Call for a Northern Convention.—Whereas it must be obvious to all that the American Union is constantly becoming more and more divided, by Slavery, into two distinct and antagonistic nations, between whom harmony is impossible, and even ordinary intercourse is becoming dangerous;

And whereas Slavery has now gained entire control over the three branches of our National Government, Executive, Judicial and Legislative; has so interpreted the Constitution as to deny the right of Congress to establish Freedom even in the Territories, and by the same process has removed all legal protection from a large portion of the people of the Free States, and has inflicted, at many times and places, outrages far greater than those which our fathers rose in arms to repel;

And whereas there seems no probability that the future will, in these respects, be different from the past, under existing State relations;

The undersigned respectfully invite their fellow-citizens of the Free States to meet in Convention, at CLEVELAND, Ohio, on WEDNESDAY and THURSDAY, October 28 and 29, 1857, to consider the practicability, probability and expediency of a separation of the Free and Slave States, and to take such other measures as the condition of the times may require.
