FIGURES OF TRADE

New York, Sept. 12.—Money on call loaned closer today at 1 to 1½. The closing rate was 1½.

Exchange closed quiet and steadier posted rates, 487½ to 487, actual rates, 486½ to 486 for sixty days and 488 to 488½ for demand.

Government bonds closed steadier; currency, 4s, 107 bid; 4s, coupon, 112 bid; old extended 2s registered 99 bid. Pacific railway bonds closed as follows: Union firsts, 109½ bid; sinking funds, 109½ bid; Centrals, 102 bid.

There was a little more trading on the stock exchange this morning, 131,000 shares changing hands to noon. Prices were weak during the greater part and at noon the lowest figures were generally current. The only stocks that showed any strength were New England and Sugar Trust. These were slightly higher by the first hour, but they gave way with the others toward noon. The other stocks that showed any activity were Western Union, St. Paul, Burlington and Erie. The weakness of the morning continued throughout the last half of the day, prices going even lower in most cases. London sold across 4,000 shares of Reading on news in reports that the employes contemplated a strike. Six hundred thousand dollars in gold was engaged for shipment by the syndicate tomorrow. The closing prices were the lowest of the day. The decline ranged from ¼ to 2½ per cent. Tennessee coal and iron preferred recorded an exceptional decline of 6 per cent. The sales for the day amounted to 357,968 shares.

Chicago Grain.

Chicago, Sept. 12.—Wheat started a trifle higher this morning on the better English cables and the generally accepted bullish of the government report. Purchases and other local plungers met the demand freely and under their heavy selling the market began to weaken. A report that another pest ship had arrived at New York and the weak feeling which ruled in corn added to the depression and there was a gradual decline, which left the market ⅛ to ¼c lower at the close. The free closing cables helped to sustain the price at the decline, being to within fifteen minutes of the close there appeared to be little activity in the market. Corn opened where it closed Saturday, but the absence of frost and the fact that the government report was more favorable than was expected, started free selling, which resulted in a decline of ¼ to ½c. The government report indicates a crop of over 1,700,000,000 bushels, which is 100,000,000 bushels more than the price currents estimate last week and hence the trade was inclined to look at it as bearish.

Oats opened a little higher and suffered a sharp and sudden decline through free selling by the larger commission houses. The May future, in which the interest was centered, closed ¼c lower.

Pork declined 7½c to 11½c; ribs, 5c. Lard for October was dull but firm, and be higher at the close than on Saturday. For January, lard is unchanged. Closing prices:
