WILL TEST THE LAW

William Oswald Arrested by Revenue Officers

FOR SELLING RED LIQUOR

Without Paying the Special United States Tax—He So Aided a Friend. Other Court Matters.

William Oswald was arrested yesterday on a charge of selling liquor at wholesale without paying the special tax.

The case is a peculiar one. Mr. Oswald has been in the habit of buying his liquor in five barrel lots. The liquor was held in bond in Kentucky and a receipt would be forwarded to him. When he was ready for a barrel of liquor he would have it shipped to him. Mr. Oswald has a friend in Lowell, a Mr. Swayze, who keeps a saloon, to whom he divulged the secret, and advised him to try it. It was agreed that Mr. Oswald should buy ten barrels, five for his friend and five for his own use. This was done, and the warehouse receipts were made out in Oswald's name. Mr. Oswald indorsed one of the receipts to Mr. Swayze. The revenue officers got onto the racket but are not sure that there is a violation of the law. The case will be tested to see if a saloonkeeper may buy directly from the distillery and hold large quantities of liquor, and hold it in bond, to be drawn on as desired. Mr. Oswald was examined before Commissioner McQuewan, and was held for trial at the March term. He gave bonds in the sum of $200.

MUST PAY HER SHARE.

Suit to Foreclose a Mortgage on Kenwood Addition.

John A. B. Mead filed a bill of foreclosure yesterday on a piece of property in Paris township. The bill sets forth that John A. B. Mead and Edward Patterson purchased the land from the late Isaac D. Hazen. To secure the purchase price a mortgage of $17,000 was executed. Afterward James Mead became owner of an undivided interest in the premises, and it was then platted and is known as the Kenwood addition. After it was platted Clara Patterson obtained all the rights of Edward H. Patterson in the premises and it was replatted. In November last the Mead boys deeded to Clara Patterson their right and title to lot 17 and buildings, block 1, and lots 1, 2 and 3 of block 2, and all of block 6 of the unplatted addition. In return Clara Patterson deeded to the Mead boys lots 1 to 16 and 18 to 27 of block 1, lots 4 to 30 of block 2 and all of blocks 3, 4 and 5 of the addition. According to the terms of the deal Clara Patterson assumed $3,626.66 of the Hazen mortgage and to pay $354.80 accrued interest. The Hazen mortgage made it imperative that interest should be paid promptly, and it is alleged that Clara Patterson has not paid her share of the interest. The Mead brothers have a mortgage on her share of the premises covering the portion of the mortgage which she assumed, and they wish a decree to sell the lots to reimburse them for the interest they have paid on Clara Patterson's share of the Hazen debt.

MUST SUPPORT THEM.

Martin De Bruin in Trouble Once More.

The county superintendents of the poor and the prosecuting attorney's force, held a session regarding the family troubles of Martin De Bruin and his wife Joanna. The result was that David Lankester swore out a warrant for De Bruin and will have him put under bonds to support his two children.

The facts in the case are somewhat mixed. Last spring Mrs. De Bruin caused the arrest of her husband for non-support; later she began divorce proceedings and secured Dan Malcolm, ex-assistant in the prosecuting attorney's office. In some manner, the attorneys, who seemed afraid they would not get their fees, induced Mrs. De Bruin to sign a stipulation by which she waived all her rights in the property which she and De Bruin owned. In consideration of this agreement she received $50. As is often the case the lawyer clinched most of what his client received. Mrs. De Bruin received $10 and the attorney took $40. For certain reasons a decree was not granted and Griffin and McDonald took hold of the case. They are about ready for a decree, but if a decree is granted it will leave Mrs De Bruin and two children for the city to support, as she can get no alimony and has no claim on the property. It is proposed to begin suit to have the waiver of her rights set aside to compel Mr. De Bruin to support the children.

DISCOVERED A CLAIM.

Charles F. Pike Had Not Closed the Babcock Estate.

Charles F. Pike petitioned the probate court yesterday to be appointed administrator de bonis non for the estate of Charles A. Babcock. The petition set forth that Mr. Babcock died in New Orleans in 1876. Mr. Pike was appointed administrator of the estate and settled the affairs and rendered a final account and was discharged. It now appears that Mr. Babcock, who was a naval officer, has a claim against the government, and it is to collect this claim that Mr. Pike asks for reappointment. The amount of the claim against the government is not stated, but amounts to several hundred dollars.

WILL GO HIGHER.

Chinnick Fined $100 and Costs, But Appeals.

Ed Chinnick, convicted of keeping a gambling house, was sentenced in police court yesterday morning to pay a fine of $100 and costs, or in default to be confined in the county jail three months. Chinnick immediately appealed the case.

An amusing incident, regarding the meaning of a word, occurred in the jury room after the jury retired in this case. The words abet and abetting were frequently used in the progress of the case, and one juror supposed the word meant to bet on the game which was in progress when Sergeant McCarthy broke down the doors. He declared he could not agree with the other five jurors, because Chinnick was accused of abetting in gambling and there was no proof that he bet at all. The result was that the jury had to return to the court room and get a definition of the word abet.

