FIGURES OF TRADE

New York, Nov. 2—Money on call loaned at 1 to 2 percent. The closing rate was 2 per cent; to-week, 2 per cent.

Exchange opened quiet but steady; posted rates, 484½ to 485; actual rates, 483¾ to 484 for sixty days and 486½ to 486¾ for demand.

Governments steady; currency, 6s, 107 bid; extended 2s, registered, 100 bid; 4s, registered, 114½ bid. Pacific railway bonds closed as follows: Union first's, 109½ bid; Union sinking funds, 103½ bid; Centrals 106½ bid.

Stocks were dull this morning, only 14,000 shares changing hands in the two hours to mid-day. At the opening there was some show of weakness, but Illinois Central suddenly developed great activity and advanced on a heavy buying. The strength of this stock imparted a firmer tone to the general list and the early decline was a little more than recovered by noon. Item in central had recovered an advance of 2%. The next most prominent stocks in the dealings were New England, whisky trust, St. Paul, sugar trust and New York central. Stocks were extremely dull in the afternoon and prices were weak. New England was cut down on the Cockenoth suit proceedings of yesterday, in which the plaintiff charged that the construction account was outrageously increased and on the indications that the company will be forced to abandon its plan to issue bonds against its nominal construction account. The lowest prices of the day were generally current at the close, except for Illinois Central, which advanced on reports that the supreme court had decided the suit for the possession of lake front property.

Chicago Grain.

Chicago, Nov. 2.—Wheat ruled weak till about half the session had passed, after which it became firmer. Closing prices compared with yesterday show a decline of ½c. There was a period of very bearish feeling in wheat during the morning. Several things combined to make the trade feel very discouraged on the speculative market. When May got around to 72, Partridge became a free buyer. Others absorbed December offerings around 71⅝c. Once the decline was checked and the market gathered strength. The Bradstreets exhibit of valuable wheat gave an increase of 2,407,000 bushels east of the Rockies and 332,000 decline west. This gave the net increase under 2,000,000 bushels and about as expected. With this out of the way and the cars for tomorrow estimated as low as 270 and the exports of wheat and flour for the day over 700,000 bushels, sold at very good prices. December rallied to 71⅝c and May to 72⅝c, leaving prices but ⅛c under the opening. After this action the pit became extremely dull.

Closing prices:

Wheat—December, 71⅝c; January, 72c; May, 72⅝c.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well informed people will not buy other laxatives which act for a time, but finally injure the system.

False Economy

Is practiced by people who buy inferior articles of food because cheaper than standard goods. Infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.
