STATE and RAILROAD BONDS.—J. THOMPSON will sell at private sale the following desirable Securities, for investment:
$300,000 STATE OF SOUTH CAROLINA SIX PER CENT. COUPON BONDS, interest payable at Charleston January and July.
$10,000 NEW-ORLEANS CITY SIX PER CENT COUPON BONDS, interest payable in New York May and November.
$6,000 JOLIET AND NORTHERN RAILROAD EIGHT PER CENT COUPON BONDS, guaranteed by the Michigan Central Railroad Co. These Bonds are equally as secure as the Bonds of the Michigan Central Railroad Co.
$25,000 STATE OF VIRGINIA SIX PER CENT COUPON BONDS interest payable in New York January and July.
$7,000 NASHVILLE AND CHATTANOOGA RAILROAD SIX PER CENT COUPON BONDS, interest payable in New York, guaranteed by the State of Tennessee. These Bonds are received by the State Treasurer of Tennessee as a banking basis. Office, No 2 Wall st.

$1,000,000 BONDS of the VIRGINIA and TENNESSEE RAILROAD COMPANY—Proposals will be received for the whole or any part of the above issue of Bonds. They are dated July 1, 1854, and payable to bearer in the city of New York on June 30, 1884, with interest Coupons attached, at the rate of 6 per cent per annum, payable semi-annually, at the Bank of America, on the 1st of January and July of each year, and one half their amount convertible into the stock of the company, at the option of the holder.

These bonds are issued under the full authority of the stockholders, for the purpose of finishing and equipping the road, and they are secured by a second mortgage on the road, with all the real estate, fixtures, and equipments, franchises appurtenances, and privileges appertaining thereto. The first and prior mortgage is for $1,500,000, of which $1,100,000 was taken by the State of Virginia, on the following very advantageous terms: 6 per cent interest and the principal to be liquidated by payments annually of one per cent for 34 years, commencing on July 1, 1853. The remaining $400,000 were sold at par.

The capital of the company is $3,000,000, three-fifths of which is held by the State of Virginia, and the whole amount paid in is $2,975,100.

The length of the road, from the City of Lynchburg to the Tennessee line, is 204 miles, of which 135 are entirely finished and in operation. The remaining 69 miles require only $235,000 to complete them, and ten months' labor is only necessary to put the entire road into full operation. There has been expended on the road about $5,000,000 in construction, rolling stock and expenses, a sum double the amount of both mortgages, which together do not exceed $15,000 per mile of road. The road forms a link in the chain of roads which are to become probably the most important route in the Union, giving an almost straight line from the Northern and Eastern cities, to Mobile on the Gulf of Mexico and the Mississippi, shortening the distance more than 300 miles; and there is but one more link to be finished to afford a continuous railroad transportation from the City of Washington to Montgomery, Ala. But independent of the travel that will come to it as a part of the great North and South Line, the Virginia and Tennessee Railroad has a certain local business of its own, which is clearly ascertained by the earnings of last year, with only 85 miles open, ($163,925 79) as being sufficient of itself to support the road. It passes almost the whole length through a region abounding with a variety of minerals of the most valuable nature, such as lead, coal, iron, copper, salt and gypsum, all of which exist in great abundance, which have been hitherto neglected, but which are fast being developed now that they can be conveyed to market. In short the prospects of the road are most flattering and fostered as it has been by the State, and supported generously by the people of Virginia, with a large cash capital actually paid in, it is believed no security has been recently offered of a better character. The Company have agreed to set apart one per cent annually on the amount of their bonds from the earnings of the road, as a Sinking Fund to meet the payment of them at maturity; and the stockholders have adopted as a line of policy to declare no dividend excepting from a cash surplus, after the interest and sinking Fund have been provided for.

The terms on which the sale will be made are 25 per cent. down and the balance in payments of 16 per cent, every thirty days till all paid. If the whole amount is paid at once, interest to 1st of July to be allowed. The right of rejecting all or any part of the bids is reserved, if deemed for the interests of the Company to do so. The bonds will be lodged in bank to be delivered when the whole amount is paid. Full information will be given on all subjects connected with the financial affairs of the Company which could be derived by parties wishing to offer for the bonds and documents and references obtained by applying to ADRIAN H. MULLER, Esq., No 28 Wall-st., New-York, to whom offers must be sent, sealed and marked "Tender for Railroad Bonds," on or before the 24th day of May next. JOHN ROBIN MCDANIEL,
President Virginia and Tennessee Railroad Co.

The Board of Directors are: HENRY DAVIS, GEORGE STUART, THOMAS L. PRESTON, WILLIAM A. READ, WM. T. ANDERSON, and C. F. M. GARNETT, with Chief Engineer.

I will receive sealed proposals for the above loan, which will remain with me unopened till 3 o'clock P. M., of Thursday the 24th day of May next, to be then opened in the presence of the President or some other authorized agent of the Company.
