FIGURES OF TRADE

New York, Jan. 17.—Money on call has been easy, ranging from 1½ to 2½ per cent, the last loan being at 2½ per cent and closing offered at 2½ per cent.

Government bonds have been dull and easy. Railroad bonds have been active and strong. Posted rates 487 to 490.

The upward movement in the stock market showed signs of having culminated today; at least there was less urgency in the demand, and while little pressure of long stocks was seen, the bears and traders were more active and were looking for soft spots upon which to make an impression. The advices from Washington gave a more hopeful outlook for action on the Georgia law report, and most of the early weakness in part with their stocks under these circumstances. The coal stocks were especially strong in the forenoon, in Lackawanna specialty sharp advance, but the others did not respond, though rising fractionally. Later in the day Reading was heavy on the announcement that this was the last day it would handle the Coxey Brothers' coal tonnage. The following on the part of New Jersey authorities to break the coal combination has led to attempts in other directions to have official action taken, and considerable pressure is being brought to bear upon the authorities at Washington to take a hand in this matter.

MERCURIAL

Mr. J. C. Jones, of Fulton, Ark., says of S.S.S. "About ten years ago I contracted a severe case of blood poison. Leading physicians prescribed medicine after medicine, which I took without any relief. I also tried mercurial and potash remedies, with unsuccessful results, but which brought on an attack of mercurial rheumatism that made my life one of agony. After suffering four years I gave up all remedies and commenced using S.S.S. After taking several bottles, I was entirely cured and able to resume work. S.S.S. is the greatest medicine for blood poisoning to-day on the market."
