HAVE YOU TRIED

THE

WESTERN FAMILY REMEDIES.

PUT UP BY

A. LANGWORTHY,

FINDLAY, OHIO.

THEY ARE THE

AROMATIC VEGETABLE CATHARTIC PILLS,

—THE—

AROMATIC FEVER AND AGUE PILLS,

AND THE

EXCELSIOR EYE BALM.

SOLD BY DRUGGISTS EVERYWHERE.

DO YOU DESIRE HEALTH?

THEN READ A WORD

BEFORE YOU THROW THIS DOWN AS WORTHLESS.

It is a fact well known to all our Western citizens, that the miasma that is constantly presentin the air of this rich western country, and the changes which occur so frequently, from heat to cold, give rise to endless forms of disease, and it becomes an important inquiry then to us, what we can do to prevent these sudden attacks, to which we are so liable? An old saying is, "an ounce of prevention is worth a pound of cure," and in nothing is it truer than in this.—for in however many forms we are attacked with illness, the primary cause is nearly the same. We catch cold, or, perhaps, the pores of our body become closed and the refuse matter which is generally thrown out of the system by sensible or insensible perspiration, remains in it and clogs it up, and the consequence is that the inward functions of the body cannot perform their duty, any more than a watch can, the cogs of whose wheels are filled with dirt. Every part of our bodies demands its different element from the food, and the part our stomachs take it to eliminate each parte, and feed them in their proper direction; when our system is fully open, this is well and beautifully done, and such parts of our food as are not needed, are thrown out by perspiration, and the natural outlets of our bodies.—but when cold, or any other cause, stops these outlets, this offal (if we may so speak,) remains in the body; and Fevers, Rheumatism, Jaundice, Liver Complaint, Ague, Neuralgia, &c. &c., occur. What then shall we do? the answer is easy—cleanse the system thoroughly, restore these natural outlets and we are free. When shall we do it? Shall we wait till the disease becomes set upon us? No, let us take

A SIMPLE VEGETABLE REMEDY,

immediately when the first symptoms commence.

NO CALOMEL! NO POISON!!

but a good physic, composed of the healing plants Nature has herself provided. This you can find in the

AROMATIC VEGETABLE CATHARTIC PILLS,

PREPARED BY

A. LANGWORTHY, FINDLAY, O.

We compound them from a Western experience—we know what you want, because we want them ourselves. Then when that Dull Headache, Pain in the Back or Limbs commences, when in short you feel your system getting out of order,

GO RIGHT TO WORK,

take enough to cleanse your system thoroughly, then take them along for a while to keep your bowels open and regular, and you will thank us for compounding them.

It may be that you have neglected yourself so all you have Fever and Ague, Chill Fever, Dumb Ague—either Acute or Chronic—then procure a bottle of

"LANGWORTHY'S AROMATIC AGUE PILLS,"

use them according to directions, and break up the disease; if you have had it a long time, use the Physic Pills, to keep your system regular, and

DO YOUR SUMMER'S WORK.

These Ague Pills are compounded for those who are tired of taking Quinine, Arsenic, or any poison. We warrant them entirely compounded from the Vegetable Kingdom, and offer a reward of $1,000, to any one who will detect any Mineral in any Medicine we advertise as Vegetable.

These Pills were compounded, and first used in the fall of 1855, during the great prevalence of Bilious diseases—were compounded on the ground where the disease prevailed, and not where they theories about it (as is the East,)—it was gotten up when Quinine, and the other Medicines failed, and was warranted to cure, and not one in a dozen bottles failed—it is the

PEOPLE'S REMEDY!

It is not gotten up with miraculous powers; but it will cure

FEVER AND AGUE,

AND ALL FORMS OF BILIOUS DISEASE SAFELY AND SURELY.

There are some cases where the system is so full of disease, that nothing but a thorough toning over will do any good, and in these cases, this Remedy proceeds to do it—in such cases nausea is produced, (in the common dose,) but persons can avoid this by doing the whole slower, and taking small doses, and a longer time to cure.

In some cases, where the Liver is torpid, the patient will have one or two Chills after commencing the Medicine; but as soon as the Pills are fairly taken up by the stomach, and the system is under its influence, the Chills must stop. In any case where it is desired to stop a sickness at the Stomach, she, is produced by these Ague Pills, a dose or two of Peppermint Essence will relieve.

Look out for your appetite, after being cured by these Pills, or you will overeat.

One bottle will BREAK the Ague upon four or one person, but to fairly cure should all be taken by one.

We would also call your attention to the

EXCELSIOR EYE BALM,

FOR ALL DISEASES OF THE EYE OR EYELID, UPON PERSONS OR HORSES.

Inflammations, Films, Ulcerations, Weak sight, and all forms of Diseased Eyes are cured so rapidly, that where it is best know it is considered almost MIRACULOUS in its healing influence. A Physician from Indiana writes:—

"Your medicine has given PERFECT and EVERLASTING RELIEF in every case."

One Drug House that has sold the past season, over NINETY HUNDRED BOTTLES says it did not fail in a single instance.

An old Horse Jockey, who has handled horses all his life, says:—

"If your Eye Balm, with a little Bleeding and Physicking, where the system is too full, will not cure, they may give up the Eye."

One lady, who had been deprived of sight in one Eye, by a film over it for six years says:—

"After thirty Physicians had prescribed, without any good done me, your Medicine is performing a cure."

Candidly and honestly, will you deprive yourself of good remedies, because some, would be wise-acres cut Quackery—or you will try one box of our

FAMILY MEDICINES,

and be healed of your Diseases. We do not put up our Eye Balm for anything but sore Eyes and Eye Lids; but if you have it in the house, you need not suffer with Sore Mouth, or Ulcers upon any part of the body, for it is a healing in all such surfaces, that it will CURE THEM QUICKER, than anything else. Apply it, if you wish, with a quill feather, to the sores, once, twice or three times a day, as you deem necessary.

TO THE SICK.

September and October Appointments.

D. H. TUBBS,

A SALUTIC PHYSICIAN, will be in attendance at TIFFIN, at the Shawhan House, Monday, the 28th day of October.

NORWALK, at American House, Tuesday, the 29th day of September, and Friday, the 23d day of October.

FREMONT, Kessler's American, Friday, the 11th day of September, and Saturday, the 24th day of October.

BUCYRUS, McCoy House, Tuesday, 29th September.

The Sick and Afflicted are invited to call.

PHTHISIC OR ASTHMA.

The statement given this month, will be read with deep interest by all who have endured the inexpressible terrors of Asthma. It certainly does a personal service to those who have suffered that unutterable misery, but cannot cure.

HOMER TT., Crawford Co., O., July, 27.

Dr. Tubbs—Sir: Since childhood I have been afflicted with Phthisic or Asthma. My mother before me suffered from the same disease. As I grew older it became worse, the paroxysms frequent and more severe, protracted and severe, especially so during the winter season. At all times a little more than ordinary exertion caused a violent cough and great oppression in breathing.

While the paroxysms lasted there was a distressing cough, and a constant agonizing struggle for breath, being, at times, apparently upon the verge of suffocation. Very little sleep could be obtained at such times, and that very little while sitting in my chair. Two years ago I was induced by the statement of a lady whom was cured of asthma, to make one more trial. I had little faith at that time, partly because I had so often been disappointed, and partly because others said I could not get well. The treatment was pursued under circumstances most unfavorable, having the care of sick friends, yet I have been not only fully relieved of all symptoms of asthma, but of other affections accompanying. I have no cough now, breathe freely, rest well, and have good strength.

Yours truly, SUSANA W. QUAINTANCE.

QUINN'S

ICE CREAM SALOON,

TUITION FEE IN ADVANCE.

