Run Down and Sunk.

QUEBEC, Can., June 8—The captain of the bark Towo reports that off the banks of Newfoundland, on May 16, at 9 P. M., it being very dark and a thick fog prevailing, he ran into a two-masted vessel with no sails set and no lights burning. He heard the cries of the people on board at the time of the collision, and put back twice in hopes of finding the crew, but failed. The sea being very high and the night dark, he could not lower the boats. The captain says he had a lookout at the bow, and one on each side. The opinion is that the vessel sunk at once.

A Rough Fight with Horse Thieves.

ST. LOUIS, June 8—The *Globe-Democrat's* Topeka special says while Deputy United States Marshal Ramsey and party were attempting to arrest two horse thieves at Stockton, Kansas, yesterday, one of them shot Ramsey in the abdomen and he died in about an hour. After being shot Ramsey killed the man who shot him. The other one escaped.

A Fight with Gamblers.

INDIANAPOLIS, June 8—At a colored picnic at Franklin, Indiana, to-day, the city marshal and deputies attempted to arrest two negroes, Tate and McCloud, for gambling, whereupon Tate drew a revolver and fired on them, one shot striking Deputy Marshal Hayes in the breast, and the other striking a bystander in the foot. The negroes then made their escape, but were afterwards arrested and killed. It is thought Hays will die.

NEW YORK, June 8, Evening—The *Post's* financial says: Gold opened at 117, sold at 116⅞, and has since ruled at 117@117¼, on gold loans the rates have been flat, and 1@1½ and 2 ⅌ cent for carrying. MONETARY AND COMMERCIAL.

MONETARY.

NEW ORLEANS REPUBLICAN OFFICE,
TUESDAY EVENING, June 8, 1875.

We have no material change to notice in the money market, which continues to manifest a moderate degree of activity, with a good demand for money and fair offerings for discounts both at the banks and on the street.

Stocks continue extremely dull. The few transactions reported indicate no material change in quotations, and the market presents no feature of special interest.

Bonds were less active to-day. The movement in new State consols and city bonds was limited, and the market rather weaker.

City scrip and Metropolitan Police warrants are quoted rather lower.

With regard to city finances, the ordinance for the lease of the Water-works, introduced at the meeting of the Council to-day, and referred to committee of the whole, authorizes an advertisement for sealed bids for the lease of the works and franchises for fifty years, the lease to be paid in bonds or coupons—$1,000,000 at the signing of the contract, and the balance in fifteen equal monthly installments.

The petition filed to-day by the Louisiana State Lottery Company, under which a temporary injunction was granted, restraining and enjoining the city administration from carrying out the Premium Bond fund scheme, or execute the ordinance adopted on the first of June, had not produced any noticeable effect upon the market at the close. The petition claims that the scheme authorizes a series of lotteries for fifty years, and is in violation of the act of the Legislature of 1872, granting the petitioner the sole and exclusive right to establish or authorize a lottery or series of lotteries in this State for the term of twenty-five years from January 1, 1869.

The general sentiment seems to be in favor of determining as promptly as possible whatever doubts may be raised as to the legality of the measure.

We continue to quote first class sixty day paper and collateral loans at 8@9 ⅌ cent ⅌ annum, A1 do at 10@12, and second grade at 15@18. First class mortgages still rule at 9@10 ⅌ cent ⅌ annum, while second grade are entirely nominal.

Gold opened at 116⅝@116¾, against 117 at New York, and after a limited business, closed at the opening rates, against 116¾ in that market. The sales were confined to $19,000, comprising $1000 at 116⅝; $5000 at 116¾, and $3000 and $10,000 at 116¾.

No sales of silver were reported. American half dollars were still quoted at 108¾@109, and Mexican dollars at —@96, gold.

Foreign exchange was without quotable variation. The sales of sterling amounted to £13,000, comprising £10,000 and £3000 A1 clear at $5 67; £5000 bill of lading at $5 67@5 67½; £3000 do at $5 67½, and £2000 bank at $5 70.

At the close sterling bills were quoted at $5 66@5 67 for bill of lading and A1 clear, and —@$5 70 for bank, and francs at —@5 14 for commercial, and —@5 11¼ for bank.

New York sight is quiet, in limited supply and moderate demand at previous rates. The sales were confined to $95,000, comprising $25,000 and $50,000 private bankers' and $20,000 bank at 5-16 ⅌ cent premium. We also noticed a sale of $10,000 commercial on Providence at ⅛ ⅌ cent premium.

Very little was done in stocks. The only transaction reported being 10 shares Workingmen's Bank at —, and 25 Citizens' Bank at $40.

We noticed a less liberal movement in bonds. City and new State were without quotable variation, but hardly as strong. The sales included $2000 city seven per cent improvements at 30½, $10,000 do at —, $5000 city gold bearing seven per cents at 32, $5000 do at 32¼, $4000 do at 32½, and $10,000 new State consolidated seven per cents at 54¾.

Nothing transpired in city scrip. It was still quoted at 39½@40½.

No sales of Metropolitan Police warrants were reported. They were still quoted nominal at —@52.

No transactions were reported in State warrants. Warrants of 1874 were quoted at 40@42; 1873 and previous years, fundable, at 36@38, and do. not fundable, at —@30.

With nothing in the dispatches to have any material influence, except a further decline in futures at New York, the market appeared to be unusually quiet at the opening. The sales during the morning nevertheless embraced 600 bales, mostly at steady prices, after which, although later dispatches reported a decline of [illegible] in spots at New York, yet the demand became more general and further transactions were reported to the extent of 1400 bales, making a total as noted above of 1700. The stock is daily becoming more concentrated, and the few large holders adhere to their previous pretensions with unabated firmness. Under these circumstances the bulk of the business was at steady prices, but in neglected lots, which the holders were instructed to close out, exceptional sales were made as concessions in favor of buyers. Thus, while buyers find it difficult to fill special orders unless at full prices, sales of the kind not wanted can not be forced unless at inside rates or a fraction less.

The sales of the past three days sum up 5400 bales (1800 on Saturday, 1900 yesterday, including 50 not reported until to-day, and 1700 to-day), against 2700 for the corresponding time last week, and 1750 the week before.

Receipts since Friday evening [illegible] bales, embracing 61 from other delivery ports, of which 2 from Mobile and 59 from Texas, and 919 proper, against 1768 proper last week and [illegible] last year. Total proper since August 31 [illegible],843 bales, against 1,197,761 last year—decrease 216,918.

The exports comprise 3572 bales, embracing 2385 to Havre and 1187 to New York.

The Exchange telegrams make the receipts at all the ports from 12 M. yesterday to 12 M. to-day 1986 bales, against 2340 last week and 1223 last year, and since Friday 5979 bales, against 6566 last week and 7491 last year. Total since August 31, [illegible],997 bales, against 3,672,267 up to Monday noon, June 8, last year (excluding the above 1223)—decrease 270,270.

Exports (Friday to Monday inclusive) to Great Britain 21,787 bales, against 28,076 last week and 8235 last year, and to the continent 5446 bales, against 485 last week and 1767 last year.

Stocks at all the delivery ports made up to 12 M. 267,358 bales, against 306,933 last week and 282,175 last year.

The Exchange reports: "Sales 1700 bales, including 100 yesterday after 3 P. M. Market unchanged."
