MEDICAL.

CANCERS.

DR. W. C. COUDEN,

Formerly of Cincinnati, has located permanently in

Terre Haute,

Rooms over Coe's Drug Store.

Dr. Coudon

will devote special attention to the treatment of Cancers and Cancerous affections.

In calling attention to my Cancer Antidote, a new discovery for Cancer, permit me to say that it is the most wonderful discovery ever made in medicine. It is the great desideratum so long sought for by the Medical Profession and the afflicted with cancer. Its operation is truly astonishing, without a parallel, and is the only known antidote to cancer, and all cancerous affections, the modus operandi of the antidote is apparently by entering into the chemical composition of the cancer, cancerous, malignant or unhealthy growth, thereby removing all life and vitality, antidoting, killing and destroying the cancer, every particle root and fibre belonging to it, without pain or the use of the knife; without caustic eating or burning; without the loss of blood, or in the least affecting the sound flesh. It can be applied to the naked eye or an open wound, as easily and freely as water. By this means large cancers can be removed from vital parts, the eye, large blood vessels, &c., where no other treatment could possibly be used; and in doing so we feel assured of making permanent cures when all other treatment fails. The medical fraternity and all interested are invited to call, and will exhibit a large number of cancers that I have done removed and preserved, and if desired will refer to hundreds of cases cured throughout the country.

Consumption, Asthma, Bronchitis, Pharyngitis and all affections, treated by inhalation, or otherwise. Particular attention paid to all diseases of the Eye and Ear, such as partial blindness or deafness, stitches or sensation of chloroed, a sure and never failing remedy for Fits and Apoplectic Diseases.

SCROFULA, RHEUMATISM AND LIVER COMPLAINT.

Treated with success. Eruptive diseases, such as tetters, ringworm, scald head, scaly syphilis, syphilitic affections, mercurial diseases, dyspepsia and indigestion, orieuplus gytro, or swell neck, and all affections of the Kidneys and Spine will receive due attention.

Also a new and successful remedy for removing tape-Worm; and all other varieties of worm found. The public and regular professionare invited to call and examine my specimens of cancer

Piano Repairing AND Tuning.

HAVING JUST RECEIVED A full assortment of all kinds of material in Piano making and repairing, I am now prepared to overhaul Pianos and Melodeons, and warrant all work to give satisfaction. As it has been reported by some persons that there was no one here to do repairing, I would state that I have served a full apprenticeship in a Piano manufactory. I am also fully prepared to repair all other kinds of Musical Instruments in the most approved manner.

As the only workman in Terre Haute, all those having instruments needing repairs will do well to call.

Pianos tuned on short notice, also engagements made by the year.

Remember an instrument placed in the care of a workman can be preserved for many years longer, as the action of an instrument requires equally as much attention as the tuning.

CALL FOR A CIRCULAR DESCRIBING ALL SYMPTOMS.

Symptoms.

The symptoms of Catarrh as they generally appear are at first very slight. Persons first they have frequent attacks, and are more sensitive to the changes of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acrid, afterward becoming thick and adhesive.—As the disease becomes chronic, the discharge are increased in quantity and changed in quality, they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of the smell is lessened or destroyed. Deafness frequently takes place. Another common and important symtom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick or slimy mucous, which has fallen down from the head during the night. When this take place the person may be aware that the disease is on its way to the lungs, and should lose no time in arresting it.

The above are but few of the many Catarrh Symptoms.

A Single Bottle will last a month—to be used three times a Day.

TESTIMONIALS.

From Hon. Thos. J. Turner, Ex-Member of Congress, from Illinois, late Speaker of Illinois House of Representatives; and Grand Master of A. F. & A. M. of the State of Illinois

PEORIA, Oct. 31, 1863.

DR. D. H. SEELYE;

DEAR SIR: In reply to your notice of the 17th inst I would say that I was severely afflicted with Catarrh for years, when I became acquainted with you and bought two bottles of your liquid Catarrh Remedy. Before I had used one bottle I was sensibly improved, and before the second bottle was finished, was completely cured. I can recommend the medicine to all afflicted with Catarrh.

Respectfully Yours,

THOS. J. TURNER.

This is to certify that in the use of Dr. Seelye's Catarrh Remedy, I experienced much relief and have heard many speak of it as being invaluable for the cure of Catarrh.

FURNACE.

PETER MARTIN'S

PATENT IMPROVED

Warm Air Furnace

For Public and Private Use

For Wood or Coal.

I. L. FRANKEN, Indianapolis

AGENT.

THE attention of the public is called to the above Furnaces, as they combine ventilating with heating qualities.

The inventor has, after years of experiments, succeeded in perfecting what he claims to be the best Furnace now in use. Among the many advantages over the ordinary furnaces, are:

The small amount of fuel required to keep it in operation.

Keeping the rooms constantly supplied with pure, fresh air, drawn from Nature's in exhaustible stock out of doors, which, by a recent improvement, purifies, thereby avoiding all dust.

Large Air Chambers, avoiding the confinement of heat in heated walls and hot-metal chambers.

Improved Water Chambers, which keep up a steady supply of moisture, which overcomes the great objection to ordinary Hot Air Furnaces.

The castings are heavy, and strongly bolted together, guaranteeing durability under any degree of heat.

Particular attention is called to the Self-regulating Arrangement of this Furnace, which has been pronounced by business men to be the

BEST EVER MADE.

☞ Every Furnace warranted to give entire satisfaction.

REFERENCES.

By permission, I refer to the following parties, where the Furnaces are in operation:

CINCINNATI, April 18, 1864.

Merth's Patent Furnace, manufactured by Peter Martin, of this city, I have no hesitancy in pronouncing the best I have ever observed. He was employed to put one in the church I now serve, last fall. We have given it a fair trial, and the whole Society unite in praising it as incomparable, superior to any thing we had ever seen. Several gentlemen of my congregation use his Furnace in their private residences, and in every case are perfectly satisfied. I can not take time minutely to describe this Furnace. I will just say that it burns less coal, and gives a greater volume of heat, than any furnace I am acquainted with, and is free from smoke, dust and impure air.

MT. NOTRE DAME, READING, O., Nov. 20, 1861.

Mr. Martin—This is to certify that we tried the Furnace you built for us, and are satisfied with it. Our rooms are simply heated. Yours, respectfully,

SISTERS NOTRE DAME.

I bear testimony to the above, having used the same Furnace all last winter, and am fully satisfied with all its arrangements. M. L. LEOPOLD,

CINCINNATI, April 1864.

Having tried the experiment of warming our place of business by steam, at a very heavy expense, and without satisfactory results, we ordered the apparatus taken out, and had, what we supposed to be, a good Hot Air Furnace put in the place, but was still unable to warm it so as to be comfortable. Upon a more thorough investigation of the whole subject of house warming, we ordered the furnace to be removed and one of the Atmospheric Purifying Warm Air Furnaces, manufactured by Peter Martin, Esq., put in the place, and we find that in the coldest weather inside is our climate, we have had no difficulty in keeping every part of our rooms warm and comfortable. We would advise our friends to profit by our experience, and save themselves great inconvenience and expense by ordering these invaluable furnaces direct from the inventor and manufacturer.

CINCINNATI, April, 1864.

I regard the Warm Air Furnace invented and manufactured by Peter Martin, Esq., of this city, as far superior to any other house warming apparatus with which I am acquainted. It will produce a greater quantity of heat from a given amount of fuel, than any other in use. A bucket half full of coal with some ashes from the cooking range, will keep the house warm a whole day.

Having used, during the past winter, the Hot Air Furnace manufactured and put up by Mr. Peter Martin, I willingly testify to the very general satisfaction it has given me.

The Warm Air Furnace manufactured and put in St. Anthony's Church, on Budd St., near Cass, by Peter Martin, Esq., does all we expected it would. It affords a full supply of warm air, does not throw out any dust, gas, or smoke; besides, the cost to us is very small.
