FROM NEW-YORK TO DELHI,
BY WAY OF
RIO DE JANEIRO, AUSTRALIA AND CHINA.
BY
ROBERT B. MINTURN, JR., OF NEW-YORK.

This work has grown out of a six months' tour in India, just before the outbreak of the recent mutiny. The materials were principally derived from letters intended only for the perusal of the author's family. He has been induced to give his observations a more permanent form and a wider circulation, both on account of the interest which has been excited in the subject by the events of the last year, and because, considering the size and population of the Indian peninsula, its immense capabilities of production, and the important position that it may hereafter hold in the economy and commerce of the world, it certainly has not hitherto attracted in this country its due share of attention.

One neat 12mo. volume, $1 25.

"A. S. Roe, author of 'A Long Look Ahead' and 'The Star and the Cloud,' is a fiction writer whose works may be safely commended. In the charm of simplicity and naturalness, and in power, he ranks far, far above the common rabble of novel writers; and, if we only make such a conclusion from the two works of his which we have read, he has not published 'one line which dying he would wish to blot.'" [N. Y. Independent.

"It is not impossible that this author's rather peculiar novels may yet become a school by themselves, which will find imitators. They are unique, full of human nature, and, what is remarkable in a writer, each one seems to be an improvement upon the previous one." [Boston Traveler.

"Mr. Roe evidently knows how to touch the heartstrings; indeed, he sweeps them with a master hand. At one time we find it impossible to restrain the gushing tear, at another every risible nerve is in full exercise." [N. Y. Christian Intelligencer.

THE great HORSE SHOW at SPRINGFILD
WILL INTRODUCE
"TRICKS AND TRAPS OF HORSE DEALERS."
FRANK FORRESTER'S LAST WORK.
TO THE ATTENTION OF HORSE JOCKEYS, HORSE BREEDERS AND HORSE OWNERS.

Hear what The New-York Sun says of it:

"This will be easily recognized as the work of the recently-deceased Henry William Herbert, an author not only able to write on this subject well, but carrying with his opinions a certain weight of authority which those of less note do not command. The volume is handsomely and fully illustrated. It shows what a poor horse is in looks and aliments; it illustrates what a good horse is; it details much useful information as to the selection and care of a horse, and is otherwise as desirable a little volume for that species of information as has been published in the last few years."

It has a very full description of the

SECRET OF HORSE TAMING,

illustrated good enough for a $2 book.

A NEW BOOK by SPURGEON.

SPURGEON'S GEMS.
CONSISTING OF BRILLIANT PASSAGES FROM THE PUBLISHED AND UNPUBLISHED SERMONS AND OTHER WRITINGS OF THE REV. C. H. SPURGEON.
1 vol., 12mo. Price $1.

Here we have some of the author's happiest thoughts, and most graphic pictures, revealing the true greatness of the preacher's conceptions—his individuality and strength. The Publishers are prepared to supply the very large demand that will undoubtedly be made for the book.

More than
ONE HUNDRED AND TWENTY-FIVE THOUSAND VOLUMES OF MR. SPURGEON'S BOOKS

have been sold by us in America, and the demand for them is unabated. The masses read and love them.

SPURGEON'S GEMS,

now just issued, is spoken of as follows

By The New-York Observer.

"SPURGEON'S GEMS.—The publishers of Spurgeon's Sermons—Sheldon, Blakeman & Co.—have in press a volume of 'Brilliant Passages' from the discourses of this remarkable preacher. We have seen the sheets of the new book, and

EVERY PAGE IS A FLAME OF GLOWING FIRE.

The extracts are brief and characteristic, earnest, bold and strong, full of striking thought, brilliant imagery and warm appeal. We think it will be far more attractive than the volumes of his sermons, and they have had an extraordinary circulation in this country."

SPURGEON'S GEMS
May be found at all the Bookstores.
Price One Dollar.

The popularity of Mr. Spurgeon's sermons in this country has been equaled only by the popularity of the preacher himself in his own land, and the Publishers believe that

THIS VOLUME OF GEMS

will be received with greater favor even than his volumes of Sermons.

SPURGEON'S GEMS

is published in answer to a call that has been repeatedly made for a volume giving the characteristics of his style, revealing the secret of his mighty power as a preacher of truth, with the peculiarities of manner which arrest the attention, rouse the sympathies, excite the admiration, and impress the feelings of his vast audiences.

Buy a copy of
SPURGEON'S GEMS.
It will cost you but
ONE DOLLAR.

Mr. Spurgeon is rhetorical, descriptive, flowing and glowing. He blazes and burns along the pathway of his subject, rising in flights of imagination, and carrying his hearers along with him in earnest, overwhelming appeals. He is pungent in his applications, strong in his doctrinal opinions, and powerful in his exhibition of the divine Word.

The volume is ready for the trade, and their orders solicited. Persons wishing it, and not being able to obtain it of the Booksellers, can order it by mail, and it will be forwarded promptly, postage pre-paid, for

ONE DOLLAR.

AN AUTHENTIC HISTORY
FOR THE PEOPLE.
1 vol., 8vo., 529 pages. Price 50 cents.
BY JOHN MULLALY.
NOW READY:
THE LAYING OF THE TELEGRAPHIC CABLE;
with all its Incidents and Anecdotes,
Impressive or Diverting; as well as fresh and reliable Biographical Sketches of Messrs. Field and Everett, and Capt. Hudson.

The publishers invite the attention of the public to the following letters, which sufficiently indicate the sources and authority from which this careful account of the grandest of human enterprises is derived:

NEW-YORK, Aug. 16, 1858.

MESSRS. D. APPLETON & Co., New-York.

GENTLEMEN: I take much pleasure in certifying that Mr. John Mullaly was with us in the Newfoundland Telegraph Expedition in the year 1856, and that he was on board the Niagara during the Atlantic Telegraph Expedition in 1857-8; that he was present at the trial trip in June last, and the final expedition which terminated in the successful landing of the cable in Trinity Bay, Newfoundland, on the 5th of August, 1858.

His indefatigable exertions during all this time in procuring every fact in connection with the enterprise are deserving of the highest praise.

I have the fullest confidence in his narrative with regard to every incident that took place on board the Niagara during the process of laying the cable, and I will continue to furnish him with every information in my power relating to the formation, progress, and success of the Atlantic Telegraph Enterprise.

I remain, gentlemen, very truly your friend,
CYRUS W. FIELD.

Mr. Mullaly, having accompanied us on the two Atlantic Telegraph Expeditions of 1857-58, alluded to above by Mr. Field, had every opportunity, of which he availed himself to the utmost, to procure the fullest details in regard to the Atlantic Telegraph Enterprise.

Indeed, we are accustomed to regard him as the "Historian of the Expedition," and we congratulate ourselves that so authentic an account is about to be given to the American public.
W. E. EVERETT, Chief Engineer U. S. N.

NIAGARA, Aug. 20, 1858.

GENTLEMEN: I have been informed that Mr. John Mullaly is about to publish a narrative of the Atlantic Telegraph Expeditions of 1857 and 1858. It affords me pleasure to say he has accompanied us in the Niagara on both expeditions, and collected the fullest information; and I know of no one better qualified to give a correct and graphic history of our undertaking.

Respectfully, your obedient servant,
W. L. HUDSON, Commander.

BROWN'S SELF-REGULATING HOT WATER FURNACE,
Manufactured and sold by
BROWN'S WATER FURNACE COMPANY,
No. 274 Canal-st.

This Furnace has been in successful use for six years, and with the late improvements, is pre-eminently the best and most efficient apparatus for Warming and Ventilating Dwellings, Hospitals, School Buildings, &c. It affords an abundant supply of delicious air, of the temperature of Summer heat, free from gas or dust, and no less pure than when taken from the external atmosphere.

This Furnace is adapted to buildings already occupied, and can be substituted for hot-air furnaces and other modes of heating known to be dangerous and detrimental to health.

Circulars, references and further particulars can be obtained at the office of the Company, No. 274 Canal-st., three doors east of Broadway. CHARLES R. ELLIS, Sec'y.
