FIGURES OF TRADE

NEW YORK, Oct. 31.—Money on call loaned at 5 to 6½ per cent.

Exchange closed quiet but steady; posted rates, 486½ to 487; actual rates, 482½ to 485 for sixty days and 488½ to 489 for demand.

Governments steady; currency, 6s, 107½ bid; extended 2s, registered, 100 bid; 4s, coupons, 114½ bid. Pacific railway bonds closed as follows: Union Pacific 1st, 112 bid; sinking funds, 102½ to 103 bid; Centrals 106½ bid.

The stock market this morning was active, nearly 300,000 shares changing hands during the two hours to 12 o'clock. Whisky trusts, Chicago gas, St. Paul, Reading, New England, New York and Northern preferred, Ontario Western, Susquehanna and Western preferred, Lake Shore and Lackawanna were the leaders of the trading, and displayed not only the most activity, but led in point of strength. New York, Susquehanna and Western preferred was a strong feature, advancing 3½ per cent for the day. The upward movement in this stock was ascribed to a pending deal. The officers of the company, however, denied this and declared their advice was due solely to increased earnings. Whisky was bought heavily by several large firms and the price closed higher. The general market closed ⅛ to 1½ per cent. The sales for the day amounted to 802,906 shares.

Chicago Grain.

CHICAGO, Oct. 31.—Wheat ruled fairly active and irregular most of the day and closed ¼ to ⅜c higher. While there was some easing off from extreme figures the general sentiment was decidedly better than at the close of business last week. This was due to quite a number of influences. The earlier dealers were higher, domestic markets better and there were strong indications of a material falling off in the deliveries. The trade in corn was only moderately active but there was a higher feeling and at some advance in prices. The market opened active and strong, with shorts the principal buyers. Reports from the country were in the main confirmatory of what had been previously heard concerning the poor quality of the grain as revealed by threshing. The firmness in wheat was some assistance to the bulls. The receipts were less than by cross estimates. Closing prices were ⅛c to ¼c higher. Oats were firm and closed ⅛c to ¼c higher. The condition of the other markets, led by Liverpool, Harvey, Schwartz, Dupee and others, wet weather and a good demand for shipment were the principal reasons for the strength. Sample oats ruled firm and about ½c higher. The crowd that dealt in ribs was a small one and the transactions were in proportion to the limited attendance. The October deal in short ribs appeared to have no interest for anybody. The extent of the days transactions in the article referred to did not exceed 500,000 pounds, but the counterpart of the deal added another 25c to their price and had a broker bidding $12 for short ribs as the closing bell sounded in the hall. January pork shows a loss of 27½c; lard of 20c.
