THREE DAYS JOURNEY FROM NEW ORLEANS.

THE proprietor of this established watering place begs leave of announcing to his friends and the public in general that he will be in readiness on the first day of May to receive visitors. He will also state for the benefit of those at a distance, that there have been large improvements made, and others now going on, and the rapid progress to completion, which will enable the subscriber to accommodate a much larger number than heretofore, and at the same time more comfortably.

Families can be accommodated with good rooms, or those who prefer can have large cabins, attached from the main buildings.

It is deemed unnecessary to say anything in particular of the climate or the waters, which are well known throughout the Southern States. All the amusements that are generally found at Watering Places, will be found at this. The best music that the place or the country affords is engaged, and will be in attendance throughout the season.

The subscriber will use every exertion in his power to render his visitors comfortable, and he hopes from the liberal support given him in former seasons, that he may continue to enjoy a share of the public patronage.

HAY'S LINIMENT.—No Fiction.—This extraordinary chemical composition, the result of science, and the invention of a celebrated medical man, the introducing of which to the public was invested with the solemnity of a deathbed bequest, has since gained a reputation unprecedented, fully sustaining the correctness of the departed Dr Gridley's last confession, that "the dead rat did his without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and last certainly for the cure of the Piles, and is extensively and effectually as to bodily credibility, unless where its efficacy is witnessed. Externally in the following complaints:

For Dropsy—Creating extraordinary absorption at once.

All Swellings—Reducing them in a few hours.

Rheumatism—Acute or Chronic, giving immediate ease.

Sore Throat—Be Cancers, Ulcers or Boils.

Croup and Whooping Cough—Externally, on over the Chest.

All Bruises, Sprains, and Burns—Curing in a few hours.

Scald and Ulcers—Whether fresh or long standing, and fever sores.

Its operations upon adults and children in relieving pain in the swellings, and for some months the tightness of the throat by relaxation of the pulse, has been surprising beyond exemption. The common mark of those who have used it in the Piles is "Hays' ale relieves."

THE PILES.—The proprietor of certificate to any person who will use a bottle of Hay's liniment for the Piles, and return the empty bottle with it being cured. There are the positive orders of the proprietor to the Agents, and out of nearly twelve sold, not one has been unsuccessful.

We might insert certificates to any number, but prefer that those who will use it be satisfied without the original to rely on.

CAUTION.—None can be genuine without a splendid engraved wrapper, on which is my name and seal of the Agents.
