Exercises to commence at 7½ o'clock.

**To the Deformed.**—Dr. J. P. MANN is treating success fully the most obstinate cases of DEFORMITY—cases of five to twenty years' standing, and those existing from infancy to adult age, and where all treatment has proved unavailing. He would say to the afflicted, make one more trial. Many who have regarded their case as hopeless as you do yours, have been cured.
Address Dr. J. P. MANN, No. 126 West 30th-st. Written communications, containing postage stamps, will be promptly answered.

READ THE FOLLOWING:

My son had a white swelling, with a crooked and stiff knee-joint, and used a crutch for eight and a half years. I placed him in the care of Dr. Mann. He now walks upon a straight limb, and without crutch or cane.—Waterdown, N. Y., Aug. 22, 1856.
HART MASSEY.

My son Charles had a white swelling of the knee-joint, with leakage of the joint water, ever since he was eighteen months old. I tried everything without benefit. I then employed Dr. Mann, who cured him in a very short time.
Mrs. MARGARET JOHNSON, Syracuse, N. Y.

My son has had a deformed foot for thirteen years. All that had been done for him had failed, until I employed Dr. Mann. I rejoice to say he has effected a complete cure.
Mrs. HANNAH SIMONDS, Syracuse, N. Y.

For four years I have suffered from an inflamed, enlarged and diseased knee-joint. I suffered great pain. The joint ulcerated and discharged matter, and I walked with a crutch. By the skillful treatment received from Dr. Mann, my leg is now straight. The discharge has ceased and the pain is gone. I cannot sufficiently express my gratitude for the relief I have received from Dr. Mann.—Oswego, Dec. 8, 1855. Miss ELIZA ALLEN.

My daughter has been lame six years. I have used the prescription of the most celebrated surgeons in the United States. At length I placed her under the care of Dr. Mann, whom I cheerfully recommend, feeling satisfied that he will not encourage hope when he is not quite sure of success.
F. C. DILLAYE, Syracuse, N. Y.

My son had for six years scrofula of the knee-joint. The leg was bent at right angles and much enlarged, and required the crutch to walk. I spent large sums of money to get him cured, but without success. Dr. Mann has made the crooked leg straight, and to-day my son walks without crutch or cane, and with straight legs.—New-York, Oct. 21, 1855. C. E. ADAMS.

My son was born with both lower limbs deformed. Both knees were permanently bent forward, and the toe of one foot barely touched the floor. He was five years learning to walk, and at fourteen there was such universal stiffness of the limbs, and required such twisting of the spine and inclination of the whole body to one side as to render the effort of walking most painful to behold. Large sums were spent upon him, until the learned and unlearned declared his case hopeless. He now walks upright, with straight limbs, and with an elasticity of step which astonishes all who see him. This case has fully satisfied me of Dr. Mann's ability. Let no person suffer his child or friend to remain deformed.—Seneca Falls, N. Y., 1857. H. C. SILSBY.

I have had a diseased and crooked knee-joint for twenty-three years. I have been an almost constant sufferer, and have often thought it would be a relief to have the limb off. Under the care of Dr. Mann I steadily improved, until I am now able to walk with my leg sufficiently straight, and have very little pain. W. G. P. THOMPSON, Oswego, N. Y.

My daughter has walked with a crutch the whole of her life, the limb being bent at right angles. All remedies failed. I placed her in charge of Dr. Mann. To-day my daughter walks with ease and grace, perfectly erect, with both limbs of equal length.
JOEL BROOKS, East Rodman, N. Y.

**Wing's Farina Crackers are made only by Mr. Wing.**—They are not made by others because the process is unknown to them, nor have they suitable works—these require a scientific arrangement, and great care is necessary in passing the grain through the different processes.
The practice required in order to prepare and work the material successfully is a serious impediment to others.
The impossibility of arresting the sponge without experience in this particular branch or kind of material, and the critical knowledge indispensable in producing such an extremely light and nourishing substance as WING'S FARINA CRACKERS, cannot be accomplished without consummate skill and the means necessary to carry it out.
The whole business requires great care and good judgment, and must be carried on extensively in order to make it successful or profitable.
The objects to be attained by Mr. WING were to produce a superior article at a price suitable for all classes. For this he has labored long, and subjected himself to an adequate outlay of capital.
The pretense, therefore, on the part of any one else, that they make FARINA CRACKERS, is simply a device resorted to in the hope of selling more of an article than they otherwise would do, if offered under the proper name.
WING'S CRACKERS have a delightful taste, act kindly upon the stomach, and are digested with remarkable ease. For dyspeptics or the aged, as well as sedentary and delicate persons generally, they are most acceptable, and peculiarly pleasant for children.
Ask for WING'S CRACKERS, and take none but those stamped with the name "WING."

**Dr. R. Angus Smith's Disinfecting Powder**—The cheapest and most efficient Disinfectant yet produced, for domestic as well as public use, and is perfectly innocuous and contains no corrosive ingredient. It thoroughly removes the smell from drains, cesspools, urinals, NIGHT SOIL, &c. In stables, sow-houses, &c., it preserves the air pure and makes ventilation easy, so that its use is highly conducive to the health of the animals. Its free use in SICK ROOMS, COFFINS, or on the bodies of the dead, prevents all offensive smell, and REMOVES ALL DANGER FROM INFECTION. It contains no metals or other injurious ingredient. Manures treated with this DISINFECTOR will be found much improved, as the ammonia and phosphoric acid are preserved, and a compound formed, well known to be of great value for agricultural purposes. OSCAR V. DAYTON & Co., Sole Proprietors for the United States, Depot No. 167 Broadway. For sale by the package of 2 pounds at 25 cents each; also, in bags of 100 pounds and by the ton. Sold by all Druggists throughout the city.

**The New-York Equitable Insurance Company** acknowledge the receipt of Four Thousand One Hundred and Twelve Dollars and Twenty-two Cents ($4,112 22) Restitution Money from parties unknown, through the hands of the Rev. Father Larkin.
New-York, May 6, 1858.

**Patent Double Ice Pitchers.**—They are the greatest luxury of the season; made of Britannia metal, heavily plated and embossed, and for sale, wholesale and retail, at Nos. 4 and 6 Burling-slip, by LUCIUS HART.

**Central Park.**—PUBLIC EXHIBITION of the PLANS.—In accordance with a resolution of the Board of Commissioners, the designs for the improvement of the Central Park, including the four which have taken the premiums, are for a few days on exhibition, from 9 a. m. to 10 p. m., at No. 657 Broadway—the avails of the exhibition to be divided among the unsuccessful competitors. Tickets of admission 25 cents.

"THE WAY OF LIFE,"
A WEEKLY CHRISTIAN PAPER,
PUBLISHED EVERY SATURDAY,
Will advocate the interests of Catholic Christianity, leaning toward no particular Church, giving precedence to no sect, as such, but, we trust, representing those most important principles which have united Christians everywhere during the progress of the present Religious Revival.
We extend the right hand of fellowship to all who can unite with us on this common ground.
We approach our duties, having in view the Religious and Moral Elevation of Young Men and Children, as the most available means of insuring peace and good-will among men. If this ground be considered too exclusive, all we can do is to invite the generation that is passing away to look on our work, watch how the young profit by lessons learned in "THE WAY OF LIFE," and, in the strength of their Redeemer, "go and do likewise."
