PERSONAL FORCES SWAY STOCK LIST

Speculative Sentiment Sensitive to Influence of Powerful Financial Interests.

MANIPULATED BY KEENE?

News That Ship Bearing Morgan Had Been Sighted Affected Market.

NEW YORK, July 26.—Speculative sentiment showed itself sensitive still to the influence of Harriman and Standard Oil favorite, or what is equally effectual, what are accepted as favorites of those powerful financial forces.

Yesterday the general market advanced because Southern Pacific, Union Pacific and St. Paul were strong.

When those stocks were seen to-day to be subject to a process of market digestion and of diligent selling on all favorable opportunities, there was a revulsion from the feeling created yesterday by the aggressive buying of those stocks. The reports of an early dividend declaration on Southern Pacific with resulting benefit to Union Pacific, from its large holdings of the former stock, found ready credence from the movement of the stocks to-day. Many of the same persons who accepted those reports were skeptical and expressed the conviction that the whole movement was skillful manipulation by James R. Keene. The faith in the St. Paul plan, which was to be promulgated as a result of the return from Europe of William Rockefeller, and which was implicitly accepted yesterday, was shaken again in the face of the selling off of that stock and the market fell into an apathetic condition soon after the opening to await the meeting of St. Paul directors and advanced strongly on the non-action of the plan.

The realizing in yesterday's favorites was obscured for a time by the rising tendency of other stocks. But these were less effective in dominating sentiment than the ones which were being sold. The most influential support was due to sympathy with the large buying of United States Steel. Trade reports from this industry were highly encouraging, but this was not the new factor in the market. Most importance was attached to the news that the steamship Baltic had been sighted, having on board J. P. Morgan, and was expected to dock during the afternoon.

The effectiveness of the movement in United States Steel was marred by the backwardness of the preferred stock and by the positive depression of the sinking fund bonds. The personal element thus is seen to have played a large part in the day's market. The market closed strong and active all around on this assumption. Bonds were heavy. Total sales, $1,341,000. United States new 4's advanced 1-2 per cent. on call. Total sales were 899,000 shares.

NEW YORK, July 26.—Money on call easy at 2@2 1-2 per cent.; ruling rate, 2 1-4 per cent.; closing bid, and offered, 2 1-4 per cent. Time loans, dull and easy for short dates; sixty days, 4 1-2@4 3-4 per cent.; six months, 5 1-2 per cent. Prime mercantile paper, 5 1-2@5 3-4 per cent.

Sterling exchange weaker, closing firmer at $4.8455@$4.8490 for demand and at $4.8180@$4.8185 for sixty-day bills. Posted rates, $4.82 1-2 and $4.85 1-2. Commercial bills, $4.81 1-2@$4.81 5-8.

Bar silver, 65. Mexican dollars, 50 1-2.

COTTON MARKETS

NEW YORK, July 26.—The cotton market was moderate and active, and after a steady opening declined under bear pressure with the close steady, but at a net loss of 7@9 points. Sales for the day were estimated at 225,000 bales.

The opening was steady at a decline of 1 point on August but generally 1@2 points higher, the advances being due to better cables than expected, while August was affected by fear of notices to-morrow. Spot people seemed to be buying August, and that position rallied a couple of points right after the opening. But there was no general support, and prices soon weakened as a result of the favorable interpretation of the weather map, the fact that yesterday's rains in North Texas were not heavy enough to suggest much damage, a bearish private condition report on Texas showing an improvement for the last month of about 4 points, and predicting as large a crop as two years ago and rather better reports from the eastern belt, where the weather being partly cloudy to showery was considered very favorable. Trading was quiet during the middle session after prices had eased off to about the low level of the previous day, but became quite active toward the close and several rage blocks were traded in with a greater show of bull support on the theory that the declines had discounted a favorable August condition report and that the feeling abroad was a little more optimistic as to Russian conditions. The close, however, was within a point or so of the lowest.

Receipts of cotton at the ports to-day were 6,240 bales against 2,422 last week and 12,734 last year. For the week 30,000 bales against 25,017 last week and 102,631 last year. To-day's receipts at New Orleans 3,059 bales against 8,290 last year, and at Houston 865 bales against 1,785 last year.

Cotton futures closed steady. Prices ranged as follows:

NEW ORLEANS, LA., July 26.—COTTON—Spot cotton closed steady and ¼c. lower; middling, 10⅝c.; sales were 1,850 bales on the spot and 50 to arrive. Futures opened steady, unchanged to 2 points higher on good Liverpool cables, which were expected. Immediately after the opening, however, crop news absorbed attention on good reports coming in from almost every section of the South. Under influence of these reports prices were steadily hammered down all day until the market closed. The close was steady, near the lowest, and 5@15 points under yesterday's close.

RICHMOND PRODUCE MARKET.

FLOUR—Market continues very quiet; very little doing; receipts light. WHEAT—Market continues active for all good, dry wheat. We again urge farmers not to thresh their wheat while it is in a damp condition, and to see that it is dry and well cleaned before shipping, as damp, oniony, and samples not well cleaned are dull and neglected, and have to be sold at low prices. CORN—Receipts light and demand good. OATS—Quiet and steady; light receipts; winter seed oats in good demand. RYE—Unchanged; quiet; light receipts. HAY—All good grades of hay are in active demand at quotations. Off grades, stained, musty, etc., not wanted. Clover very dull.