It is now supposed that the jury which tried A. G. Charters had trouble over the meaning of this word and the secret of their disagreement was in not understanding the meaning of the word. The case against Chinnick may be taken to the supreme court, as there is considerable question regarding what testimony should be allowed in a case when it is impossible to get positive evidence as to the guilt of the parties found within a gambling room.

Ort Earned It Easily.

Two men called at the office of the judge of probate yesterday and asked what had been done with the will of Jacob Groenwald. The paper was found filed away with pending papers. The gentlemen explained that F. J. Ort had been employed to look after the will and he had informed them that he had done what was necessary and collected a fee of $5 for it. They now found that he had done nothing except to file the paper. The two gentlemen were very angry and applied to the prosecuting attorney to see if Mr. Ort could not be forced to disgorge.

Sued the City.

Donald McCloud began suit yesterday against the city of Grand Rapids for $500 damage. He claims he has properly constructed the Madison and Fifth avenue sewer, and the board of public works have accepted the work. The common council has taken the matter into its own hands and has refused to allow the final account. Mr. McCloud proposes to see what the courts will allow.

All Paid Fines.

Mate Morrison, who pleaded guilty Tuesday to the charge of keeping a house of ill-fame, was fined $50 and costs yesterday. The other four girls paid $20 and costs. Minnie Nichols, who claims she is the housekeeper in the dive kept by Mate Morrison, will be tried February 23.

Reuben Is Insane.

Reuben Skinner, the old man who was acquitted of attempting to murder his wife with an ax, was adjudged insane by Judge Grove yesterday and will be taken to Kalamazoo. Drs. Appley and Wood testified that Mr. Skinner is insane.

Minor Court Notes.

This is the last week for serving notice of trial for the March term of the circuit court.

Tom Griffin and Fred Bardell, the two boys arrested for burglarizing a store on Plainfield avenue, pleaded guilty and they were turned over to the county agent.

PEOPLE BY STORM

Over 300 Have Tested the Free Treatment the Past Week.

One Hundred and Six Turned Away Pronounced Incurable.

But Sixteen Days Remain at Sweet's Hotel — Buffalo Medical Council.

For the purpose of extending their already wide world popularity, and with a desire to convert to this many-sided requisite made from time to time by the friends and admirers of this progressive system, one of our consulting physicians will pay a professional visit to Grand Rapids, where at his parlors (especially arranged) at the Sweet hotel he will give to all those holding appointments as well as all others who desire consultation, advice, examination and TREATMENT, FOR AN ENTIRE MONTH, FREE OF CHARGE, to all who call during our month's visit. Thus giving sufferers from all forms of CHRONIC DISEASES personal attention, and thereby all the advantages of this new system, which has worked such marvelous cures in Buffalo and surrounding country. Although the time and expense to them in giving this vast treatment will cost them at at least Five Thousand dollars, yet they feel the number they will treat will be so large, the cures they will make will be so varied, the good they will do will cover so large a field, that the advertisement will be double what could be obtained with the expenditure of $20,000 in any other way. They also hope to bring to the notice of all invalids their ELECTRO MAGNETIC INSTITUTE, as well as their especial system of practice. All they ask in return is that every patient so treated will appoint themselves a committee of one to state to all their friends the result obtained in their individual cases by the German system. So the rich and poor may come daily from 10 a. m. to 1, and 2 to 4 p. m. and 7 to 8 evenings, for the entire time as above.

They treat all female troubles by the German method, which does away with all speculum examinations, rings, pessaries and local treatment.

They also desire to impress upon all men who are suffering from the errors of youth, that they are the sole importers of the justly celebrated Hudoo remedy so well and favorably known in the old world as the ANTI-AGNECHAL TABLOID METHOD. They will guarantee an absolute cure in all cases taken.

All desiring to test the system will have such an opportunity for one month free of charge.

They earnestly invite you to come, see and examine for yourself their institution, advantages, appliances and success in curing the chronic ailments of suffering humanity. Their patients are numbered from all parts of the world, and so remarkable has been their success that we pause in wonder at the superior qualifications of the physicians who can FORM A STRICTLY SCIENTIFIC KNOWLEDGE OF THE STRUCTURE OF MAN, TELL DISEASE AT A GLANCE, WITHOUT ASKING ANY QUESTIONS, LOOKING AT THE TONGUE OR FEELING THE PULSE.

No explanation is necessary from the patient, no previous knowledge of the case. Every ache, pain and disagreeable feeling pointed out and described better than the patients can themselves. He locates, describes, understands and explains disease at a glance, historizes its incipiency, progress and termination. Teaching in his consultation the patients' inherent power over all their weaknesses and debilities which lead to all the various diseases incident to their natures, gives the proper remedy and course of treatment necessary to a perfect and permanent cure. No person should doctor any longer or take any more medicine before consulting him. Not only will they be surprised at his wonderful knowledge of disease, his plain, concise explanation of every cause and effect, but at the rapidity with which he relieves and cures the most obstinate diseases by his very progressive system. The only system by the aid of which, coupled with his knowledge of the structure of man, and his experience with the peculiarities of disease and its action upon the functions of the body, he demonstrates to the patient whose life is endangered, the real cause of his trouble and points to an absolute relief and cure.