For entire Mercantile Course, time unlimited . $40
Single Course, for Ladies 25
Twenty Lessons in Practical Penmanship, simply . 5
For full course in Phonography, etc., as per agreement.

N. B. For particulars send for Catalogues and Circulars.

THE COLLEGIATE COURSE

which is intended to embrace all branches "Purely Mercantile, but been recently enlarged, and can now be regarded as one of the most lengthy, thorough and complete ever introduced to the public in any similar institution in the United States.

BOOK KEEPING DEPARTMENT

embraces three distinct grades, viz: Initiatory, Regular and Extended Courses, and taught on Folsom's New Method, recommended by over twenty of the most reliable Practical Accountants of Cleveland.

NEW METHOD OF TEACHING

strikes at the very germinating points of the Science, revealing the great natural two-fold division of the Ledger, whereby it sees the proper line of demarcation between Real and Representative Property and the governing law of transfer, as regards its affecting the two classes of accounts, and those of the same class, in every variety of transactions, thus stripping this most useful and beautiful science of much of its time-honored mysteries made such by arbitrary and indifinite rules, meaningless forms and false notions; and hence enables the student to acquire correct notions of accounts as embodied in actual practice.

THE INITIATORY COURSE

embraces a regular progressive series of manuscript cards, classified somewhat as to the variety of transactions. It aims to develope the first principles and philosophy of Accounts, rather than mere routine and actual formula, by addressing the reason and judgment of the student, who studies with the view of apprehending and carrying at results, and so pursues an his investigations with much greater confidence, pleasure and independence.

THE REGULAR COURSE

is intended to represent every species of business, from the smallest Retail to the heaviest and most intricate of Wholesale and Commission, as well as Banking, Railroading, etc., demanded at present by our vast and constantly increasing Commerce.

THE EXTENDED COURSE

embraces lengthy, practical sets from the various Business Firms, and is designed for such students as may wish to spend longer than the time required by the Regular Course, (and that gratuitously,) preparatory to entering some Special House.

By taking in addition the Extended Course, the student will be faithfully and profitably employed six months.

PENMANSHIP, "Practical and ornamental," in all its varieties, will be taught in the most thorough and efficient manner, by one of the best teachers in the West. Besides the usual method of teaching Business Writing, the Chirographic System will also be taught. The system, so popular and recommended by our best educational men, is now taught in the Public Schools of Cleveland, Columbus & Toledo. Many other schools are open for good teachers of Chirographic, as soon as they can be qualified.

DAILY LECTURES on Practical and Theoretical Book-Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Computation, Commercial Calculations, Mercantile Customs, Banking, Exchange, Commerce, Railroading, Commercial History, Business Correspondence, Penmanship, etc.

The New Hall of Rooms, of this College, occupies the finest location in the city, situated as they are on the corner of the Public square and Superior street, affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, surpassing in beauty and convenience, perhaps those of any similar institution in the Union.

The LADIES' COURSE is the same as that of the Gentlemen, affording equal facilities to all ladies who may wish to avail themselves of the Commercial Course.

The Principal having an extensive business acquaintance is enabled to secure good situations for many of his graduates.

March, 6th, '57-1y.

DENNAL SURGERY.

Dr. C. C. Beilharz, Surgeon Dentist,

WOULD respectfully announce to the Citizens of Tiffin and public generally, that he may be found in "COMMERCIAL ROW" above the Seneca County Bank, where he is ready at all times to attend to any operation connected with the teeth, from extracting a tooth to inserting an entire set on the

ATMOSPHERIC PRINCIPLE.

Particular attention paid to regulating children's teeth.—Teeth inserted on Gutta Percha, if required. Dr. Beilharz returns his sincere thanks to his numerous friends and the public generally, for their liberal patronage during his fourteen years' practice among them, and flatters himself that by diligent attention to business, keeping up with the improvements of the Profession, and a determination not to be excelled, He may continue to merit their confidence and patronage. Call and have your decayed teeth filled and save the expense of a new set.