POTATOES—Receipts and demand light. Nearby stock being in plentiful supply.

EGGS—Active at prices quoted. Receipts light.

BUTTER—Unchanged; firm at quotations. Receipts moderate.

POULTRY—Receipts heavy and in excess of demand. Market quiet and in buyers' favor. No advance in prices can be expected until receipts are considerably decreased.

LYNCHBURG TOBACCO MARKET.

Lynchburg, Va., July 26, 1906.

Sales of loose tobacco on the Lynchburg market for the two weeks ending July 20th, reported by John L. Oglesby, of Lynch's Warehouse, were as follows:

Sold week ending July 13th, 37,630 pounds; sold week ending July 20th, 90,200 pounds; increase for week ending July 20th, 52,600 pounds.

Sold from September 1, 1905, to July 20, 1906, 15,318,600 pounds; sold from September 1, 1904, to July 20, 1905, 15,314,000 pounds; increase for 1906, 4,600 pounds.

The receipts of tobacco this week were heavier than for the past two weeks. Much of the offerings was more or less damaged by mould; in fact, but few lots were not considerably damaged. Prices were about as for the past few months. The weather continues favorable for the growing tobacco and very much of it is reported to be in good condition and large enough to top. Indications are good for this to be the finest crop of tobacco grown in this section for years.

The quotations are as follows:

BODY FOUND IN POND.

Father of Girl Believes She Was Drowned Accidentally.

(By Associated Press.)

BELCHERTOWN, MASS., July 26.—The body of Miss Winsola Goodell, who disappeared from her home on July 6th, and for whom search has been made continuously since, was found to-day by the young woman's father in the pond which had been dragged so many times fruitlessly. A superficial examination of the body indicated that the girl was accidentally drowned, but it will remain for the inquest, which will be held to-morrow, to settle fully the question whether the young woman was the victim of an accident or of foul play. The girl's father, Wesley M. Goodell, and the police believe that her death was purely accidental, and this opinion seems to be confirmed by the finding of a handkerchief tightly clutched in the dead girl's right hand.

Southern Earnings.

Following are the estimated earnings of the Southern Railway system for the third week in July:

Southern Railway Company, excluding St. Louis-Louisville lines:

This year.	Last year.	Increase.
$979,901.	$868,323.	$11,578.

Southern Railway Company, St. Louis-Louisville lines:

This year.	Last year.	Increase.
$ 75,741.	$ 70,934.	$ 4,807.

Leaf Tobacco Market.

In spite of a short crop there seems to be no end to the sun-cured tobaccos to be sold. The receipts at the four warehouses last evening were sufficient to guarantee fairly good breaks this morning. The manufacturers are eager for stock, and the probability is that the sales this morning will be lively.

Produce Market.

The receipts of country produce on Cary Street yesterday were large enough to meet the demand, and the business of the commission men was fairly active from early morning to the closing hour in the afternoon.

There were no material changes in prices, but the market was very firm at former quotations.

Trade Report.

Bradstreet's to-morrow will say for Richmond and vicinity: Seasons are favorable for growing crops.

The produce market is active and the supply of Southern vegetables and melons is greater than the demand.

Collections are not good.

MAYOR JOHNSON MUST STOP WORK

Ordered by Court to Let Tracks in Street Alone Until Case is Heard.

(By Associated Press.)

CLEVELAND, O., July 26.—Mayor Tom L. Johnson, and W. J. Springborn, Director of Public Service, appeared before Judge Ford in Common Pleas Court today to answer to the charge of contempt, made against them yesterday by the officials of the Cleveland Electric Railway Company. It was alleged that they were in contempt, because they failed to obey an injunction issued by the court, restraining them from tearing up the track of the Cleveland Electric Railway, in Fulton Street.

Judge Ford decided that the whole matter should be postponed until Tuesday, July 31st, in order to have the merits of the question brought out. The court held that the Mayor should have observed the injunction when it was served, and ordered that further work in that street cease forthwith.

The Larger List.

"Why do you look so pleased over the mere making out of a list of those you are going to invite to your reception?"

"You're mistaken. This is a list of those I'm not going to invite!"—Stray Stories.

Irresistible.

Summer Hotel Proprietor: "Glad! We never had so many men guests before. D' you suppose it was my advertisement of fine air that brought 'em?"

His Partner: "No; my advertisement of fine heiresses."—Puck.

DROPPED CHISEL ON CASE OF DYNAMITE

One Killed, Several Hurt and Much Damage Done to Property.

(By Associated Press.)

MACON, GA., July 26.—A special to the Telegraph from La Grange, Ga., says: This afternoon while Willie Stewart, in the employ of the King Hardware Company, was showing a customer a chisel, he dropped it in a case of dynamite, causing an explosion. Stewart was killed instantly and several other men in the store were badly hurt. The stock of goods, valued at $25,000, was badly
