**750,000 DOLLARS!—NEW-YORK and HARLEM RAILROAD SECOND MORTGAGE SEVEN PER CENT. BONDS;**

PART OF AN ISSUE OF ONE MILLION.

This Mortgage covers a large amount of Real Estate in this City, as well as many parcels on the line of the Road, not included in the First Mortgage, and all the Rolling Stock and Furniture of the Road

The Bonds are issued with Interest Coupons attached, payable on the first days of February and August in each year, and the principal reimbursable on the first day of August, 1864. The Mortgage is made to the Farmers' Loan and Trust Company, of this city, as Trustee for the Bondholders, and recorded in all counties through which the Road passes.

This issue, added to the first, will make the mortgage incumbrance upon the Road four million dollars—less than 50 per cent. upon its cost up to this time. The proceeds of the Bonds now offered will be used—first, to extinguish the floating debt of the Company, and, second, to complete the double track to White Plains, and erect some few Station Houses required on the line of the Road, all of which it is expected may be done so as to close "Construction Account" at the end of the year.

The security upon which these Bonds are based is believed to be in all respects ample—quite as reliable as that of the First Mortgage.

The earnings of the Road are constantly increasing, and its business, present and prospective, never so satisfactory as now.

Proposals for all or any of these Bonds may be addressed to WILLIAM B. DRAPER, Treasurer Harlem Railroad Company, New-York, indorsed, "PROPOSALS for SECOND MORTGAGE BONDS" until the 15th day of May next, when they will be opened, and should state whether the offer be made in cash on receiving the Bonds, or in installments of 25 per cent, payable respectively on the 15th of May, 15th of June, 15th of July, and 15th of August.

The right of rejecting all or any part of the bids is reserved, if deemed for the interest of the Company so to do.

By order of the Board of Directors.

NICHOLAS DEAN, President.

WM. B. DRAPER, TREASURER.

NOTE.—This Road terminates in the center of the City of New-York, is one hundred and thirty miles long, connecting the city with Albany, and all the trade of the great West together with a portion of that of the North. The annual gross earnings of the Road now exceed one million of dollars