All operations warranted. Terms moderate.

Tiffin, Nov. 19, 1856. tf. C. C. BEILHARZ.

T. KINGSFORD & SON'S

PURE

OSWEGO STARCH,

(FOR THE LAUNDRY.)

HAS established a greater celebrity than has ever been obtained by any other Starch.

This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established. The production is over 50 Tons daily, and the demand has extended throughout the whole of the United States, and to foreign countries. Working three on a very large scale, and under a rigid system, they are able to secure a perfect uniformity in the quality throughout the year. This is the great Desideratum in Starch-making, and is realized now for the first time.

The very best Starch that can be made, and so OTHERS, is always wanted by consumers, and this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the last 27 years, and during the whole of the period, the Starch made under his supervision has been beyond any question, the best in the market. For the first 17 years, he had charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of Corn Starch.

☞ ASK FOR KINGSFORD'S STARCH, AS THE SAME OSWEGO HAS BEEN RECENTLY TAKEN AT ANOTHER FACTORY.

☞ It is sold by all of the best grocers in nearly every part of the country.

T. KINGSFORD & SON'S

OSWEGO CORN STARCH,

(FOR PUDDING, &C.)

Has obtained an equal celebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Bermuda Arrow Root, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.

He that hath Eyes to See Let Him See,

Dr. J. SNYDER.

OCULIST.

IS still on hand and ready at all times to wait on the afflicted with diseased eyes. Thankful for the encouraging liberal patronage he has received during the few months of his residence in Tiffin, he would respectfully solicit a continuance of the same. From his unusual success in treating the numerous persons who have been under his care from this place and various parts of the State, he feels renewed confidence in solicitting the patronage of the public. He has in many cases

RESTORED THE BLIND TO SIGHT,

And hasly diseased eyes to a healthy condition during his short residence in this place.

Dr. Snyder has also paid particular attention to scrofulous diseases which he has treated with unparalleled success.

Dr. S. could refer to many cases at a distance, but deems unnecessary, and willonly insert a letter from Mr. P. Boyles of Carey, and will refer to a few only of the many cases that have been benefited in the vicinity.

CAREY, June 28th, 1856.

Dr. J. SNYDER.—Feeling myself under the highest obligations to you for the benefit I have received under your treatment. After having undergone all the usual modes of treatment during the last 18 months, without the least apparent benefit, and having almost lost the sight of my eyes, and being left in a very unhealthy condition, my case being given up as a hopeless one by my former doctors, after which, in the course of 3 weeks my eyes were restored to good sight and to a healthy condition, under your new mode of treatment.

Therefore I take great pleasure in expressing my sense of gratitude, and you are authority to use this for the benefit of the afflicted Public. Yours truly, P. BOYLE.

Mrs. PETERMANNER, of Tiffin, for four years was almost disqualified for any kind of business; had quite lost her sight, but on application to Dr. S. has been restored so that she is able to do any kind of business.

Also—HENRY WALTER of this place (Fort Ball) was afflicted with very bad diseased eyes and obstruction of the cornea, and applied to Dr. Snyder and was soon restored to a good sight and to a healthy condition.

PHILIP EARCH, of Tiffin city, was afflicted with a remarkable bad case of opthalmia, could not leave a dark room for some weeks; on application to Dr. S., his eyes was soon restored to a healty condition.

Mr. E. G. LEUBANNER, Tiffin, was afflicted for five years with very bad diseased eyes and almost blind; applied to Dr. S. and has been restored to sight, and his eyes to a healthy condition, so that he is qualified to do any kind of business.

Also—G. W. BLACK, son and daughter of G. W. Black of Tiffin, with remarkably bad cases of opthalma, which had baffled the skill of the physicians, which had wholly disqualified them from any kind of business. By application to Dr. J. Snyder, they have been restored to a healthy condition—are now able to do any kind of labor.

