THE COLLEGIATE COURSE

which is intended to embrace all branches "Purely Mercantile, has been recently enlarged, and can now be regarded as one of the most lengthy, thorough and complete ever introduced to the public in any similar institution in the United States.

BOOK KEEPING DEPARTMENT

embraces three distinct grades, viz: Initiatory, Regular and Extended Courses, and taught on Folsom's New Method, recommended by over twenty of the most reliable Practical Accountants of Cleveland.

NEW METHOD OF TEACHING

strikes at the very geminal roots of the Science, revealing the great natural two-fold division of the Ledger, thereby it treats the properties of demarkation between Real and Representative Property and the governing law of transfer. It regards its adjusting the two classes of accounts, and those of the same class, in every variety of transaction, thus stripping this most useful and beautiful science of unnatural distinct-bound mysteries made such by arbitrary and irrelevant rules, meaningless terms and false notions; and hence enables the student to acquire correct habits of accounts in much less time and in actual practice.

THE INITIATORY COURSE

embraces a regular progressive series of transactions, classified somewhat as to the variety of transactions. It is so to develope the fundamental philosophy of Accounts, rather than mere routine and actual formula, by addressing the reason and judgment of the student, who studies with the view of understanding and arriving at results, and so prepares his transactions with much greater confidence, pleasure and independence.

THE REGULAR COURS

is intended to present every species of business, from the smallest Retail to the heaviest and most intricate of Wholesale and Commission, as well as Banking, Railroading, etc., commonly at present by our east and constantly increasing Commerce.

THE EXTENDED COURSE

is a review together, practical review from the various Business Forms, and is designed for such as may wish to spend longer time than required by the Regular Course, and that practically preparatory to entering some Special Business.

By Folsom in addition the Extended Course, the student will be fully able and profitably employed six months.

PENMANSHIP, "Practical and Ornamental," in all its branches, will be taught in the most thorough and efficient manner, by one of the best teachers in the West. Besides a unique method of teaching Business Writing, the Ohio Celebrated Method will also be taught. This system, so approved and recommended by our best educational men, is now taught in the Public Schools of Cleveland, Columbus & Toledo. Many other cities are open for good teachers of Penmanship, as courses they can be published.

DAILY LECTURES on Practical and Theoretical Book Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Computation, Commercial Calculations, Mercantile Customs, Banking, Exchange, Commerce, Railroading, Commercial History, Business Correspondence, Penmanship, etc.

The New Suit of Rooms, of this College, occupies the second location in the city, situated as they are on the corner of the Public square and Superior street, affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, surpassing in beauty and convenience, perhaps those of any similar institution in the United States.

The LADIES' COURSE is as complete as that of the Gentlemen, offering opportunities to all ladies who may wish to avail themselves of the Commercial Course.

The Principals having an extensive business acquaintance is enabled to secure good situations for many of his graduates.

THE GREATEST

MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR,

from the worst Scrofula down to a Common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a morning sore mouth.

One to three bottles will cure the worst kind of Pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humors in the Eyes.

Two bottles are warranted to cure running of the Ears and itches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure a scaly eruption of the skin.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt-Rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM,—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the skillful physicians and the most crudite Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That monster raising disease is an affectionate mother.

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness and your babe from short and fretful naps to calm and sweet slumbers, and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains; the nutritious fluid of the canker sets up then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back pain of the hip joint when you retire, irregularity of the bowels, and often, that most excruciating of diseases, the

PILES.

How many thousands of your women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and one quality, that it will never under any circumstances, do you any injury.

No change of diet is necessary—eat the best you can get and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day. Children over ten years, dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all conditions, take sufficient to operate on the bowels twice a day.

Yours truly,
DONALD KENNEDY.

Price $1,00 per bottle. For sale by I. L. St. John & Co.; R. McD. Gibson, H. H. Snyder, J. F. Wooster, Tiffin, and by Druggists generally. de11-1r
