Wing's Farina Crackers are extensively used in cases where nourishment is required free from all feverish tendency, and are found to be peculiarly suitable for the young and feeble.

Many ladies speak of WING'S FARINA CRACKERS in the highest terms as a delicacy which every family should be supplied with, not only on account of their excellence as a nourishment and

VERY PLEASANT TASTE,

but as an article of every-day use, to a greater or less extent, on account of their great value in maintaining a healthful tone of the system, which is indispensable to that natural beauty and cheerful state of mind so desirable.

Ask for WING'S CRACKERS, and take none but those stamped with the name A. WING. These may be had of the best family grocers generally, and at wholesale only of

Carpet Sweeping Machine.—We are now prepared to supply families and hotel-keepers with HERRICK'S PATENT CARPET SWEEPER. This Machine will sweep a carpet cleaner than can be done with a broom, and without the annoyance of dust. They are durable, not liable to get out of order, and a child ten years old can do with it the work of six servants. It wears the carpet less than the ordinary broom, and will take up pins, scraps of paper, hair &c., and quietly carry them away.

CROOKS & SCHEM'S
LATIN-ENGLISH SCHOOL-LEXICON,
On the basis of
THE LATIN-GERMAN LEXICON
Of Dr. C. F. Ingerslev.
By G. R. CROOKS, D. D., and A. J. SCHEM, A. M.
One volume, royal octavo.
Price $3.

The authors of the present work had at first the intention of preparing for American Schools and Colleges a translation of the excellent Latin German School Lexicon of Prof. Ingerslev. The plan of the work seemed to them to be a decided improvement in Latin lexicography, and to meet more fully than its predecessors the wants of students. They had not proceeded far, however, in their labors, before they became aware of the necessity of re-casting many of the articles, and of adding new ones. They decided, therefore, to prepare an entirely independent work, using the Lexicon of Ingerslev only as a basis. For this purpose the whole of lexical literature has been carefully examined—especially the recent works of Dr. W. Smith, Georges (the last edition of 1855), Koch and Klotz—from all of which numerous suggestions have been derived and additions made.
The School Lexicon of Prof. Ingerslev has met, in Germany, with extraordinary success, as appears from the encomiums of eminent German scholars. The praises of the critics are especially bestowed upon the excellence of Ingerslev's plan. We have taken great pains to preserve for our work all of the characteristic features of this plan, and at the same to improve it in the execution of details.
This work gives—
1. SPECIAL ATTENTION to the words of Latin authors read in Colleges and Schools.
2. The LEADING DEFINITIONS in broad and clear type, so as to be easily caught by the eye.
3. The SIGNIFICATION perspicuously arranged and illustrated by examples easily understood, or if difficult, carefully translated.
4. The ORIGIN of each word, where it is known.
5. A COMPARISON of important words with their synonyms.
6. BRIEF NOTICES of proper names, and of the adjectives derived from them.
From the Rev. Dr. JOHN MCCLINTOCK, New-York.
I am acquainted with Ingerslev's Latin Lexicon, and believe it to be the best of the many school lexicons now extant in Germany. Indeed, this is the testimony of many of the best gymnasial teachers, as well as many eminent scholars.
Whatever commendation may be given to Ingerslev is still more amply due to Crooks and Schem's Lexicon. I have examined a portion of the proof-sheets, and have had the opportunity of personally knowing how carefully and conscientiously the authors have carried on the work throughout. Their book retains Ingerslev's perspicuous arrangement; but in point of etymological matter, of attention to proper names, of discrimination in the general use of the material, and of adaptation to the wants of students, it is far in advance of its German prototype. The work ought to find its way at once into all our classical schools, and into the lower college classes. J. B. LIPPINCOTT & Co.,
Publishers, Philadelphia.
