FIGURES OF TRADE

NEW YORK, Dec. 30.—Money loaned at comparatively easy rates today, ruling at from 5 to 6 per cent. The highest rate was 8 and the closing bid lowest 5 per cent.

Exchange steady; posted rates 486½ to 488; actual rates, 486¼ to 486½ for sixty days and 488½ to 489 for demand.

Governments steady; currency 4s, 106 bid; 4s coupon, 107½; extended 2s registered, 99 bid.

Pacific railroad bonds closed: Union firsts, 109½ bid; sinking funds, 109¾ bid; Centrals, 107½ bid.

There was a fair amount of trading on the stock market during the morning hours. Manhattan, as on several preceding days, was the feature. It fluctuated wildly. In the early trading the market was strong, with prices fractionally higher. The money market worried more stringent for a time after mid-day and the rate for call loans was bid up to 8 per cent. The strong army was doing its part to the action of the banks in calling in their loans in order to prepare for heavy disbursements on interest and dividend accounts next week. In addition to the stringency of the money market the fact that $60,000 in gold had been engaged for shipment tomorrow by the European steamers, coupled by rumors that rather large shipments would be made early in the year, also helped to depress values. Trade was on a limited scale during the afternoon. Late in the day the monetary need somewhat and there was a sharp rally near the close. The total sales of all stocks for the day amounted to 264,000 shares.
