Flight of Baez from San Domingo.

ST. THOMAS, January 4.—A French man-of-war arrived here this morning, bringing ex-President Baez, of San Domingo, as passenger. When the revolutionists appeared before San Domingo, Baez, seeing that resistance was useless, entered into convention with General Gonzales, the supreme chief of the revolutionists, stipulating that he should be allowed to leave peacably, and that his friends should be permitted to remain in the country unmolested.

This was agreed to, and the revolutionists entered the capital amid exclamations of the people. The country is tranquil. Business continues as usual. Gonzales denies having given any orders affecting the Samana Bay Company. On the assembling of Congress the matter of the lease will be calmly discussed.

Haytien Rebellion Suppressed.

JACMEL, January 1.—The insurgent movement near Port-au-Prince has been suppressed and the leaders arrested. A serious disturbance is feared at the coming presidential election.

Agassiz' Will.

BOSTON, January 9.—Professor Agassiz, in his will, bequeaths to his son Alexander all the scientific books he may select from his library, with the request that when he has finished with them he will add them to the rest of the library, which is given to the Museum of Comparative Zoology, at Cambridge. All the rest of the estate is bequeathed to his wife.

Destroyed by Fire.

SALT LAKE, January 9.—It is reported here that Helena, Montana Territory, is nearly destroyed by a fire which commenced this morning in Chinatown, and swept away nearly the whole of the city. The International and Cosmopolitan hotels, First National Bank, and every frame building on Main street, also the St. Louis Hotel, have gone. The office of the Western Union Telegraph Company was also destroyed. A strong wind was blowing at the time and nothing could stop the progress of the flames.

The Virginia Senatorship.

RICHMOND, January 9.—The session of caucus of Conservative members of the Legislature to select a candidate for the United States Senate, which commenced last night, was resumed to night. No nominations were made and balloting commenced, each member voting as he saw fit when his name was called. Ten ballots were taken with varying results.

On the first ballot twelve names were voted for. Lieutenant Governor Withers led the list in all the ballots, the last of which was narrowed down to five names and resulted as follows: R. E. Withers, 28; R. M. Hunter, 26; John Goode, 25; A. H. H. Stuart, 25, and Robert Ould, 20.

At one o'clock the caucus adjourned till to morrow.

The Virginius.

Captain W. D. Whiting, Lieutenant Amiry, Assistant Engineer W. H. Harris, of the navy, and M. P. Hardy, special correspondent of the New York *Tribune*, arrived here to-night from Key West, en route for Washington, to appear before the commission to investigate the sinking of the Virginius.

MONETARY.

OFFICE OF THE DAILY REPUBLICAN,
FRIDAY EVENING, January 9, 1874.

The money market is steadily becoming easier. The offerings at the banks continue of liberal extent, indicating an active movement in trade, but all good business paper is readily accepted. We also notice a falling off in the supply of first class commercial paper on the street. At the same time a fair amount of business is doing in short loans on collaterals at rates leaning still more to our inside figures. We continue to quote street rates for first class paper, accompanied by unexceptionable collaterals, at 1@1½ ⅌ cent ⅌ month; At without collaterals at 1½@—, and second grade at 2@3. First class mortgage paper continues to rule at 10 ⅌ cent ⅌ annum, and second grade at 11@12.

COMMERCIAL.

FRIDAY EVENING, January 9, 1874.

COTTON—The sales to-day (not including 50 and 700 additional yesterday), summed up 9250 bales, partly at previous rates, but mostly at stiffer prices, closing at an advance of ⅛@¼c. We adjust our quotations accordingly, and give also the Exchange figures as below:

	General quotations.	Exchange quotations.
Low ordinary	9½@10	10
Ordinary	11 @11¼	11¾
Strict ordinary	12⅝@13	—
Good ordinary	13¾@14	14

Good middling	17⅝@17¾	Nominal.

The market opened with an active demand, which embraced nearly all descriptions, and a liberal business was done during the morning, partly in the lower grades at previous rates, but mostly in the better qualities, which sold in some instances at yesterday's prices, leaning to outside rates, and in others at an advance of ⅛c, after which the movement became still more animated, resulting in sales to the liberal amount noted above, closing at the advance stated. Low ordinary to ordinary sold at 10¼@11c; strict ordinary at 12⅝ and 12¾c; good ordinary at 13¾, 13⅞ and 14c; good ordinary to strict good ordinary at 14⅜c; strict good ordinary at 14½c; low middling at 15⅜ and 15½c; strict low middling at 15⅞c, and middling at 16⅜c. The supply was less copious than yesterday, and the assortment decidedly unsatisfactory. Clean, even running lots are becoming scarce and command much fuller prices than the general run of the offerings, and mixed, stained and dusty cottons can not be worked off unless at some concessions. Under the competition among buyers, however, to-day, nearly all kinds met a ready sale at the ruling rates. The market was strengthened by an improvement of 1-16d at Liverpool, which was only partly neutralized by a decline of ⅛@3-16c in futures at New York.

The amount on shipboard not cleared, going on board and engaged for shipment was set down at the opening this morning at 129,500 bales, embracing 59,000 for Liverpool, 33,000 for Havre, 1500 for the Mediterranean, 6000 for Spain, 6000 for Bremen, 18,000 for the North sea and 6000 for the North, which, when deducted from the stock on hand by our running statement last evening, leaves 132,000 bales to represent the quantity at the landing and in presses unsold or awaiting orders.

The Exchange reports: "Sales 3600 bales, including 1100 after 3 P. M. yesterday. Demand active." Its quotations are advanced ⅛c for good ordinary, low middling and middling.

The sales of the past three days sum up 32,850 bales, including 100 not reported until today, (11,500 on Wednesday, 12,500 yesterday and 9250 to-day), making, with the addition of 1150 bales to Tuesday's report, an aggregate for the week of 56,600 bales, against 49,000 last week and 47,000 the week before.

Week's receipts 52,827 bales, embracing 3955 from other delivery ports (of which 2173 from Mobile and 776 from Texas), and 48,872 proper, against 72,267 proper last week and 49,192 last year. Total proper since August 31, 613,479 bales, against 592,975 last year—increase 20,506.

The week's exports comprise 67,734 bales, embracing 21,875 to Liverpool, 236 to Southampton, 22,335 to Havre, 2968 to Antwerp, 5003 to Bremen, 2411 to Barcelona, 1206 to Genoa, 2132 to Boston, 515 to Providence, 2975 to New York and 8480 to Philadelphia.

The Exchange telegrams make the receipts at all the ports to day 22,559 bales against 22,290 on last Friday, and 23,842 last year, and since Friday 138,519 bales, against 169,780 last week and 131,849 last year. Total since August 31, 2,072,665 bales, against 1,855,302 last year—increase 217,363.

Exports (Friday to Thursday inclusive) to Great Britain 63,375 bales, against 59,882 last week and 71,342 last year, and to the continent 46,298 bales, against 42,649 last week and 29,984 last year.

Stocks at all the delivery ports made up to 12 M., 757,835 bales, against 776,096 last week and 512,022 last year.

To-day's exports embraced 3400 bales to Liverpool, and 8834 to Havre.

Receipts proper since last evening 3589 bales, against 21,963 on last Friday and 9629 last year, making an aggregate since Friday evening of 46,872 bales, against 72,567 last week and 47,189 last year, and since August 31 613,479 bales, against 533,975 last year—increase 79,506. For receipts at all ports and week's exports, see above report.
