

# *Irrigation is King and We are the People!*

Our great \$75,000 cash pumping plant is in operation, irrigating 3,000 acres of the finest land under the sun. Prosser is the commercial town of the lower Yakima valley. 50,000 sheep are sheared here. The great Horse Heaven wheat and stock country of 400,000 acres is at our backs. The wonderful Sunnyside region is before us. The Northern Pacific railroad runs through our midst.

Now we are going to develop the farm lands, knowing that the town will take care of itself. We are going to show our opportunities honestly and truthfully, and we are going to help the people who come here. No fairy tales will be told. We are here to win, and those who come and stay with us will win, too. We will meet you half way on any fair proposition. Come and see us and our splendid country and opportunities will grow on you, and you will throw off your coat and go to work with us.

## *Prosser Falls Irrigation Company,*

ADDRESS, **FRED. R. REED, Manager, PROSSER, WASH.**