Mr. THOMAS GIBSEY, of Sandusky, City was afflicted with very bad diseased eyes; had entirely lost the sight of one of his eyes, and almost the other; applied to Dr. Snyder and is now able to do his family a useful day of Tiffin, and was soon restored to his family a useful husband and father.

Many others could be mentioned, but it is deemed unnecessary, and would only add that the mode of treatment practiced by Dr. Snyder is a recent discovery, and leaves, altogether out of use the old mode of reducing the system—purging, mortification, blistering, &c., as well as the use of the most powerful cathartics, viz: blue stone, blue or vitriol, any other thing which constrictes and disfigures the eye by contracting the muscles.

Any persons wishing further information will do well to communicate with either of the persons referred to above.

☞ No charges for examination or advice—if no benefit is received on charges will be made.

☞ Dr. SNYDER takes pleasure in saying to the public that Tiffin City is a pleasant and healthy location, and good boarding can be had from $2.50 to $3.00 per week.

Office—in G. W. Black's Block, Washington Street. Tiffin City, Ohio.

Jan. 23, 1857. (n16.)

Buy, Eat and grow Fat.

THE finest Confections, Cakes and Bread.—Toys fancy articles &c. can be found at the wholesale and retail confectionary of

W. C. Brayford,

Washington Street, Tiffin Ohio.

Families and parties supplied with the luxuries of the city on short notice.

COUNTRY MERCHANTS will do well to examine our stock, before purchasing elsewhere.

January 13th, 1854.

GAS.

AN assortment of Chandeliers, Pendants, Brackets, Pilcnis, and other fixtures, may now be seen at the Company's room in

WEBSTER HALL,

corner of Perry and Washington streets, Tiffin. Those persons who are desirous of purchasing, should not delay making their selection before the stock is diminished, and the choice less varied. As the stock is intended rather to choose from than for sale, it is indispensable to make the selection immediately, in order that they may be procured in time for the workmen to put them in their places before the 4th of July next, when it is expected the company will be ready to furnish Gas.

Tiffin, June 5, 1857tf

GALLUP'S

PIANO WARE ROOMS,

Are supplied with a variety of the best instruments, from the most popular Eastern manufactories, among which are the Aolian Attachment, together with a number of

MELODEONS

of the finest tone and finish. These instruments are all recommended by their sweetness of tone, delicacy of touch, and durability. They will be sold at the lowest rates. The musical public are respectfully requested to call and examine these instruments for themselves.

BOOTS & SHOES!

M. MARTIN,

THE subscriber, in addition to his custom made work, has just received an assortment of Eastern made work—consisting of Ladies' and Misses' Boots, Buskins, Gaiters, &c., both plain and embroidered, and every description of "Children's Shoes, both plain and fancy. All of which he will sell as cheap as the cheapest.

Long experience in the business, and having the best of workmen, warrants him in saying that his work will be lasting to wear. Particular attention paid to

GENTLEMEN'S FINE DRESS BOOTS,

Boxed, French Calf, Morocco, or Patent Leather, and on sale without a perfect fit. Thankful for past patronage, I would respectfully ask a continuance of the same. All work sold, whether Eastern or Home-Made, warranted, and rips repaired gratis. Call and see for yourselves.

M. MARTIN,

jun13-6m Main street opposite Seneca County Bank.

WATER LIME.—"Kanawha Cement" can always be found in quantities to suit purchasers at the Earlham Warehouse.

Also "Lagport Cement," warranted when properly used.

Ditch Notice.

