RAVEN, BACON & Co., (Successors to BACON & RAVEN,) Piano-Forte Manufacturers, Warerooms No. 135 Grand-st., near Broadway, where a full assortment of Instruments may be found exclusively of our own manufacture. Warranted in every respect.

THE DRIGGS PATENT PIANO-FORTES are all of the full scale of 7 octaves. The most experienced workmen, the greatest perfection of mechanical skill, and the best seasoned materials are employed in their manufacture.
They are constructed on a solid iron frame or bed plate, entirely separate from the case, thus relieving the case, sound-boards and all the wood-work from the strain of the strings, making them much more solid and enduring. There are two sounding boards, arranged as those of a violin, giving three times the amount of vibrating surface found in any other piano-forte, which being free from the strain of the strings, becomes more sonorous and pure on their vibrations as the pianos become older. Their construction is the most simple and scientific, and they are the most enduring and full-toned pianos ever made. Call and see them, at
