QUOTATIONS OF THE NEW YORK COTTON MARKET.

Situation of Tobacco at Richmond and Other Important Centres—Cotton and Farm Products—Peanut Quotations—Miscellaneous.

NEW YORK, Oct. 8.—Money closed at 4 per cent. Exchange easier; posted rates, 482@487; actual rates, 481@481¼ for sixty days, and 486@486¼ for demand. Governments steady; currency 6's, 114 bid; 4's, coupons, 122½ bid; 4½'s do., 104½ bid.

The stock market was very dull this morning, and notwithstanding the fact that prices for American securities abroad were firmly held and showed some advance, that rates of exchange had been reduced, and that the money market worked easily, prices here were unsettled, and in the main weak. Prices at noon were generally ⅛ to 1½ per cent. lower. During the last half of the day there was a steady liquidation, and as stocks were thrown upon the market prices went down rapidly. In fact, every sale sent values lower, and some of the leading stocks recorded sharp declines. The decline in the general list ranged from ¼ to 3 per cent. Sales, 325,600 shares.

Chicago.

CHICAGO, Oct. 8.—H. Y. Lester telegraphs C. W. Branch & Co. as follows: It was apparent from the start that our wheat market had no support except that afforded by our most prominent local operator, who was most indefatigible in his efforts to have the "calls" sold by him last night acted upon. For a time the opposition was vigorous, but as the end of the session neared, it really looked as if he would carry his point, until some of our members started the circulation of report that there was a "panic in Wall street." This was seemingly all that was needed, and the break of 1c. resulted, although the flour export and sales were very large the cables were strong and higher, and rainy whether was reported from the Northwest, the absence of outside support was so apparent that we could not advocate buying. The close is weaker, and although prices may sag some more, if these bull facts continue accumulating the outsiders are bound to be attracted when we look for a broad, advancing market. Corn is almost entirely in the hands of Hutch and a lot of sentimental bulls, it being almost impossible to find a bear with a fine-tooth comb. To be sure, the argument that the consumptive demand for corn for both man and beast is very large, and the experimental huskings indicate a smaller crop than the Government has predicted, are poor arguments for the bears. We think it requires a brave man to buy it at the prices.

New York.

NEW YORK, Oct. 8.—Cotton.—Messrs. Hubbard, Price & Co., in their cotton circular to-night, say: "While spinners bought freely to-day in Liverpool, the arrival market in not responding to the strength of the American markets was a disappointment to the market, which opened with sellers at last night's prices to close easy at about four points decline. Receipts were lighter at the ports, but the controlling influence, the weather, was reported as clearing in the Southwest, and the bearish sentiment was sufficient to prevent any advance during the day. The weakness in the stock market added to the bearish feeling existing already on cotton, and while the trade are afraid of the bureau report due on Friday, they do not believe any advance in prices can be sustained without a better feeling in Wall street circles. Futures closed 1@2 points higher. Receipts at ports to-day estimated at 36,000 bales against 30,191 bales last week, and 37,252 last year. The spot market is steady at 1-16d. decline in quotations. Consumption.

MR. JOHN JOHNSON, 521 St. James st., Richmond, Va., writes:

Last fall I was attacked with hemorrhage from the lungs, soon followed by a hacking cough, shortness of breath, great emaciation, loss of appetite, and profuse night sweats. I grew worse rapidly under medical treatment, and my case seemed hopeless. I was recommended to try A. B. C. Tonic and Expectorant, and did so in March; have used the A. C. C. Tonic since that time; my cough soon left me, and I discontinued the use of the Expectorant, and am to-day entirely restored and as I have not used any other remedy than the A. B. C. Tonic and Expectorant owe my recovery entirely to them.

Bad Blood.

MR. F. W. MARABLE, 517 N. 17th street, Richmond, Va., writes:

I have used "A. B. C. Alterative" with marked benefit to myself, and take pleasure in recommending it to any one who wishes the best blood medicine and tonic on the market. That it will invigorate the digestive organs, improve the appetite, and is a never-failing remedy for blood disease I firmly believe.

RADAM'S

Microbe Killer?

The greatest discovery of the age. Old in theory, but the remedy only recently discovered.

The MICROBE KILLER is prepared on scientific principles. It starts at the root of all diseases, and cures by removing the cause of the disease.

Do you suffer with Catarrh?
Have you inherited Consumption?
Have you any Kidney Disease?
Are you afflicted with Rheumatism?
Are you troubled with Asthma?
Have you any disease that causes you anxiety or inconvenience?
Have you any disease that your doctor has pronounced incurable?

Give the Microbe Killer a Trial

It is no experiment nor an untried remedy. Hundreds of persons in this city have used or are now using this medicine, and the cures effected in many cases are miracles.

It has cured thousands who have been pronounced INCURABLE. Sold only in one gallon jugs. Price three (3) dollars. A small investment, when life and health can be obtained.

Beware of fraudulent imitations. They are usually cheaper, as they use that method of imposing on the public. One of them held their price at $2.50 per gallon for nearly two years. Not being able to get their medicine in at that, they have now reduced it to $1.50, which is evidence enough that it has not met with success. A good medicine sustains itself in all communities. A cheap medicine is the last thing on earth a suffering man wants. The genuine sold only by

Newport News is so well known that but little comment is necessary. It is the eastern terminus of the great CHESAPEAKE AND OHIO RAILWAY SYSTEM, and is the best deep-water port on the Atlantic coast. It has the largest DRY-DOCK and the largest and best-equipped SHIP-BUILDING PLANT in America, besides NUMEROUS OTHER INDUSTRIES already established. A COTTON-MILL COMPANY, LIGHT AND WATER COMPANY, and a STREET RAILWAY COMPANY are organized.

TEN MILLIONS OF DOLLARS HAVE BEEN INVESTED.

Next year six thousand men will be employed and more than $3,000,000 PAID OUT FOR WAGES, in this city. Our population must soon be 20,000 people.

NEWPORT NEWS SUCCEEDS BECAUSE IT IS A SUCCESS.

These LOTS are located on the line of the projected Street Railway, within the present city limits.

BICYCLES, &c.

THOSE WERE GREAT DAYS THEY WERE!

When we started in the 'CYCLE BUSINESS eight years ago, we had lots to contend with; the country roads were poor, the city streets badly paved, and, worse than all, "old fogy prejudice" had to be ridden over.

Thanks to a decade of progress, the roads are good, the streets are improved, and "old man prejudice" had a sudden taking off after a lingering sickness.

People buy BICYCLES now-a-days much the same as horses. Different makes serve different purposes.

We have them all, from the little tots pony "BIKE" to the 50-pound road machines.

When the desire to own one of these steel steeds strikes you call on
