Dr. Ferdinand King says:

EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES

To put strength in her nerves and color in her cheeks.

F. King, M.D.

There can be no beautiful, healthy rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often corroded the stomach and did far more harm than good. Today doctors prescribe organic iron — Nuxated Iron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard looking women 200 per cent in two weeks' time in many instances. I have used it in my own practice with most surprising results.—Ferdinand King, M. D.

NOTE: NUXATED IRON recommended above by Dr. King can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is dispensed in this city by Jas. O'Donnell's Drug Stores, People's Drug Stores, and all good druggists.—Advt.

WASHINGTON RAILWAY & ELECTRIC COMPANY'S SYSTEM

Statement to the Public:

On February 23 this company was presented with certain demands from an organization known as Division No. 689 of the Amalgamated Association of Street and Electric Railway Employes of America, with which this company has had no direct dealings.

These demands, while made ostensibly on behalf of all the employes of the railway and its affiliated companies, including the Potomac Electric Power Company, were actually presented as the result of a meeting held upon call of the Amalgamated Association.

Among the demands made was one requiring all employes, even against their will, to join the Amalgamated Association, as provided for in Section 3 of the demands presented by the Amalgamated Association, expressed in the following language:

> **"All employes of the party of the first part (W. R'y & E. Co.) eligible to membership in the association shall be and remain while in the service of the party of the first part members in good standing in the association, and all employes entering the service after a probationary period of thirty (30) days shall become and remain members of the association in good standing while in the service of the parties of the first part. Any member suspended or expelled from the association for good and sufficient reasons in the opinion of the association shall, upon written request made to the companies by the proper officer or officers of the association, be suspended or dismissed from the service of the companies."**

This demand is that we shall in effect **surrender all substantial voice as to the conduct and discipline, and even the personnel, of all our employes,** whether trainmen or not, and that **we shall further agree,** without cause or inquiry, and without reference to length of service or to the character or quality of such service, **to discharge on demand every employe who is not a member or who fails to become a member of this tyrannical association,** or who fails after joining to maintain himself in what they term "good standing" therein, or refuses to strip himself of his indivdual liberty of contract and of the right to think and act for himself; and that even as to members of this association **we shall discharge any employe on like request of this irresponsible organization without question, protest or charge.** In other words, that our employes so-called shall cease to be employed or discharged by the company according to records of efficiency and inefficiency as made with this company, which is responsible in law for their every act, but only at the behest and according to the star chamber demands of certain officers of a secret, oath-bound and irresponsible association, as to whose membership, rules, regulations, purposes and methods we have no voice.

This company would be as false to its faithful employes as it would be untrue to the public and itself if it submitted to any such demands or entered into contractual relations with an organization with such declared ideals and purposes.

The company is firm in the belief that the Amalgamated Association promotes disorder, disloyalty and lack of discipline, to the great detriment of the service the company is called upon to furnish the public, and it confidently counts upon the support and sympathy of a liberty-loving and fair-minded public in its effort to resist such unjust and unfair demands made in its name.

Come what will, this company will never discharge from its employ at the behest of officers of a tyrannical association loyal employes who have served us faithfully for many years, and will not permit them to be coerced, and the company believes that any organization making such unreasonable and unamerican demands is not worthy to be dealt with.

This is one of the reasons why the company is dealing directly with its individual trainmen, who are signing a contract for a term of three years, effective today, which, among other things, provides a liberal wage increase, the new scale being as follows:

In Continuous Service

Less than one year	24 cents per hour
Second year	25 cents per hour
Third year	26 cents per hour
Fourth and fifth year	27 cents per hour
Sixth and Seventh year	28 cents per hour
Eighth, Ninth and Tenth year	29 cents per hour
Ten years and thereafter	30 cents per hour

Extra men will receive one-half pay from time of reporting for work until excused for the day or assigned to a run.

As against the unreasonable demand made by the Amalgamated Association in their submitted agreement, our contract, in paragraph No. 3, provides:

> **If at any time the undersigned has any grievances of any kind or character as to conditions of labor, such grievances shall be presented to and taken up with the company on the second or fourth Tuesday of each month, at the office of the Superintendent. And the undersigned may appear in person or be represented by any other employe in the same class of service. Said Superintendent will give a fair hearing, and from his decision an appeal may be taken on the third Tuesday of the month to the President of the company, who shall hear such appeal and correct any erroneous decision of the Superintendent. And within ten days thereafter any such grievance not satisfactorily disposed of in the foregoing manner shall be referred to the Public Utilities Commission of the District of Columbia for final decision. Said Commission shall, and is hereby agreed to be a permanent board of arbitration of all questions which may be referred to it under the provisions and in harmony with the terms of this contract. The authority and jurisdiction of said Commission to revise, reverse or modify any decision rendered by it on any matter so referred, shall be continuous. The evidence may be submitted by affidavit or orally upon oath. It is agreed that all such decisions of said Commission shall be binding and conclusive unless so modified, revised or rescinded by said Commission. And the undersigned hereby agrees to at all times, conform to and obey any and all such decisions, and that this contract shall in all things, be liberally construed so as to provide an effectual and constantly available remedy to adjudicate all controversies which may at any time arise.**

We also provide in our contract the following:

> **Any presentation of grievance, or any arbitration as herein provided, shall proceed only in the name of and under the direct charge of the complaining employe or employes or committee thereof.**

We believe the entire contract with our trainmen to be fair to them, ourselves and the general public, and one that will prevent further agitation so vitally affecting every one concerned.

MARCH 12, 1917.

CLARENCE P. KING,
President.
