 2s lower. Flour was dull and 1s cheaper. Corn was scarce. Buyers were rather lower. Beans and peas were unchanged.
