Municipal Reform Committee.—NEW-YORK, Nov. 2, 1855.—The Committee have had under consideration the various nominations for Aldermen and Councilmen throughout the city, and respectfully recommend the following list to the suffrages of their fellow-citizens:

Those in SMALL CAPITALS are PROVED men—diligent, faithful and efficient. They should be vigorously supported.

Those in italics are new candidates, but are vouched for by responsible parties as favorable to an honest and economical administration of public affairs.

Those in Roman are not so well known to the Committee, but are believed to be in every case preferable to their opponents in the same Districts.

For Sheriff—Captain Joseph H. Toone.—Read what those who know CAPTAIN TOONE say of him in a Circular:

TO THE CITIZENS OF NEW-YORK.

It occasionally happens in the history of our local politics that a really good man is put up for office, and as we regard it as a duty we owe to ourselves to endeavor at all times to select only that class of men, we are at this time induced not only to vote for, but to use all our influence and exertions to secure the election of one of the candidates now before the people for the office of Sheriff, without regard to his political opinions, or the party by which he has been nominated. We refer to CAPTAIN JOSEPH H. TOONE, who has long been identified with the commercial interests of our city; a man who is in every way qualified for the office, and whose whole life is a guaranty that he will faithfully and honorably discharge any duty imposed upon him. We therefore earnestly recommend the friends of good government, who desire to see honest and energetic men in office, to join us in an effort to elect CAPTAIN TOONE to the office of Sheriff of the City and County of New-York. Among the merchants and mechanics, where he is known, he will receive an almost unanimous support, and we trust that for once we shall see the success of an honest man, even though he is not an adept in the science of wire pulling. By a little effort on the part of the independent voters of this city, we feel confident that CAPTAIN TOONE can be triumphantly elected, and we therefore respectfully solicit our aid and influence in consummating an object so desirable to all who appreciate honesty and efficiency in public office.

CONSTITUTION HALL,
No. 650 Broadway, Nov. 3, 1855.
In Executive Committee held this day, it was unanimously resolved that HENRY E. DAVIES, esq., be recommended as a suitable candidate to fill the vacancy on the bench of the Supreme court occasioned by the death of the Hon. Robert H. Morris.

Mercantile Library Association.—TO THE STOCKHOLDERS OF THE CLINTON HALL ASSOCIATION. MEMBERS OF THE MERCANTILE LIBRARY, AND THE PUBLIC.—A political circular headed "Mercantile and Mechanics' Clerks' Nominations" having been distributed by the members of the Mercantile Library, recommending DOUGLAS LEFFINGWELL and others as suitable persons for their support at the approaching Municipal Election, the Board wish it to be distinctly understood that so far from lending their aid to such a course, said circular, indirectly purporting to emanate from this Association, was issued without their knowledge or consent. A list of the names of the members was fraudulently obtained from the Library-room by an ex-officer of the Association.

The Mercantile Library Association having always remained neutral as a corporate body with any political party, the Board issue this card, thus publicly denying any connection with said circular, hoping thereby to place members on their guard against any such unprincipled attempt to use either the name or influence of our Institution for political or sectarian purposes.
