ALBERT H. NICOLAY, Auctioneer.

PEREMPTORY SALE
Of a very Handsome
COUNTRY SEAT
ON STATEN ISLAND,
Within Five Minutes' Walk of Vanderbilt Landing, at Auction.

ALBERT H. NICOLAY will sell on WEDNESDAY, May 23d, 1855, at 12 o'clock, at the Merchants' Exchange, a very handsome new frame House, filled in with brick, built in the best possible manner, in the English rural style, (without regard to cost,) together with about 12½ full Lots of Ground, in the highest state of cultivation, 25x100 feet each, situated on a private road, which is a first-class neighborhood, opposite Robert Center's Estate, near Vanderbilt-av., and within only five minutes' walk of Vanderbilt Landing, at the beautiful and romantic village of Clifton, Staten Island. The house is new, and is about 32 feet front by 42 feet in depth, including the wing attached, ornamented in beautiful style, with arched piazzas, and contains a large parlor, dining-room, a good kitchen with range, six sleeping rooms, and a bath-room, marble mantles and grates throughout, and a good dry cellar. There is also a well of excellent water on the premises; the garden embraces all kinds of vegetables in abundance, also young fruit, consisting of peaches, plums, quinces, gooseberries, apples, strawberries, pears, blackberries, cherries, raspberries, currants and grapes, and the grounds around the house are tastefully laid out with gravel walks, flowers, shrubs, &c., &c., and all in the most complete order. In fact, the place is all that a gentleman of taste could desire, as the romantic and beautiful scenery surrounding this property is unsurpassed, and it is the only country seat that can be purchased at Clifton, so convenient to the ferry and containing so much land.

The Staten Island Ferry boats leave every half hour in summer and every hour in winter, fare 6¼ cents, and the sail over the noble bay is one of the most delightful ones to be found in the vicinity of the city, forming a perfect panoramic view not equaled in the world—also making it much more desirable for private residences than the upper part of the city, as the time consumed in reaching this beautiful Island is about the same as from the Battery to 25th-st., but far more preferable in point of health and comfort, with the advantage of combining city with country life, and enabling persons to attend to their daily business in New-York without interruption.

The title of this property is unquestionable. Terms liberal and possession given a week after the sale if desired. Thus an opportunity is offered to obtain a delightful residence which is rarely to be met with, as the sale will be without reserve to the highest bidder. Desirable City Real Estate or good Railroad Bonds and Stocks will be taken in exchange. For cards of admission to view the premises and full particulars apply to

DR. JAMES W. POWELL begs to announce to his friends and patients his return from Europe, where he has enjoyed unusual opportunities of observing the modern practice of the most celebrated Oculists and Aurists of the Old World, especially in London, Paris, Dublin and Glasgow. Dr. POWELL has procured all the new instruments: Desmarres's improved Ophthalmoscope, which enables the oculist to look into the depths of the Eye and ascertain the exact condition of the optic nerve and retina in amaurosis and the lens in cataract; also, Avery's Speculum, equally extraordinary for looking into the drum of the Ear, the Eustachian tube in the throat, stricture, &c.; also, Lamlebert's beautiful Syringe, Jacob's Cataract Needles, Wild's Speculs, and many other new inventions of great importance. Accurate examinations made with the above instruments and a decisive and prompt opinion pronounced as to the curability of each patient. Also, Consultations as heretofore on all diseases of the eye and Ear from 9 to 4 o'clock daily at No. 502 Broadway, opposite the St. Nicholas Hotel. N. B.—Private instructions given to medical practitioners.

DRS. ROBERTS, Surgeon Dentists, No. 55 Bond-st., invite persons wishing ARTIFICIAL TEETH to call and examine their new mode of inserting Teeth on Platina Plate, surpassing the old style in strength and beauty.

JOHN PETTIGREW, LUKE H. HOLMES, CHARLES A. MACY, Commissioners.
New-York, May 18, 1855.

$1,600,000 BONDS of the VIRGINIA and TENNESSEE RAILROAD COMPANY.—Proposals will be received for the whole or any part of the above issue of Bonds. They are dated July 1, 1854, and payable to bearer in the city of New-York, on June 30, 1884, with interest Coupons attached at the rate of 6 per cent per annum, payable semi-annually, at the Bank of America, on the 1st of January and July of each year, and one-half their amount convertible into the stock of the company, at the option of the holder.

These Bonds are issued under the full authority of the stockholders, for the purpose of finishing and equipping the road, and they are secured by a second mortgage on the road, with all the real estate, fixtures and equipments, franchises, appurtenances, and privileges appertaining thereto. The first and prior mortgage is for $1,500,000, of which $1,000,000 was taken by the State of Virginia, on the following very advantageous terms: 6 per cent interest, and the principal to be liquidated by payments annually of one per cent for 34 years, commencing on July 1, 1858. The remaining $500,000 were sold at par.

The capital of the Company is $3,000,000, three-fifths of which is held by the State of Virginia, and the whole amount paid in is $2,375,160.

