**At a Meeting of Milkmen** engaged in the sale of County Milk held at No. 195 4th-av., on Friday evening, Sept. 25, 1857, for the purpose of considering the proper course for them to pursue, relating to the gross injustice about to be forced upon us, in the raising the freight on Milk 33 per cent, believing as we do that the rate of freight already paid by us pays the Company as well as any class of freight carried by said Company, a Committee of five were appointed to confer with the President of the Railroad Company, empowered to use all possible means to induce them to have the freight continued at the old rates. A meeting was called Sept. 29 at the same place, and the Committee reported that the President had emphatically declared that the freight would be raised on the 1st of October, yet, admitting at the same time that, even at the old rate, "the freight on Milk remunerates them a little better than their first-class merchandise." Thereupon, the following preamble and resolutions were then offered and unanimously adopted:
*Whereas*, The Railroad Companies have increased the rates of freight on Milk 33 per cent, the same to take effect on the 1st of October, and as our farmers also receive one cent more per quart, to take effect at the same time, we, the Milkmen of New-York, are desirous of giving to our patrons a pure, unadulterated and a wholesome article, which cannot be done at the present rates, therefore
*Resolved*, That the retail price of Milk be, on and after October 1, 7 cents per quart. Also,
*Resolved*, That the above resolutions be published in the daily papers.
D. A. BALDWIN, Sec'y. L. HOPPER, Chairman.
COMMITTEE:
