FLOWER SEEDS BY MAIL.
Twenty Choice Varieties for One Dollar.
THE subscriber respectfully announces that, in addition to supplying a want that has been greatly complained by Amateurs of Flowers, he has purchased from Mr. B. K. Bliss, of Springfield, Mass., an assortment of Flower Seeds, which for variety and beauty are well known in every state of the Union, to be of the most reliable characters. I flatter the following extract from Bliss' Catalogue, so that it may be seen that I sell them at exactly his prices. His assortment not only includes the choicest varieties, but selections from the best English, French, and German flower seeds. They are sold at half the price that flower seeds have been commanded in this market.
I have selected, out of his large collection of flower seeds, the most beautiful and showy varieties, each sort distinct in color, and calculated to produce a fine effect when planted out in beds or groups in the flower border. I have laid each variety carefully marked with the Botanical and English name, height, time of flowering, color of the flower, manner of growing, whether erect or trailing, &c., the time it should be sown, and other valuable hints as to its culture—in selecting these varieties, I have been careful to exclude all which are shy bloomers or have an insignificant appearance, so that the collections will comprise only those which are really showy and handsome; and which I believe would prove to the entire satisfaction of any lady or gentleman who might be disposed to order them. The collection will be sent free by post to any part of the country at the following prices:
Assortment No. 1, consists of twenty choice varieties of Annuals.....$1 00
" No. 2, consists of twenty choice varieties of Biennials and Perennials..... 1 00
" No. 3, consists of ten extra fine varieties of Annuals and Perennials, embracing many of the new and choicest in cultivation..... 1 00
" No. 4, consists of twenty choice varieties, selected from Prize Flowers of English Pansies, German Carnations, and Picotee Pinks, Verbenas, Trafaut's French Asters, and Double Hollyhocks, each of which are sold at twenty dollars per single ounce..... 1 00
Parties in ordering will please give the number of the Assortment. Remittances can be made in bank bills or postage stamps. ALEX. MACKENZIE,

PATENT
Elastic Fire and Water Proof
CEMENT ROOFING.
THE undersigned is prepared to introduce into use in Tennessee W. E. CHILLS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and asks the attention of Architects, Builders, Railroad Companies, and the public, to examine its superiority over other Roofing.
Architects and Builders
Should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot, and, as to its durability, time is its opponent.
It is pronounced by all who have seen it, to be fully imperishable, and will perfectly resist any ordinary external exposure to fire, as is fully and abundantly proven, and we will warrant it water proof. We will engage to put our Roofing on river or ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—a making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any roof of the old style, and we are sure it will give better satisfaction.
It can also be found to be the best thing ever invented to repair tin, metal or old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormer windows and gutters, where the tin is rusted through. The Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be cemented over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, steamboat decks, and in fact every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.
☞ Insurance Offices at Cincinnati, and other places where Chillis & Co's Cement has been used, insure Buildings with Roofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin.
☞ The Cement will be furnished to those at a distance with directions for using.
☞ Orders sent to the undersigned, through the Post Office will be promptly attended to.
I would respectfully refer to the following gentlemen for whom I have covered buildings with the Cement.

The Cherokee Corn Planter!
PATENTED BY ELLIS & CHARLTON, Sept. 8th, 1857.
THE only cheap, durable and efficient machine for planting corn ever presented to the Planters of Tennessee, is now on exhibition at Messrs. Armstrong & Co's, No. 69 Market street, Nashville.
The Cherokee Corn Planter recommends itself above all others, for its durability, cheapness, simplicity, and the perfect manner that it performs the following described work.
It throws out the ground to any required depth—drops the corn, as many kernels as desired, in a space of four inches diameter, mathematically in the hill—covers the hills and presses the earth, (as by the old method with the hoe) over the corn, and completes the action of each hill. With a single horse, a man or boy can plant ten to fifteen acres per day with ease.
Planters and others are invited to an examination of this machine, at Messrs. Armstrong & Co's, where it may be seen daily in practical operation.
Persons wishing to purchase COUNTY RIGHTS in this or adjoining states, by applying immediately, (as territory is being disposed of rapidly,) can do so upon such terms as will insure them a large return for the investment. Call at once at No. 69 Market street, Nashville. CHILDS & McGOWELL.

