New England Trace Coupling Company.
State Rights for Sale.
WE are now exhibiting this desirable invention to the public. The Patent Trace Coupling is an article which needs only to be seen to be appreciated, and universally adopted. By this Coupling the Trace is attached to the whiffletree *instantaneously, without using the hands—cannot be disconnected by accident, is stronger* and more *durable than any other* attachment now in use, and makes what is so desirable in a fine carriage, an *excellent finish.*
The Couplings are manufactured of different materials, from the common finish to the *finest silver plate,* and can be supplied at a *lower cost* than any thing that is now used for that purpose, leaving a margin for an *immense profit.* Any person with a moderate capital can soon realize a fortune in its sale.
We are prepared to furnish the Couplings, of the different grades and costs, in quantities as desired, to those only who purchase state rights.
The Couplings may be seen at the office of the Company, where a scale of prices may be obtained, and all communications must be addressed to "THE NEW ENGLAND TRACE COUPLING COMPANY," BASEMENT No. 3 OLD STATE HOUSE, BOSTON.

THE CRYSTAL OIL LAMP,
For Burning the Crystal Oil, Combining Economy and Safety.
Patent Rights for States and Counties for Sale.
THIS important invention for producing the *cheapest* light in the world is now perfected and offered to the public. Numberless other attempts have been made to produce a cheaper light, but were attended with such inherent objections as to destroy their utility and adoption. But the Crystal Oil Lamp, while it is the cheapest, is both *safe* and *agreeable* in every position, making a *clear, white and brilliant* flame—entirely free from *smoke or odor.* There is no danger from explosion, but it is *perfectly safe* under all circumstances. The oil can be used in any place without fear of soiling the most garments. The lamps are *simply* arranged and perfectly controllable by the children and domestics, and so constructed that the light can be varied in a moment from that of one to eighteen or twenty ordinary lamps. Wick it is free from the disagreeable smell arising from the Kerosene and the danger attending the use of the burning fluid, it is found upon scientific comparison to produce
As much Light for ONE CENT as Kerosene will for THREE CENTS, or Burning Fluid will for SIX CENTS,
Thus saving five-sixths of the entire amount now expended, or the price of the lamp is about a month. They are adapted to all situations, making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on this lamp for the different States and counties throughout the Union, with the exclusive sale of the Crystal Oil, is now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from opposition. Families are completely for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style, at such a cost as will yield an almost incredulous profit. These rights will be closed off immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights, all letters making the request will not be noticed. Communications relative to the "Crystal Oil Lamp Co." No. 5 Merchants Row, will be promptly attended to.

Our Pianos have received a Premium two years in succession, 1856 and 1857, at the Fairs of the American Institute, Crystal Palace, in competition with most of the leading manufacturers of New York and Boston, and are unquestionably of the best quality of tone, full, round and brilliant, as well as finish and durability, and we flatter ourselves, by the approval of renowned artists, in venturing to say that our Pianos stand superior to many others, and equal to any Grand Piano in regard to volume of tone and elasticity of touch, combined with the greatest firmness, which is *very rarely* met with in other Pianos.
