FIGURES OF TRADE

New York, Feb. 16.—Money on call easy, ranging from 1 to 1½ per cent; last loan at 1, and closing offered at 1½.

Prime mercantile paper, 4@6½.

Sterling exchange firm and steady. The stock market today was active, but extremely irregular, feverish and in the main weak. There was a marked absence of support and the bears were again active and aggressive and succeeded, by concentrating their efforts on the industrials and on one or two other stocks, in bringing about material declines in other shares. The general list was moved within a narrow range on comparatively light trading and showed only small fractional losses at the end of the day. The general impression grew that the insiders were liquidating in sugar, and a vigorous drive was made at it early in the day, which depressed some other shares with the usual result of accelerating the decline and extension of the downward movement.

The action of the lead directors in declaring only 1 per cent upon the stock caused a rush to get from under, while the bears endeavored to cut the market from under the feet of long values and from all at the opening it declined to 87½, and closed at the lowest point with a loss of 1½ per cent. Sugar showed a like decline, closing also at its lowest point. Special weakness was seen in the railroad list, only in New England and Omaha. The rest of the market was barren of flurries, but most prices were generally at about the lowest point and the market closed active and weak at the decline. The sales of listed stock aggregated 315,000 shares, and of unlisted stocks 200,000 shares.

Chicago Grain.

Chicago, Feb. 16.—Wheat ruled very tame after yesterday's exciting market and held nearly the same very close to the final quotations of yesterday. The news and the conditions were in the main bearish, but seemingly had very little effect on values, as the buying by shorts, to secure profits, was sufficient to prevent any pressure by the offerings. There was also some show of buying by outsiders generally supposed to be connected with the cities, but they seemed to be shooting more than trading, and the suspicion grew that it was an attempt to bolster the market rather than a desire to increase holdings. Prices closed ½@¾ higher. It came near being much higher, the fact that the S. V. White line of cars was sold out yesterday and many of the shorts got crowded up on the proposition caused a bearish feeling. This was balanced by news that's stand on the boards side and day. The movement was not remarkable in any way. Closing prices were for longest. Oats were quiet, but prices were for longest. The close being made at the above, yesterday's figures. Trade was light and scattered. There were more large prices in long positions today. Receipts of things were under expectations 24 cars of hogs. Prices at the yards were 5c to 10c higher. Pork closed 5c higher, lard 2½c lower and ribs unchanged.

Decidedly Shaky.

A trembling hand, an uncertain step, fidgetiness, indicated by restless shifting from one place or posture to another, anxiety mental uneasiness at unexpected noises, are among the indications of extreme nervousness. These seem trifling, but the health of men and women in this condition is "decidedly shaky." Table is to overthrown disastrously by causes which the vigorous might defy. To fortify the nervous system, general vigor must, through the medium of enfeebled digestion, and a renewal of an impaired power of sleeping at night, be raised to a healthful standard. A guarantee of this is Hostetter's Stomach Bitters, which reestablishes digestion, bile secretion and the habit of body on a permanently regular basis, thus renewing that bodily equilibrium, which is followed by a gain of strength and nerve tranquility. For kidney complaint, rheumatism, neuralgia, and as a preventive of the first attack or subsequent return of malarial disorders, this medicine is without a peer. Thrice daily take a wineglassful.