HIGHLANDER.
THIS very superior and famous Horse is located for the season of 1858, at my farm adjoining Nashville. Mares will be received from 10th of March to 10th of July at $50 each, and $1 to the keeper, after the 10th July; in all cases of failure they may be returned grain next year.
HIGHLANDER was bred by Thomas Taylor, of Sussex, in 1845, by Gladiator, sire; his dam Cassandra, a winner at all distances, by Mameluke, sire. As to his pedigree is full, pure and fashionable, and size the horse himself excites the admiration of the most critical observers.
HIGHLANDER is a rich chestnut, of excellent constitution and temper, measuring 16 hands in height, and an unusual length and stoutness of frame, coupled with surpassing beauty of form and action. As a great racehorse, HIGHLANDER is regarded, in Kentucky and Union, was, for some time, hardly equalled, having beaten, in the best style, all of his many competitors in South Carolina and Georgia, until about five years old, when he was sold for $10,000, and no more taken forth to meet other formidable rivals, wherever to be found.
In this extremely trying career, Highlander gained as large a share of success as has ever attended any race-horse, under circumstances—constantly travelling and running all distances as he did, whether in good or bad health and condition.
All who have examined HIGHLANDER and his colts freely express the opinion that, as a breeder of superior stock, for every sire, he will take rank among the most reputable horses of the country.

Claiborne's Machine Works,
NASHVILLE, TENN.
THE attention of Railroad Companies, Farmers, Manufacturers, and all persons desirous of purchasing at home good machinery, such as STEAM ENGINES, CASTINGS, of every description, GEARING, CAR-WHEELS of the most improved patterns, SAW-MILLS, PUMPS, &c., &c., are respectfully called to the new Establishment now greatly enlarged on the premises of the late Nashville Manufacturing Company. We intend to carry on the business fully as extensive as before, and shall soon be able to take orders for Machinery and Castings. We have already in operation our blacksmith shop and Boiler-yard, and shall give immediate satisfaction to old and new customers.
We are experienced Mechanics—each of us personally attending to his own department—and thus we shall be able to turn out superior work at lower rates than heretofore done in this city. We shall warrant every piece of work done at this Establishment, and give prompt and personal attention to every order left at our office; thus we hope to give general satisfaction, and be patronized by all friends of home manufacture.

MANNY'S COMBINED
REAPER AND MOWER,
With Wood's Improvement.
THIS celebrated Machine received the first premium of a GRAND GOLD MEDAL as the best combined Reaping and Mowing Machine at the great United States Agricultural Fair, held at Louisville, Ky., in September, 1857. The trial came off near Syracuse, New York, in July, where the Reaper and Mower competed in the United States were thoroughly tested. The Committee made their awards through Marshall P. Wilder, President United States Agricultural Society, at Louisville, Ky.
It also received the award as the best Reaper and as the best Mower before two separate Committees, appointed by the President of the Davidson County Agricultural Society, at Nashville, in July, 1857, over most of the machines now in use in Tennessee.
Numerous other premiums and awards were give this Machine during the last season over every Machine in America.
The above Machines are for sale by the undersigned.

Medical.

The Great English Remedy.
Thorn's Compound Extract of Copaiba and Sarsaparilla,
POSSESSES advantages not enjoyed by any other medicine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. Prepared by J. W. THORN, Chemist, London, and for sale, wholesale and retail, by JOHN A. TARRANT & Co., Agents for the United States, 278 Greenwich street, New York.
As the above valuable preparation has been extensively counterfeited by unprincipled parties in the United States, the proprietor has adopted, as a precaution against imposition on consumers, a Label, of which the following is a fac simile, and which will be found burnt in upon the bottom of each pot of the genuine intended for sale in the United States, Canadas, British Provinces, West Indies and South America.

SOLE AGENT.
FOR THE
UNITED STATES.

The stamp around each pot will also bear the names of the Proprietor and of the United States agents.
Druggists and Dealers will observe on each dozen package the following label:
IMPORTANT CAUTION.—The increased reputation and great demand for Thorn's Compound Extract of Copaiba and Sarsaparilla, have been inducements for others to offer imitations of this valuable medicine. Venders are particularly warned of this fact, that they may be on their guard, and not dispose of any impure article, calculated to injure their reputation, and destroy the merits of the original preparation, to obviate which the Subscriber (successor to James Tarrant, by whom it was first introduced into the United States) has attached his signature to this caution, to counterfeit which is forgery. Roca's Remedy for Pulmonary and Tubercular Consumption
HAVING been appointed sole Agent for the sale of HON GERONIMO ROCA'S celebrated CURE FOR CONSUMPTION, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretofore been considered an incurable disease.
I have the more readily undertaken the agency, from the fact of its extreme simplicity—being an outward application, the action of which is seemingly miraculous, and its having none of those attributes which make up the numerous compounds now in general use.
With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public
A pamphlet containing directions, testimony of distinguished individuals, and documentary evidence from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy.
These great results speak for the remedy, and publicity is only required to render it as popular as it is beneficial. Address, JAMES RIFE,
Sole Agent for the United States,
No. 341 Market street, Philadelphia.

R. R. R.
HEALTH will, in all cases, follow the use of Radway's R. R. Remedies. There are none so sick or diseased, so weak, feeble, or crippled with pain or infirmities, but that Radway's Ready Relief, Renovating Resolvent, or Regulators, as the nature of the disease or sickness may require, will quickly and rapidly cure.
These remedies consist of Radway's Ready Relief, Radway's Renovating Resolvent, Radway's Regulators. Each of
