NASHVILLE:

TUESDAY MORNING.....AUGUST 3, 1858

NOTICE TO CITY SUBSCRIBERS.

Wishing to confine our business as near as possible to the CASH SYSTEM, we have determined hereafter to collect our subscriptions, within the city, QUARTERLY. To carry this determination into effect, we have placed our whole city list in the hands of Mr. JOHN JACKSON, long connected with our Office as Clerk, who will make the collections, and also attend to the delivery of the Papers, and see that subscribers are served punctually. We hope this arrangement will be satisfactory to all parties. Those who may desire to save them selves the necessity of making four payments during the year, can, if they prefer it, pay in advance for the whole year.

ICE CREAM SOIREE.—An entertainment of this kind takes place to-night at new Temperance Hall, Market street, for the benefit of the Elysian Grove (Methodist) Church. The congregation of that charge, have determined to erect a church that will be an ornament to that flourishing part of the city. This Soiree has been projected by the ladies to aid in raising the means for finishing the church, which we are pleased to see is rapidly progressing. The object is a most worthy one, and the occasion will certainly be attractive. Let there be a company present worthy of both.

☞ We fear our friends FISHER, WHELESS & Co., were "casting pearls before swine" when they complimented the *Union and American* folks with that old brandy. The idea that *it* might place any one in a gutter, whilst "Cincinnati strychnine whi-ky" only prompts to hiding in cellars, indicates a very *low* degree of appreciativeness. If our neighbors will come over and try "a horn" of that $15 brandy which CHARLEY HAYS left at our sanctum, Saturday, it will elevate their ideas above the gutter. Come and redeem yourselves!

☞ We take pleasure in directing attention to the card of Dr. D. F. WRIGHT in this morning's PATRIOT. The Doctor is one of the eminent Physicians that compose the Faculty of the Shelby Medical College, and has just settled in our city.

SALE OF LOTS IN TULLAHOMA—A three days' sale of lots in the pleasant little village of Tullahoma commences there to-day. This property is well situated and very valuable. Persons wishing to purchase can go up on either of the trains to-day.

FIRE.—A fire occurred yesterday evening on Crawford street, destroying the house of Mr. ALLEN, notwithstanding the exertions of the firemen, who were, as usual, promptly at hand.

☞ The August number of the "*Nashville Journal of Medicine and Surgery*" has been laid upon our table. Its contents are of a highly interesting character.

☞ A duel or street fight between W. H. CARROLL and THOS. JAS. FINNIE, of Memphis, appears to be in prospect.

A REGULAR MAN EATER.—A fishing party at Charleston, S. C., a few days since, captured a shark over 13 feet long, and on ripping him open found a sailor's pea jacket and other large articles in his maw.

WITCHCRAFT.—The Manitowac (Mich.) *Herald* states that the house of a farmer, residing in the southwest part of that county was burned to the ground on Saturday week by a company of persons, under the belief that the occupants had bewitched all the cattle in the neighborhood.

A correspondent of the New Orleans Crescent writes as follows "Here is something I saw myself: A few days since a verdant youth with his blushing bride arrived at one of the principal hotels in this city. The head of the family immediately registered his name as S. B. Jones and lady, on a *bridle tower*.' Is not this a new way to inform the public you are in the hymenial halter?"

☞ It is a fact significant of the progress of American manufacturing skill that the Birmingham (English) manufacturers imitate the trade marks of American manufactured cutlery, and sell it as imported from the United States. The London *Times* of the first June has a report of a trial of the Collins Company vs. Reeves, in which it was proved that the latter imitated all the trade marks of the former, an American company, even to the fac simile of S. W. Collins' which is stamped on the cutlery.

The RIGHT OF SEARCH question is reaching France. The *Patrie* says that several French ships on the coast of Africa having been searched by Portuguese cruisers, who suspected them of being slavers, the Marquis de Lisle, French minister at Lisbon, informed the government that if the Portuguese ships searched any more Frenchvessels, under any pretence whatever, or molested them in their "operations" north of the river Congo, the French cruisers would sink them. This menace is said by the *Patrie*, to have terrified the Lisbon Cabinet into compliance.

PRACTICES IN NICARAGUA.—Representations came to the State Department by the Moses Taylor from the American Commercial Agent at San Juan del Norte, through our Consul at Aspinwall, complaining that all the correspondence of Gen. Lamar, our Minister at Nicaragua, is opened and read in its passage up the San Juan river, either by the officials of the Nicaraguan Government or the agents of the conflicting transit companies. Not only are all public dispatches thus violated, but Gen. Lamar's private correspondence as well. The evil has reached such a point that the Minister is compelled to lay the case before the Secretary of State at Washington.

☞ The English papers state that Queen Victoria has accepted the offer of Woodsey House, the residence of the Mayor of Leeds, (Mr. P. Fairbairn,) on her visit to that town in August next.

Mr. Fairbairn is a manufacturer of machinery for woolen mills, a mechanic in fact; and this is probably the first time in the history of England that a reigning sovereign has accepted the hospitalities of any but nobles. It is a notable proof of the growing consideration for the middle classes, and the drawing together of monarchy and the people; and forms a point for history in a long line of events, of which the gorgeous progress of Elizabeth to the Castle of Kenilworth forms the other extremes of feudal grandeur and popular abasement.

MAYORALTY.

☞ We are authorized to announce **Gen. B. F. Cheatham** as a candidate for Mayor of the City of Nashville, at the ensuing election. aug3-te

MEMPHIS, TENN., April 2. 1858.

Y. DAY, ESQ.:—In answer to your enquiries concerning the Grover & Baker Sewing Machine I purchased from you, I wish to give a fair and impartial comparison. I have used Singer's Machine in my establishment, and after a thorough and long trial found it an inconvenient and troublesome Machine. The person who runs it must be well acquainted with Machinery to operate it successfully. It has too much machinery, and its shuttle and other work is troublesome and complicated. I next got a Wheeler & Wilson's machine, and after testing it fairly, found it would not answer. It easily gets out of repair, the thread must be wound off the spools and run into shuttles, and it wears so readily that it is found very inconvenient for continuous use. It is not adapted, either, for heavy work, owing to all these inconveniences. I put aside the other machines, and after thoroughly testing the Grover & Baker machine pronounce it the best, in every respect. Its work is as neat as any machine can possibly do; it is easily kept in order; the work is done from the ordinary spools. It is as speedy as any other, and, taking it all in all, I would rather pay five prices for the Grover & Baker than have the Wheeler & Wilson at any price. I quilt, make cloth work, and fine stitching in the shirt and light work of my establishment. In fact, I do all the work of my large establishment with this machine. Let me then recommend the Grover & Baker Sewing Machines to be the best in use.

Yours, as ever,

jy31-d1w3mw N. STILLMAN & CO.

AN INVALUABLE REMEDY.—When Dr. Bragg first commenced experimenting in the production of this invaluable remedy, now so generally known a the "ARCTIC LINIMENT," he little dreamed of the brilliant success destined to crown his labor. His only idea was to produce a liniment for the benefit of the Arctic explorers under Dr. Kane, intended exclusively for their use, and adapted to the cure of all those diseases incident to their adventurous life. Such, however, were found to be the merits of the preparation, that Dr. Bragg felt it his duty to try its virtues in other latitudes. The result has been most happy. Long continued cases of Rheumatism, which had been given up by numerous physicians, yielded at once to its curative properties. The most agonizing cases of Neuralgia, Paralysis, and Gout, were relieved in an incredibly brief period of time; and in short, in all diseases where liniments are proper to be used, BRAGG'S ARCTIC LINIMENT has proved itself invincible.

For sale in Nashville, Tenn., by BERRY & DEMOVILLE.

A GOOD MEDICINE.—McLean's Strengthening Cordial and Blood Purifier is one of the most useful and pleasant beverages of the day. It is mild and agreeable to the taste, bracing the nerves, giving a healthy tone to the stomach, and imparting a glorious appetite. A wine glass full of this Cordial taken three times a day, will be better than a family physician, as no other medicine will be required. For ladies it is particularly recommended, as it strengthens the ribs of the "weaker vessels" in an astonishing degree. See the advertisement in another column.

BOERHAVE'S

HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND ACUE.

And the various affections consequent upon a disordered

Stomach or Liver,

Such as Indigestion, Acidity of the Stomach, Cholic Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous Rheumatic, and Neuralgic Affections, it has, in numerous instances, proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland professor, Boerhave. Because of its great success in most of the European States, it introduction into the United States was intended more especially for those of our fatherland, scattered hither and there over the face of this mighty country.—Meeting with great success among them, I new offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those person whose constitutions may have been impaired by the continuous use of mercurial preparations, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE—Whoever expects to find this a beverage will be disappointed; but to the sick, the weak and low spirited it will prove a grateful aromatic cordial possessed of singular medicinal properties.

CAUTION.

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

The Trade of New Orleans.

From the Crescent.

We give below the value of domestic produce exported to foreign countries from this port for the fiscal year ending the 30th June last. It will be observed that there is a decrease in the amount from last year of a little over $3,000,000. This is readily accounted for in the depreciation of value of the Cotton, the Tobacco, the Flour, Corn and Wheat which comprise the chief articles of export. Take the 1st January of two years as the average. The following was the comparative value:

	January, 1858.	January, 1857
Middling Cotton	9¼@9½	11¾@12⅛
Tobacco	6 @10	7½@ 6
Flour	$4 75@5 00	$6 50@$7 25
Corn	57@65	60@65
Wheat	76@85	$1 40@$1 50
