FIGURES OF TRADE

New York, Oct. 24.—Money on call loaned at 5 and 6% per cent. Closing rate was 5 per cent.

Exchange closed steady; posted rates, 484 to 486½; actual rates, 483½ to 486¼ for sixty days and 487½ to 488 for demand.

Governments steady; currency, 4s, 112½ bid; extended 2s, registered, 100½ bid; 4s, coupon, 113 bid. Pacific railway bonds closed as follows: Union Pacific, 1st, 112 bid; 2nd, 112 bid; sinking funds, 102½ bid; Central Pacific, 104 bid.

The stock market was very active this morning, over 300,000 shares changed hands. Prices were stronger during the greater part and by noon prices had advanced ½ to 1½ per cent. The principal trading was in New England, Chicago Gas, Wabash preferred, whiskey trusts, Missouri and Louisville, New Albany & Chicago. The latter, however, was an exception to the general rule and was weak, declining fractionally. There was considerable covering in some of the leading stocks throughout the morning and to this fact is mainly due the strength displayed. Stocks were strong after mid-day with New England and the trust stocks the leaders. The first named was heavily bought and advanced sharply. The buying was attributed to the announcement that a deal will soon be arranged between the New England, Reading and Boston & Maine railroad and that new presidents of the Boston & Maine and New England railways will be elected this week. Chicago gas was strong and active on buying by commission houses in anticipation of an increase in the dividend rate next week. The highest prices of the day were generally current at the close. The advance for the day ranged from ½ to 3½ per cent. The sales amounted to 417,351 shares.

Chicago Grain.

Chicago, Oct. 24.—The wheat market opened more active today and strong for cloding, with a gain of ⅛ to ¼c. The conditions were in the main far from bullish. Cables were lower. The local receipts were about 400 cars above the estimate, and the weather was rainy, just what it has been claimed the fall sown wheat needed. But it was argued that the wet weather would cut off receipts and there was pretty free covering on the break which took place Saturday, as well as rather generous investment buying. Another strengthening factor was the contradiction of the reported big failure in Paris Saturday. Corn was fairly active and strong throughout most of the session; the weather was a considerable factor, as it was argued that the rain would cut receipts, and the firm feeling which ruled in the other parts also helped. The receipts were much larger than expected, but as this was due to the Sunday inspection, it had but little effect. The bears were good buyers, in which there was some investment demand. Reports from the country were mostly to the effect that the thinking was very disappointing. Cloding prices were ¼ to ½c higher. The oats market was moderately firm, but rather quiet. The provision trade had a comparatively quiet day. There was some selling by long and some buying by local hogs by the country and some by broker put in by shorts. The market started strong and at better prices. As an estimate on the hogs of the country was largely responsible for the best buying of the morning. On the advance the Cudahy-Wright people let go a lot of pork, lard and ribs. Wright and Sprague sold freely. The result was a sharp break, but prices were still a point or two higher than Saturday when the market closed. Pork gained 2½c to 5c and lard 2½c to 5c. Ribs closed 10 to 15c lower for near months and unchanged for January.

Closing prices:
