Light receipts have inspired factors with renewed confidence, and notwithstanding a decline of 1-16d and a falling off in the demand at Liverpool, several of them covered up their samples, preferring to await further developments to offering at the ruling rates. Under these circumstances, with light offerings and a fair degree of competition among buyers, prices have hardened, nearly recovering yesterday's falling off. The demand was quite general, twenty-one brokerage houses participating in the business. Inferior to low ordinary sold at 9¾c, ordinary at 12c, strict ordinary at 12¾c, good ordinary at 13¾ and 14c, strict good ordinary at 14¾c, strict good ordinary to low middling at 14¾ and 15¼c, low middling at 15¾, 15¾ and 15½c, middling at 16¾, and strict middling at 16¾c.

The Exchange reports: "Sales 7000 bales, including 3350 after 3 P. M. yesterday. Demand active. Market firm." Its quotations are unchanged.
