THREE DAYS JOURNEY FROM NEW ORLEANS.

THE proprietor of this establishment has the pleasure of announcing to his friends and the public in general, that he will be in readiness after the first day of May to receive visitors. He will also state for the benefit of those at a distance, that there have been great improvements made, and others now going on, with the rapid progress for completion, which will enable the enlargement to accommodate a much larger number than heretofore, and at the same time much better.

Families can be accommodated with good rooms, or those who prefer can have large cabins attached from the main building.

It is deemed unnecessary to say anything in particular of the character of these waters, for it is generally believed that they are not inferior to any in the South-ern States. All the amusements that are generally found at Watering Places, will be found at this. The best music that this part of the country affords, has been engaged, and will be in readiness at a distance of Springs during the whole season.

The subscriber will avail himself of this opportunity of returning his unbounded thanks for the very liberal support given him last season, and hopes by the conditions that have been made to improve and extend the accommodations, to merit a liberal patronage in the present season.

ABERNETHY'S DYSPEPTIC ELIXIR.

Dr. Abernethy, the greatest of English surgeons was of opinion that nine-tenths of the diseases that afflict mankind originate in the stomach. This elixir was used by him with the most unprecedented success in his private and public practice for upwards of forty years, for the removal of the following diseases:

Loss of appetite, Flatulency, Distention of the Stomach, Pain in the side, Heaviness of the head and incliination to sleep, Irregularity of the Bowels, and in all cases where Indigestion or a costive habit is found to exist.

This medicine must not be ranked among the host of quack nostrums now before the public, as it is the sole invention of the ablest and most scientific surgeon Europe ever produced, and the secret of preparing it was purchased by the agent for a very large sum. It is agreeable and pleasant to take, acts as a mild aperient, always keeps the bowels free, imparts vigor and strength to the system, and cheerfulness to the mind, and a few bottles removes the most inveterate cases of Dyspepsia or Indigestion, and prevents a return at any future period.

New York, 17th August, 1838.

Sir—In consequence of leading a sedentary life, I have been troubled, in the or less, with Indigestion for ten years; for the last three years my suffering have been insupportable. I have tried several physicians, and a number of quack medicines, without deriving any benefit. I despaired of ever obtaining any permanent relief, and resigned myself to the utmost hopeless despair, was persuaded by many friends to try Abernethy's Dyspeptic Elixir. I have now finished the fourth bottle, and know not how to express my sensations of its wonderful virtues and the miracle it has performed in restoring me to that health which I thought lost forever. Send me half a dozen bottles as soon and express my thanks for the blessings you have conferred by restoring me to perfect health.

I remain yours,

JCOB MONROE.

HAYS' LINIMENT.—No Fiction.—This extraordinary chemical compositions, the result of science, and the investigation of a celebrated medical man, the introduction of which to the public was invested with the sobriety of a deathbed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr Gridley's last confession, that it he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first, and most certainly for the cure of the Piles, and so extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints:

For Dropsy—Creating extraordinary absorption at once.

All Swellings—Reducing them in a few hours.

Rheumatism—Acute or Chronic, giving quick ease.

Sore Throat—By Cancers, Ulcers or Colds.

Croup and Whooping Cough—Externally, and over the Chest.

All Bruises, Sprains, and Burns—Curing in a few hours.

Sores and Ulcers—Whether fresh or long standing, and fever sores.

Its operation on adults and children in reducing inflammatory swellings, in loosening congested tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles, is "it acts like a charm."

THE PILES.—The price, all is refunded to any person who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents, and out of many thousands sold, not one has been unsuccessful.

We might insert certificates to any length, but assure that those who sell this article, should exhibit the original to purchasers.

CAUTION—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents.
