MEDICAL.

DR. JOHN BULL'S
COMPOUND
CEDRON BITTERS,

The Latest and Most Important Discovery of the 19th Century

NO man's name is more intimately connected with the history of Materia Medica of the United States, or more favorably known as a pioneer in medical discovery, than that of Dr. JOHN BULL, of Louisville, Ky. His inimitable preparation of Sarsaparilla, has long stood at the head of the various compounds of that valuable drug. His Compound Pectoral of Wild Cherry has become a household word throughout the west and south, and his Worm Lozenges in less time a year after their introduction established a reputation as wide spread as the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, or rather combination, for he does not claim to be the discoverer of CEDRON, which is the basis of the bitters now offered to the public. That honor belongs to the native inhabitants of Central America, on whom its virtues have been known for more than two hundred years. Armed with it the Indians bids defiance to the most deadly malaria, and handles without fear the most venomous serpents. It is a belief with them that while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be.

While Dr. Bull is not prepared to endorse this extravagant pretension, he is nevertheless satisfied from a thorough examination of the evidence relating to the efficacy, that as a remedy and preventive for all diseases arising from exposure either to changes of weather or climate, or to the miasmatic influences, it stands without a rival, and justly deserves the reputation it has so long in Central America and the West Indies. In

DYSPEPSIA,

And its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the range of the Materia Medica, that can for a moment bear a comparison with it in this disease.

A full account of this wonderful plant may be found in the 11th edition of the U. S. Dispensatory, pages 1307 and 1308.

A series of experiments to which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of Cedron with other approved tonics, the whole preserved in the best quality of copper distilled Bourbon whiskey, which he is confident has no equal in the world.

He might furnish a volume of certificates, but the public have long since learned to estimate such things at their true value. The best plan is for every one to test for himself the virtue of a new medicine. Give the

CEDRON BITTERS

One trial and you will never use any others.

It is not necessary to publish a long list of diseases for which the Cedron Bitters are a specific.

In all diseases of the Stomach, Bowels, Liver or Kidneys;

In all affections of the Brain depending upon Derangement of the Stomach or Bowels;

In Gout, Rheumatism and Neuralgia;

And in Fever and Ague, it is confided to supersede all other remedies. It not only cures these diseases but it prevents them.

A wine glass full of the Bitters taken an hour before each meal will obviate the ill effects of the most unhealthy climate, and screen the person taking it against disease under the most trying exposure.

FURNACES.

PETER MARTIN'S

PATENT IMPROVED

Warm Air Furnaces,

For Public and Private Use.

For Wood or Coal.

I. L. FRAKEN, Indianapolis, AGENT.

THE attention of the public is called to the above Furnaces, as they combine ventilating with heating qualities.

The inventor has, after years of experiments, succeeded in perfecting what he claims to be the best Furnace now in use. Among the many advantages over the ordinary furnaces, are:

The small amount of fuel required to keep it in operation.

Keeping the rooms constantly supplied with pure, fresh air, drawn from Nature's inexhaustible stock out of doors, which, by a recent improvement, purifies, thereby avoiding all dust.

Large Air Chambers, avoiding the confinement of heat in heated walls and hot-metal chambers.

Improved Water Chambers, which keep up a steady supply of moisture, which overcomes the great objection to ordinary Hot Air Furnaces.

The castings are heavy, and strongly bolted together, guaranteeing durability under any degree of heat.

Particular attention is called to the Self-regulating Arrangement of this Furnace, which has been pronounced by business men to be the

BEST EVER MADE.

Every Furnace warranted to give entire satisfaction.

REFERENCES.

By permission, I refer to the following parties, where the Furnaces are in operation:

CINCINNATI, April 18, 1864.

Martin's Patent Furnace, manufactured by Peter Martin, of this city, I have no hesitancy in pronouncing the best I have ever observed. He was employed to put one in the church I now serve, last fall. We have given it a fair trial, and the whole Society unite in pronouncing it incomparable, superior to any other we had ever seen. Several good men of my congregation use his Furnace in their private residences, and in every case are perfectly satisfied. I can not take time minutely to describe this Furnace. I will just say that it burns less coal, and gives a greater volume of heat, than any furnace I am acquainted with, and is free from smoke, dust and impure air.

WILLIAM McKAIG,

Pastor Third Presbyterian Church, Cincinnati, O.

NOTRE DAME, IND., NOV. 20, 1861.

Mr. Martin—This is to certify that we tried the Furnace you built for us, and are satisfied with it. Our rooms are amply heated. Yours, respectfully,

BROTHER NOTRE DAME.

I bear testimony to the above, having used the same Furnace all last winter, and am fully satisfied with all its arrangements. M. L. LEOPOLD, 161 Eighth street, of Leopold & Goodheart, No. 75 West Fourth street.

Cincinnati, June 28, 1862.

The First Presbyterian Church have two in use.

I have one of Peter Martin's Hot Air Furnaces. It gives entire satisfaction.

CINCINNATI, April 1864.