The length of the road from the City of Lynchburg to the Tennessee line, is 204 miles, of which 156 are entirely finished and in operation. The remaining 48 miles require only $235,000 to complete them, and ten months' labor is only necessary to put the entire road into full operation. There have been expended on the road about $4,500,000 in construction rolling stock, and expenses, a sum double the amount of both mortgages, which together do not exceed $13,000 per mile of road. The road forms a link in the chain of roads which are to become probably the most important route in the Union, giving an almost straight line from the Southern and Eastern cities, to those on the Gulf of Mexico and the Mississippi, shortening the distance more than 200 miles; and there is but one more link to be finished to afford a continuous railroad transportation from the City of Washington to Montgomery, Ala. But, independent of the travel that will come to it as a part of the great South and North Line, the Virginia and Tennessee Railroad has a certain local business of its own, which is clearly ascertained by the earnings of last year, with only 85 miles open, ($65,939 79,) as being sufficient of itself to support the road. Its passes almost its whole length through a region abounding with a variety of minerals of the most valuable nature, such as lead, coal, iron, copper, salt and gypsum, all of which exist in great abundance, which have been hitherto neglected, but which are fast being developed now that they can be conveyed to market. In short, the prospects of the road are most flattering, and, fostered as it has been by the State, and supported generally by the people of Virginia, with so large a cash capital actually paid in, it is believed no security has been recently offered of a better character. The Company have agreed to set apart one per cent annually on the amount of their bonds from the earnings of the road, as a Sinking Fund, to meet the payment of them at maturity; and the stockholders have adopted, as a line of policy, to declare no dividend excepting from a cash surplus, after the interest and Sinking Fund have been provided for.

The terms on which the sale will be made are 25 per cent down, and the balance in payments of 10 per cent every thirty days till all paid. If the whole amount is paid at once, interest to 1st of July to be allowed. The right of rejecting all or any part of the bids is reserved, if deemed for the interest of the Company to do so. The bonds will be lodged in bank to be delivered when the whole amount is paid. Full information will be given on all subjects connected with the financial affairs of the Company, which could be derived by parties wishing to offer for the bonds and documents and references obtained by applying to ADRIAN H. MULLER, Esq., No. 58 Wall-st., New-York, to whom offers must be sent, sealed and marked "Tender for Railroad Bonds," on or before the 28th day of May next.
JOHN ROBIN McDANIEL,
President Virginia and Tennessee Railroad Co.
The Board of Directors are: HENRY DAVIS, GEORGE STUART, THOMAS L. PRESTON, WILLIAM A. READ, WM. T. ANDERSON, and C. F. M. GARNETT is Chief Engineer.

I will receive sealed proposals for the above loan, which will remain with me unopened till 3 o'clock P. M., on Thursday, the 24th day of May next, to be then opened in the presence of the President or some other authorized agent of the Company.

That they are required to surrender the same at the office of the undersigned, at Lansing, on or before the 12th day of August next ensuing, for adjustment agreeably to the provisions of said Act. The rate of such adjustment will be in accordance with the 8th section of the Act numbered 173, approved April 1, 1843, (herewith annexed.) The new bonds to be issued in the adjustment of those above described will contain a clause entitling the holder to any and all claims the State may have against the United States Bank, and the Morris Canal and Banking Company, or their legal representatives, growing out of the negotiation of the Five Million Loan Bonds; and such new bonds, when issued, will be made payable in New-York, both as to principal and interest, and will be made redeemable at the time fixed for the maturity of the original part-paid bonds. The interest on said new bonds will be paid semi-annually, on the first day of July and January of each year, until the maturity of said bonds, or the redemption of the principal. After the expiration of said 12th of August, the interest on all the class of bonds, remaining outstanding or unadjusted, will cease.
S. M. HOLMES, State Treasurer.

COPY OF SEC. 2 OF THE ACT RELATING TO THE SURRENDER OF BONDS. APPROVED FEB. 12, 1855.

SECTION 2. All holders of that class of State Bonds for which new bonds are directed to be issued by section eight of Act numbered 173 of the session laws for the year 1843, entitled an Act to provide for the funding the outstanding Internal Improvement Warrants of this State, and the interest due thereon, and also for liquidating and funding the amount of principal and interest actually due upon the part-paid Five Million Loan Bonds, are hereby required within six months, from and after the passage of this Act, to present any bonds of this State, held by them, at the State Treasurer's Office, for the purpose of having the amount due thereon accurately ascertained, and new bonds issued therefor, according to the provisions of said Act; and, in case they fail so to present said bonds within the time herein prescribed, no interest shall be allowed on said bonds to the holder or holders thereof, after that time, so that the same may not be in any manner incorporated into said new bond, so to be issued as a part of the principal sum thereof; and the State Treasurer is hereby authorized to give all reasonable and proper notice of the provisions of this Act, so as best to secure the object hereby contemplated.

COPY OF SEC. 8 OF THE ACT RELATING TO THE RATES OF ADJUSTMENT OF THE PART-PAID BONDS. APPROVED APRIL 1, 1843.

SECTION 8. That, upon the surrender at the Treasury of this State of any of the said part-paid Five Million Loan Bonds still outstanding, the holder of the same shall be entitled to receive from the Governor of this State certificates of stocks or bonds, at the rate of four hundred and three dollars and eighty-eight cents on each one thousand dollars of said bonds, for principal and interest due thereon, the first day of January, eighteen hundred and forty-six, and adding for subsequent interest, at the rate of six per cent per annum, on three hundred and two dollars and seventy-three cents, for each thousand dollars of said bonds, to be computed up to the first day of January next, after the surrender thereof. *Provided*, The Coupons since July, eighteen hundred and forty-one, shall remain attached thereto:

Provided, further, That, in case any of the Coupons falling due on any of the said bonds, between the first day of July, eighteen hundred and forty-one, and the maturity of the bond or bonds, shall not be delivered to the State Treasurer, with the bonds to which they belonged, there shall be deducted from the amount authorized to be issued in new bonds, under the preceding section, the sum of nine dollars and eighty cents for each Coupon removed from a bond of one thousand dollars, and twenty-seven dollars and twenty-four cents for each Coupon removed from a bond of three thousand dollars.
