KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Money and Stocks Assume a Firmer Aspect.

PRICES - HAVE PICKED UP.

The Bears Fought Against the Rise, But Were Unable to Check It Permanently.

NEW YORK, April 25.—The sales of listed stocks today were 228,131 shares, and of unlisted stocks 60,875 shares.

Money on call has been easy, ranging from 6 to 4 per cent, last loan at 4 per cent and closing at 4 per cent.

Posted rates, 4.86½@4.88.

Government bonds steady.

While the stock market was by no means active, a much firmer tone characterized the dealings than of late and the trend of prices was distinctly upward. The bears fought the rise step by step and at intervals succeeded in bringing about reactions of more or less importance, but each decline brought in buying orders and substantial rallies ensued. Toledo continued heavy with a further decline from 24 down to 17¾. The weakness was due to forced sales by those who could not risk further declines. The bears tried to use the break in Toledo and New England and distillers against the market, but they were unsuccessful. The drop in Distillers was occasioned by advices from the west that the proposed bond issue would be hotly contested by certain of the stockholders. The general run of stocks improved ⅜ to 2½ with the industrials in the lead.
