Seneca County Lands at Private Sale.

AS AGENT for Dr. H. H. Stelnet, I offer at private sale the following described farms:

First—The Farm on which Jacob Omstick resides, adjoining the City of Tiffin, and on the Plank Road leading from Fremont to Upper Sandusky. This Farm contains three hundred and eleven (311) acres, about one hundred and eighty of which is cleared and under good tenantable cultivation, and in quality is not surpassed by any in the county, being mostly River bottom; the remainder is heavily timbered and all under fencing. The Sandusky River forms part of its Eastern boundary.

The improvements consist of a good Log Dwelling House, New Frame Barn with granaries, corn cribs, wagon sheds, and other necessary out buildings, and a well of water in the yard. On the farm is a good bearing orchard, and two young orchards of the choicest fruit, planted four years ago. This farm, for facility of soil, location and other advantages, is one of the most desirable to be found, and will be divided, if desired, to suit purchasers.

Second—The Farm, containing 160 acres, on which Jeremiah Miller resides, in Adams township, adjoining the village of Lowell, on the Portland road, and the road leading from Republic to Green Springs, about three miles from the latter village.

Between fifty and sixty acres of this tract are cleared and under cultivation, the balance heavily timbered with black walnut, poplar and other valuable timber. The soil is mostly a black loam, and of the best quality.

It is well watered by a never-failing spring and stream.—The improvements consist of a new and substantial Frame House and other out buildings, and an orchard of choice fruit planted four years ago.

Third—A tract of one hundred and sixty acres, in Adams township, adjoining the above tract, about thirty acres of which are cleared and under cultivation, the remainder heavily timbered with valuable timber. A small stream passes through this tract, and the soil is of first quality.

Any further description of these lands deemed unnecessary, as persons desirous of purchasing will of course examine for themselves, which they can do by calling on either of the tenants above named, or on the Agent in Tiffin, at which place sales will close the premises. Terms made easy.

THE COLLEGIATE COURSE

which is intended to embrace all branches of Purely Mercantile, has been recently enlarged, and can now be regarded as one of the most lengthy, thorough and complete ever offered to the public in any similar institution in the United States.

BOOK KEEPING DEPARTMENT

embraces three distinct grades, viz: Initiatory, Regular and Extended Courses, and taught on Folsom's New Method, recommended by over twenty of the most reliable Practical Accountants of Cleveland.

NEW METHOD OF TEACHING

strikes at the very pemicious foundation of the Science, revealing the great secret, the old division of the Ledger, whereby is seen the proper line of demarkation between Realized, Representative Property and the gaudy fancy ideas of textbooks, as regards its affecting the two classes of accounts, and those of the same class, in every variety of transactions, thus stripping the most useful and beautiful science of which it is the honored mystery, of its spurious by sophistry and indefinable rules, semi-perfect forms and false notions; and hence enables the student to acquire correct notions of accounts as embodied in actual practice.

THE INITIATORY COURSE

embraces a regular progressive series of manuscript cards, which are given out in succession to the variety of transactions. It aims to develope the first principles and philosophy of Accounts, rather than mere routine and actual formula, by addressing the reason and judgment of the student, who studies with the view of comprehending and arriving at results, and so guides on his investigations with much greater confidence, pleasure and independence.

THE REGULAR COURS

is intended to represent every species of business, from the smallest Retail to the heaviest and most intricate of Wholesale and Commission, as well as Banking, Railroading, etc., demanded at present by our vast and constantly increasing Commerce.

THE EXTENDED COURSE

embraces a lengthy, practical extract from the various Business Firms, and is designed for such students as may wish to spend longer than the time required by the Regular Course, (and that genuine and proprietary to entering some Special Business.

By taking in addition the Extended Course, the student will be faithfully and profitably employed six months.

PENMANSHIP, "Practical and ornamental," in all its varieties, will be taught in the most thorough and efficient, manner, by one of the best teachers in the West. Besides it cannot be taught in connection with the Chirographic System will also be taught. This system, so popular and recommended by our best educational men, is now taught in the Public Schools of Cleveland, Columbus & Toledo. Many other schools are open for good teachers as Chirographic, as rapidly as they can be qualified.

DAILY LECTURES on Practical and Theoretical Book Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Computation, Commercial Calculations, Mercantile Customs, Banking, Exchanges, Commerce, Railroading, Commercial History, Business Correspondence, Penmanship, etc.

The New Hall of Rooms, of this College, occupies the finest location in the city, situated as they are on the corner of the Public square and Superior street, affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, combining in beauty and convenience, perhaps the best of any established institution in the Union.

The LADIES COURSE is the same as that of the Gentlemen, affording equal facilities to all ladies who may wish to avail themselves of the Commercial Course.

The Principal having an extensive business acquaintance is enabled to secure good situations for many of his graduates.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the skillful physicians and the most noted Druggists in this country are so unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power in relieving all, and curing most of those diseases to which you are so frequently subjected. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; yet your comfort is restored to its natural constancy and your babe is as clear and fresh as a rose and sweet (humbug) and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, pain feeling, and an indifference even in the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the acrimonious fluid of the kidneys mixes with your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back pain of the big joint when you rise, irregularity of the bowels, and also, that most excruciating of diseases, the

PILES.

AYER'S

CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

BRIDGEFIELD, MASS., 20th Dec., 1855.

DR. J. C. AYER: I should hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess more the virtues for the treatment of these complaints. REEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I thought sooner pay twenty five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, MISS., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough*, Croup, and the chief diseases of children. Your generosity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., NEWTRY, IL., writes, 31 Jan., 1856: "I had a tedious Influenza, which confined me to doing six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: YOUR CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

J. A. RAMSEY, M. D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been for months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily fasting, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We blest his kindness, as we do your skill, for she has received from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,

ORLANDO BILLING, of BELLEVILLE.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL.
