Safety, Utility and Beauty.
New England Trace Coupling Company.
State Rights for Sale.
WE are now exhibiting this desirable invention to the public. The Patent Trace Coupling is an article which needs only to be seen to be appreciated, and universally adopted. By the Coupling the Trace is attached to the whiffletree instantaneously, without using the hands—can not be disconnected by accident is stronger and more durable than any other attachment now in use, and makes what is so desirable in a fine carriage, an excellent horse.
The Couplings are manufactured of different materials, from the common iron to the finest silver plate, and can be supplied at a lower cost than anything that is now used for that purpose, leaving a margin for an immense profit. Any person with a moderate capital can soon realize a fortune in its sale.
We are prepared to furnish the Couplings, of the different grades and costs, in quantities as desired, to those who will purchase State rights.
The Couplings may be seen at the office of the Company, where a sense of practicability may be obtained, and communications must be addressed to "THE NEW ENGLAND TRACE COUPLING COMPANY," BASEMENT No. 3 Old State House, Boston.

THE CRYSTAL OIL LAMP,
For Burning the Crystal Oil,
Combining Economy and Safety.
Patent Rights for States and Counties for Sale.
THIS important invention for producing the cheapest light in the world is now perfected and offered to the public. Numerous other attempts have been made to produce a cheap light, but were attended with such inherent objections as to destroy their utility and adoption. But the Crystal Oil Lamp, while it is the cheapest, is both safe and agreeable in every position, making a clear, white and brilliant flame—entirely free from smoke or odor. There is no danger from explosion, but is perfectly safe under all circumstances. The oil can be used in any place without fear of soiling the nicest garments. The lamps are simply arranged and perfectly controllable by the children and domestics, and so constructed that the light can be varied in a moment from that of one to eighteen or twenty sixth Mary lamps. While it is free from the disagreeable smell arising from the Kerosene and the danger attending the use of the burning fluid, it is found upon scientific comparison to produce
As much Light for ONE CENT as Kerosene will for THREE CENTS, or Burning Fluid will for SIX CENTS,
Thus saving five-sixths of the entire amount now expended, or the price of the lamp in about a month. They are adapted to all situations, making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on the lamp for the different states and counties is the most valuable in the Union, with the exclusive sale of the Crystal oil, is now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a transcendently western opposition. Facilities are completed for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style, at such a cost as will place them within the reach of all. These rights will be closed off immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights, all letters making the request will not be noticed. Communications addressed to the "Crystal Oil Lamp Co." No. 5 Merchants Row, will be promptly attended to.

Our Pianos have received a Premium two years in succession, 1856 and 1857, at the Fairs of the American Institute, Crystal Palace, in competition with most of the leading manufacturers of New York and Boston, and are unquestionably of the best quality of tone, full, round and brilliant, as well as finish and durability, and we flatter ourselves, by the approval of renowned artists, in venturing to say that our Pianos stand superior to many others, and equal to any Grand Piano in regard to volume of tone and elasticity of touch, combined with the greatest firmness, which is very rarely met with in other Pianos.

Claiborne's Machine Works,
NASHVILLE, TENN.
THE attention of Railroad Companies, Farmers, Manufacturers, and all persons desirous of purchasing at home good machinery, such as STEAM ENGINES, CASTINGS, of every description, GEARING, CAR-WHEELS of the most improved patterns, SAW-MILLS, PUMPS, &c., &c., is respectfully called to this new Establishment now growing up rapidly on the premises of the late Nashville Manufacturing Company. We intend to carry on the business fully as extensive as before, and shall soon be ready to take orders for Machinery and Castings. We have already commenced operations as blacksmiths shop and Boiler-yard, and shall give immediate satisfaction to old and new customers.
We are experienced Mechanics—each of us personally attending to his own department—and thus we shall be able to turn out superior work at lower rates than heretofore done in this city. We shall warrant every piece of work from this Establishment, and give prompt and personal attention to every order left at our office; thus we hope to give general satisfaction, and be patronized by all friends of home manufacture.

Medical.

Roca's Remedy for Pulmonary and Tubercular Consumption
HAVING been appointed sole Agent for the sale of Don Gregorio Roca's celebrated CURE FOR CONSUMPTION, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretofore been considered an incurable disease.
I have the more readily undertaken the agency, from the fact of its extreme simplicity—being an outward application, the action of which is seemingly miraculous, and its having none of those attributes which make up the numerous compounds now in general use.
With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public.
A pamphlet, containing directions, letters from distinguished individuals, and documentary evidences from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy.
These speak volumes in its praise, and publicity is only required to render it as popular as it is beneficial. Address, JAMES REES,
Sole Agent for the United States,
No. 341 Market street, Philadelphia.

HEALTH will, in all cases, follow the use of Radway's R. R. Remedies. There are none so sick or diseased, so weak, feeble, or crippled with pain or infirmities, but that Radway's Ready Relief, Renovating Resolvent, or Regulators, as the nature of the disease or sickness may require, will quickly and rapidly cure.
These remedies consist of Radway's Ready Relief; Radway's Renovating Resolvent; Radway's Regulators. Each of these remedies possesses special curative powers over certain diseases. Yet there are other diseases, wherein their combined medicinal properties are required; and when thus used, if there is sufficient life and strength within the diseased or dying body to sustain their action, the patient will be freed and be restored to health.

Constitutional Diseases.
Many diseases that afflict humanity are inherited as their looms from the diseased bodies of sickly sires. Scrofula, Consumption, Syphilis and Fits, are among the most common of constitutional diseases. Now, we care not how many generations the seeds of these diseases may have been established in the system, corrupting the blood—Radway's Renovating Resolvent will eradicate from the blood of the afflicted every particle of diseased deposits, and fill the veins with new, pure and healthy blood.

Children's Diseases.
Radway's Renovating Resolvent should be hailed as a blessing by every mother, throughout the land, whose infants are afflicted with Sores, Humors, &c. These breakings out (this early age) are evidence of disease transmitted from the parent stock. A few doses of Radway's Renovating Resolvent will eradicate every vestige of the disease and insure the child a sound and healthy body