Having tried the experiment of warming our places of business by steam, at a very heavy expense, and without satisfactory results, we ordered the apparatus taken out, and had, what we supposed, to be a good Hot Air Furnace put in its place, but was still unable to warm it so as to be comfortable. Upon a more thorough investigation of the whole subject of house warming, we ordered the furnace to be removed and one of the Atmospheric Purifying Warm Air Furnaces, manufactured by Peter Martin, Esq., put in the place, and we find that in the coldest weather, inside of our offices we have had no difficulty in keeping every part of our rooms warm and comfortable. We would advise our friends to profit by our experience and save themselves great inconvenience and expense by ordering these invaluable furnaces direct from the inventor and manufacturer.

S. ROTH & CO.,

Proprietors St. Nicholas Restaurant.

CINCINNATI, April, 1864.

I regard the Warm Air Furnace invented and manufactured by Peter Martin, Esq., of this city, as far superior to any other house warming apparatus with which I am acquainted. It will produce a greater quantity of heat from a given amount of fuel, than any other in use. A bucket half full of coal with some ashes from the cooking range, will keep the house warm a whole day.

ABNER L. FRAZER,

No. 467 West Eighth Street.

I have used for two winters Mr. Peter Martin's Hot Air Furnace in my dwelling, and am well satisfied with its operation.

GRIFFIN TAYLOR.

CINCINNATI, April 28, 1864.

Having used, during the past winter, the not Air Furnace manufactured and put up by Mr. Peter Martin, I willingly testify to the very general satisfaction it has given me.

J. C. CULBERTSON,

856 West Sixth St.

The Warm Air Furnace manufactured and put in St. Anthony's Church, on Odd St., near Cass, by Peter Martin, Esq., does all we expected it would. It affords a full supply of warm air, does not throw out any dust, nor smoke; besides, the cost to fuel is very small.

Glad News for the Unfortunate!

ONE BOTTLE FOR A CURE.

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION,

Both combined from Roots, Barks and Leaves

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs, such as Irritation of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gonorrhea, Gleet, and in a speedy manner in those cases of Fluor Albus or Whites in females, in which all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow free of its original impurity and vigor; thus removing from the system a pernicious cause which have induced disease.

CHEROKEE INJECTION is intended as a daily or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in cases of Gleet, Gonorrhea, Fluor Albus or Whites. Its effects are healing, soothing and demulcent; removing all scalding, heat and pain, instead of the scanting and almost unendurable pain that is experienced with nearly all the cheap quack Injections.

By the use of the Cherokee Remedy and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed and the weakened organs are speedily restored to full vigor and strength.

Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

Cherokee Cure

An unfailing cure for Seminal Weakness, Nocturnal emissions, and all diseases caused by Self-Pollution, such as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficulty of Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the dreadful consequences consequent from the pollution of nature.

This medicine is a simple vegetable extract, and is one on which all can rely, as it has been used in our practice for many years, and with unbounded success. It has not failed in a single instance. Its curative powers have been equally as good under the most stubborn cases.

To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, DESPAIR NOT! the CHEROKEE CURE will restore you to health and vigor, and after all quack nostrums have failed!

Price, $2 per bottle, or three bottles for $5, and forwarded by Express to all parts of the world.

CANCERS.

DR. W. C. COUDEN,

Formerly of Cincinnati, has located permanently in

Terre Haute,

Rooms over Coe's Drug Store.

Dr. Couden

Will devote special attention to the treatment of Cancers and Cancerous affections.

In calling attention to my Cancer Affidavit, a document for Cancer, permit me to say that it is the most wonderful discovery ever made in medicine. It is the great desideratum so long sought for by the Medical Profession and the afflicted with cancer. Its operation is truly astonishing, without a parallel, and is the only known antidote to cancer, and all cancerous affections; the modus operandi of the antidote is apparently by entering into the chemical composition of the cancer, cancerous, malignant or unhealthy growth, thereby removing all life and vitality, satisfying, killing and destroying the cancer, every particle root and fibre belonging to it, without pain or the use of the knife; without caustic eating or burning; without the loss of blood, or in the least affecting the sound flesh. It can be applied to the naked eye or an open wound, as easily and freely as water. By this means large cancers can be removed from vital parts, the eye, large blood vessels, &c., where no other treatment could possibly be used, and in doing so we feel assured of making permanent cures when all other treatment fails. The medical fraternity and all interested are invited to call, and I will exhibit a large number of cancers that I have thus removed and preserved, and if desired will refer to hundreds of cases cured throughout the country.

Consumption, Asthma, Bronchitis, Pharyngitis and all affections, treated by Inhalation, or otherwise. Particular attention paid to all diseases of the Eye and Ear, such as partial blindness or deafness, either acute or chronic. I am in possession of almost a never failing remedy for Fits and Apoplectic Paroxysms.

SCROFULA, RHEUMATISM AND LIVER COMPLAINT.

Treated with success. Eruptive diseases, such as tetter, piles and tumors, scald head, syphilis, syphilitic affections, mercurial diseases, dyspepsia and indigestion, strumous spines, or swell neck, and all affections of the Kidneys and Spine will receive due attention.

Also a new and successful remedy for removing Tape-Worm; and all other varieties of worm found in the human system. A general consultation invited to call and examine my specimens of cancer.
