FIGURES OF TRADE

New York, Jan. 23.—Money on call was very easy, ranging from 1 to 2 per cent, the last loan being at 1½ per cent and closing offered at 2½ per cent.

Prime paper, 4@5½ per cent.

Government bonds have been dull and firm. The stock market was again active today, but extremely so only the first hour when the continuous sales of the officers ran the trading up into large figures. There was more favorable news today and more purchasing of long stocks, especially among the industrials, coalers and grangers. The principal cause of this, however, was found in the announcement of a further shipment of gold to Europe by a new steamer tomorrow, which rather upset the calculation of the bulls and dampened the buying spirit which was last week so prominent a feature in trading. The sharp decline in Manhattan and consolidated gas as well as Rocking coal, dragged the entire market with the aid of the gold shipments, aforesaid. The failure to bring the bituminous coal companies of Ohio together has induced heavy realizations on the late rise in Rocking coal and today it declined from 22 to 18, but another attempt will be made to get the companies together, and a call will soon be issued for a meeting of the association to be held either in New York and Cleveland and knowledge of this led to complete recovery in Rocking coal stock. The sale of list stocks aggregated 676,000 shares.

Chicago Grain.

Chicago, Jan. 23.—Wheat was a shade higher early on some good buying by prominent local operators, with news at the above saturday's close, but then turned weak and at the close was ½c lower than it was Saturday night. The report of the destruction of a St. Louis elevator yesterday with 1,100,000 bushels of wheat helped to cause a rather firm feeling at the start, as it was expected that it would result in a certain decrease in the visible supply. The corn market was exceedingly dull, but was quite firm during the first hour of the session. Later on reports of an increased supply of railway cars and an expected free movement on that account from country stations, there was an interval of considerable weakness. Closing prices were ½c lower. The oats market was inclined to be firm and acted so until corn commenced to break. It then weakened, and at the close was ½c lower than on Saturday night. Provisions were remarkable strong on only a moderate amount of business. The receipts of hogs were only 22,000 head, compared with estimates of 17,000, and for tomorrow only 15,000 are looked for. Pork and lard gained 25c and ribs 15c.

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.
