FIGURES OF TRADE

New York, Feb. 13.—Money on call has been easy, ranging from 2 to 4; last loan at 2 and stocks closed 2.

Prime paper, 4@7 to 4@9; commercial, 4@6 to 4½.

Government bonds dull and steady.

Business in the city markets showed a considerable further contraction today, the trouble being more pronounced in the great part of the dealings were confined to the bull side, on the impression that something would result from the conference of the secretary of treasury with the bankers that would be favorable to the stock market. Prices were, therefore, bid up on the assumption, as there was little or no offer positions to buy for the long account and even less to part with holdings already acquired. The street has given up the idea that any immediate change will come in the silver situation, but the impression prevails that if bonds are issued to increase the gold reserve, that the stock market will respond with a general advance. Sales of listed stocks today aggregated 116,000 shares, and of unlisted, 20,700 shares.
