FIGURES OF TRADE

NEW YORK, Sept. 23.—Money closed at 3 per cent; the ruling prices for call loans were 3 to 4 per cent.

Exchange closed quiet; posted rates, 486 to 487½; actual rates, 485 to 485¼ for sixty days and 488¼ to 488½ for demand.

Government bonds closed steady; currency, 4s, 107 bid; 4½s coupon 112½ bid; extended 2s registered 100 bid. Pacific railway bonds closed: Union 1sts, 108½; Union sinking funds, 98 bid; Centrals, 105 bid.

The stock market this morning was a little more active, with the principal dealings in Louisville and Nashville, New England, Northern Pacific preferred, and Erie. In the first hour prices were irregular. Louisville and Nashville and England were strong and advanced 1 per cent each. Louisville and Nashville were hammered by the bears and declined sharply. In the second hour the coal shares suddenly became active and strong, advancing sharply on a vigorous buying. Canada also became prominent and advanced and at noon the whole market was up ½ to 1½ per cent, the latter in Lackawanna. Stocks were decidedly more active in the last half of the afternoon and prices continued firmer on the advance until near the close. There was a heavy and continued buying on Reading, on the growing belief that amicable arrangement between Reading and Pennsylvania, in the matter of the coal deal, would be consummated ere long. Richmond terminal preferred was one of the features and closed at an advance of 5½ per cent on the confident predictions of the newly organized Georgia Central interest. On the final half hour there was considerable realizing, but prices closed, as a rule, from ½ to 1½ per cent higher. Tennessee coal and iron closed 1½ per cent higher. The total sales for the day amounted to 441,345 shares.

Chicago Grain.

CHICAGO, Sept. 23.—Wheat opened quiet and held tolerably steady for a time, but finally developed considerable weakness and at the close was ½ to ¾c lower. The bullish feeling which was so rampant yesterday was a good deal softened and modified, although early cables showed considerable strength and some advance in English markets. The receipts in the northwest were larger than expected, 903 cars, and there was nothing of a bullish nature in the way of crop information. The most nervous shorts seemed to have covered somewhat. The corn trade was fair in volume, but developed no new features. The influences were chiefly against the market, but it was sustained by buying of short corn whenever the market showed a decline. Instead of any sign of cooler weather in the northwest, there was a warm south wind and mild weather over the whole western country. The promise was better than ever before for the maturing of the crop without injury from early frosts. The receipts were markedly heavy at 343 cars and contained 300 cars contract corn. The estimate for Saturday was still larger at 335 cars. Closing prices were ⅛ to ¼c lower. Oats were dull and featureless; closing prices were ¼c lower. The feature of the provision trade was another display by the Welsh-Cudahy combination of their complete control of the deal in October ribs, which closed at an advance of 50c over last night. The trade in other products was light. Pork gained 5c, lard 25c and January ribs 5c. Closing prices:
