THE OLD DOMINION COFFEE POT.

THIS new COFFEE POT, for which a patent has been issued, possesses this advantageover all others: you may boil coffee in it for any length of time, without the bad effects of the strength or aroma escaping, one-fourth less coffee is required, and the full flavor of the berry retained. A large number of testimonials have been received from those who have used it. We have now for only one:

THE OLD DOMINION COFFEE POT.—We have had in use now, for over two months, one of these much talked-of coffee-pots, and we find it does, in all respects, what is claimed for it. You may boil coffee in the Old Dominion for any length of time you choose, and yet lose none of the delicate aroma or strength. This desirable end is attained by a simple, but ingenious contrivance in the shape of a condenser, with double syphons, by means of which the aroma-bearing vapor, which usually goes off over the house or up the chimney, is condensed and thrown back into the coffee-boiler, and you have its delicious flavor in the cup you bring to your table. In all our experience of coffee-drinking, we never found anything equal to what we now have daily at our morning meal. It is the perfection of coffee.—*Philadelphia Evening Journal.*

☞ Sizes 1, 1½, 2, 3, 4, 6, 10, and 16 quarts. Larger sizes made to order.

W. E. CHILDS & CO.'S
PATENT
Elastic Fire and Water Proof
CEMENT ROOFING.

THE undersigned purchased the State Right for Tennessee of the above patent about one year ago and has since introduced it extensively in various portions of the State, has now the attention of builders, and the public generally, to examine its superiority over other modes of Roofing.

The material forms a hard and smooth surface. It is impervious to water, elastic and flexible; it will perfectly resist any ordinary exposure to fire; it is cheaper than any roof of the old style, and I am sure it will give better satisfaction, as its durability there is no question. It is the best thing ever invented for painting of old leaky tin roofs.

☞ The Cement will be furnished to those at a distance with directions for using.
