FIGURES OF TRADE

New York, Feb. 6—Money on call has been easy, ranging from 1 to 2%; last loan at 2 and closed offered at 1.

Commercial government bonds have been dull and steady.

Posted rates, 484 to 486.

There was a tremendous active business in stocks today. The good question was the meeting force in the market and when the sellers, by a vote of nearly 30 to 1, refused to vote on a motion to repeal the silver law, the market weakened considerably under pressure of long stocks. Information being accumulated by the operators of the bears, who, from that time, moved prices their own way.

Sterling exchange was firmer, the bills drawn against gold shipments having been readily absorbed, and bankers announce that shipments of gold are likely to be made at the end of the week. Foreign advances received, that should the silver law be repealed, there would probably be less demand for gold.

The industrial stocks were not so prominent in the dealings and only cordage and sugar showed any particular strength. The rest moving in unison with the general rallies and declines, showing a final loss of only 1 per cent.

The strong feature was Northeastern, but that only in the beginning, when there was an urgent demand for the stocks and the price. Early in the time for closing of the books and to the interest that one or the other side in the contest for control was strengthening the line. Among the speculative, the arrival of the City of Paris induced a little life in Pacific Mail, but Colorado Coal was the only one to make any material change, rising to Board Saving back 1 per cent.

The market closed active and weak, at about lowest prices. Total sales aggregated 201,800 shares.

Chicago Grain.

Chicago, Feb. 6.—Wheat sold early in the day higher on the value at the close fluctuated quietly, but closed with a net each of only ¼c. Fear of the anticyclonic bill, the very small decrease of 3,000 bushels in the visible supply and the snow storm quieting the heavy shorts, caused a rally in the last hour. There was a little business in Europe early in sympathy with wheat, but the bears were quiet and the increase in stocks heavier yesterday and the increase in stocks caused the gain to be more than lost two hours later when wheat lost much of its strength. Closing prices were lower.

Oats were quiet and firm until the last ten minutes of the session, when they broke in sympathy with corn and closed lower.

The provision market was controlled by lard. Lard is wanted by Parbanks. There is a little of it that few people trade in it and make the brokers of the big owner in the pit can make the price what they like. Today they put it up 10c. Pork and ribs closed unchanged.
