750,000 DOLLARS!—NEW-YORK and HARLEM RAILROAD SECOND MORTGAGE SEVEN PER CENT. BONDS, PART OF AN ISSUE OF ONE MILLION.

This Mortgage covers a large amount of Real Estate in this City, as well as many parcels on the line of the Road, not included in the First Mortgage; the Branch Road to Port Morris, on the East River, with Wharf and Ground belonging thereto, and all the Rolling Stock and Furniture of the Road.

The Bonds are issued with Interest Coupons attached, payable on the first days of February and August in each year and the principal reimbursable on the first day of August 1861. The Mortgage is made to the Farmers' Loan and Trust Company, of this city, as Trustee for the Bondholders, and recorded in all counties through which the Road passes.

This issue, added to the first, will make the mortgage incumbrance upon the Road four million dollars—less than 50 per cent. upon its cost up to this time. The proceeds of the Bonds now offered will be used—first, to extinguish the floating debt of the Company, and second, to complete the double track to White Plains, and erect some few Station Houses required on the line of the Road, all of which it is expected may be done so as to close "Construction Account" at the end of the year.

The security upon which these Bonds are based is believed to be in all respects ample—quite as reliable as that of the First Mortgage.

The earnings of the Road are constantly increasing, and its business, present and prospective, never so satisfactory as now.

Proposals for all or any of these Bonds may be addressed to WILLIAM B. DRAPER, Treasurer Harlem Railroad Company, New-York, inclosed, "PROPOSALS for SECOND MORTGAGE BONDS" until the 15th day of May next, when they will be opened, and should state whether the offer be made in cash on receiving the Bonds, or in installments of 25 per cent., payable respectively on the 15th of May, 15th of June, 15th of July, and 15th of August.

The right of rejecting all or any part of the bids is reserved, if deemed for the interest of the Company so to do.

By order of the Board of Directors,
NICHOLAS DEAN, President.

WM. B. DRAPER, Treasurer.

NOTE.—This Road terminates in the center of the City of New-York, is one hundred and thirty miles long, connecting the city with Albany, and all the trade of the great West together with a portion of that of the North. The annual gross earnings of the Road now exceed one million of dollars.

Office No. 2 Wall-st. J. THOMPSON.

$800,000 TOLEDO AND ILLINOIS AND LAKE ERIE, WABASH AND ST. LOUIS RAILROAD COMPANIES FIRST MORTGAGE BONDS. $800,000 of the Bonds of the Lake Erie, Wabash and St. Louis, and Toledo and Illinois Railroad Companies are now offered for sale, being the unsold balance of their Seven Per Cent. First Mortgage Bonds.

These Bonds are part of a series of $3,400,000 issued by the two Companies on 243 miles of Road, extending from Toledo, at the head of Lake Erie, in the direction of St. Louis, and following the Maumee and Wabash Rivers to the State line of Illinois, from which points communication will soon be had with St. Louis by the Terre Haute and Alton Railroad, and with Springfield, the capital of Illinois, and with the terminus of the Hannibal and St. Joseph Railroad, on the Mississippi River, by the Great Western Railroad of Illinois, now far advanced toward completion.

The Bonds are payable on the 1st day of August, 1865, with interest payable semi-annually in New-York, and are convertible into the capital stock of the Companies within six years from the 1st of August, 1855.

The cost of the Roads when completed will be $7,000,000—not exceeding $30,000 per mile for a road built and equipped in the most thorough and superior manner. Of this, $5,000,000 have been already expended on the Roads, and the Companies are free from floating debt, and have the means on hand to complete 120 miles of road, which will be opened for use during the month of June next.

This sum has been raised by the sale of Stock and First Mortgage Bonds, and of $1,000,000 of Second Mortgage Bonds, leaving to dispose of in the hands of the Treasurer $1,000,000 of the Second Mortgage Bonds and $800,000 of the First Mortgage Bonds—amply sufficient to complete and equip the line.

Without reference to the through business which this line must command, as the shortest route from St. Louis and Springfield to Lake Erie, it is universally conceded that it will possess the largest local business of any line west of Buffalo. The Valley of the Wabash has always been known as the richest portion of Indiana, and the county seats, through all of which the line passes, are the most populous towns in the State.

ALBERT S. WHITE, President.
EDWARD WHITEHOUSE, Treasurer.
WARREN COLBURN, Chief Engineer.