TO Stephen Charles, James McCleary, Calvin Hammond, Henry Smith, David Stokes and Timothy Baker, owners of land in Pleasant township, Seneca county, and State of Ohio, and non residents of said county, you will take notice that on the 12th day of Oct., a.D. 1857, application will be made to the Trustees of said Pleasant township, for the location and establishment of a stone culvert and ditch on the following described lands, to wit: Commencing at the stone culvert on the east 160 rod quarter post, on the south line of section 10, running thence in a north easterly direction, and along the main channel of a swale, to the west line of said section 10; thence in a north easterly and northerly direction on the west part of section eleven (11) in said township, and continuing along the main channel of the swale aforesaid, to the north line of said section 11; thence in a northwesterly direction, and through the north west corner of section two (2) in said town. hip, and continuing in the channel of the said swale, to the west line of said section two (2) and thence continuing in the direction last aforesaid, through the north west corner of section three (3) in the township aforesaid, and in the channel aforesaid, to the south line of the county aforesaid. And commencing at or near the southeast corner of section twelve (12) in the township aforesaid; thence running in a northwesterly direction to the west line of said section twelve (12,) and thence continuing in said northwesterly direction through the north-east corner of said section eleven (11), and near the north-east corner of said section two (2), and to intersect and connect with the ditch herein above described.

And that on the 19 day aforesaid the said trustees will proceed to cause the said ditches to be located, and surveyed and set apart to each person interested in the same, such portion thereof to be opened, as shall be deemed right and just by them, pursuant to the statutes in such case made and provided.

TIFFIN

WOOLEN FACTORY

THE subscribers would respectfully inform the citizens of Seneca county, that they are prepared as usual, to

Card Wool into Rolls,

and to Full Color and Finish Cloth.

Having made arrangements with the proprietors of the Springfield Woolen Factory, we will receive

Wool,

to manufacture into Cloth, Cassimere, Satinet, Flannel, Blankets, &c., by the yard, or on shares. We will take wool to manufacture by the yard, at the following prices:

For lb. wool, and 37 1-2 cents, we will make one yard of Satinet.

For 1 1-4 lbs. of wool, and 40 cents, we will make one yard of Cloth or Cassimere.

For 11 lbs. wool, and $5.00, we will make one pair of Blankets.

For 14 ounces wool, and 37 1-2 cents we will make one yard of Plaid Flannel.

For 14 ounces wool, and 25 cents we will make one yard of White Flannel.

Or we will take WOOL to manufacture on the shares, as follows:

2 pounds of wool for one yard of Satinet.
1 1-2 pounds of wool for one yard of Cloth or Cassimere.
2 pound of wool for one yard of Plaid Flannel.
1 1-2 pounds of wool for one yard of White Flannel.
21 pounds of wool for one Pair of Blankets.

We shall have on hand an assortment of the above named Goods, likewise Indigo Blue Mixed Stocking yarns to sell at the same prices as sold at the Factory at Springfield, Ohio.

We Will also Pay Cash for Wool.

We ask the Farmers and others wanting such goods, to call and examine them, as the goods will recommend themselves.

N. B. All work warranted to be done in a workmanlike manner. LOOMIS & BROWN.

Tiffin, O., May 15, 1857-6m.

THE EXCELSIOR!

CORN AND COB MILL

Invented by Charles Leavitt, and Patented on the 27th of Feb. 1855.

For Sale by J. M. NAYLOR,

TIFFIN, OHIO.

The above Mill has the most valuable improvements in portable Corn Cob Mills, and is adapted to the various Grinding and Crushing purposes for feeding all kinds of Stock. Which system of feeding is now required and found profitable by experience.

THE ADVANTAGES THIS MILL HAS OVER OTHERS.—1st That the grinders are inserted on movable rings, which are cast of hard metal and when worn out can be replaced by new rings, in five minutes, for the small sum of three dollars.—Also, this mill can grind faster than any other Corn and Cob Mill offered for sale. This Mill was awarded

THE FIRST PREMIUM AT THE OHIO STATE FAIR, of the present year (1855) in a fair trial with the Little Giant, Star, and all other Mills brought in competition. The Excelsior Mill will grind from ten to fifteen bushels hourly, according to the degree of fineness, and can be worked by one or two horses.

Nov. 30th 55. J. M. NAYLOR.
