WAR IN THE HOUSE

McKinley Joins the Democrats to Filibuster

ON A JUDICIARY BILL REPORT

Quiet Is Restored After a Stormy Scene—The Work of Legislation Advancing Rapidly.

LANSING, Mich., May 23.—The Alpena charter came up in the house immediately after the roll call, and it was just 11:45 when the clerk announced that a majority of the members-elect had voted for the passage of the bill. Mr. Barkworth and Mr. Sullivan were responsible for the delay. They objected, appealed and called for so many roll calls that a Philadelphia lawyer would have given up in disgust. However, they failed to "rattle" the speaker, and got no more than they were entitled to under the rules. It is doubtful whether a vote on the bill would have been reached before 3 p. m. had not the speaker taken advantage of every parliamentary point at his command. The bill was a partisan measure, and the majority of the house took advantage of the fact.

After the passage of the bill Mr. Sumner called up the senate bill providing for separate boards of control for the state prisons, and Mr. Barkworth, who secured the floor, talked fifteen minutes in opposition to it. His surmise that his advice would not be heeded proved correct, and the bill was passed and the house took the noon recess.

During the afternoon Mr. Sumner introduced a concurrent resolution extending the time of final adjournment from Thursday until Saturday noon, and it went over one day under the rules.

Business went along very smoothly until Mr. Gordon, the chairman of the judiciary committee, submitted a report of that committee on the general tax bill. McKinley, republican, and Mr. Barkworth, both members of the committee, denied all knowledge of the report and refused to accept it. However, the house was asked to concur in the amendments of the committee and did so, Mr. McKinley voting with the democrats against concurring. It developed in debate that the judiciary committee held a meeting last Sunday and Messrs. McKinley and Barkworth were not present. Mr. Bishop moved that the bill be placed upon the order of third reading and made the special order for 7:30 o'clock this evening. This was the signal for one of the wildest scenes yet seen upon the floor, the debate being participated in by Messrs. Gordon, Barkworth, Newkirk, Sullivan and Buzzell. The debate was a heated one, all the speakers going into personalities and accusing each other of unfairness, negligence, etc. There was a large crowd of spectators in the gallery, and as they applauded the republican speakers, Mr. Buzzell wanted them to keep quiet or leave. Some of the speakers were hissed, while others were applauded, and Mr. Chamberlain, who was temporarily acting as speaker, had his hands full" preserving order. He proved fully equal to the emergency, however, and piloted the house safely through what at one time gave promise of developing into war. When the question of making the bill a special order for this evening it prevailed, McKinley being the only republican to oppose it.

Church Taxation Defeated.

The church taxation bill came up this afternoon, and, contrary to general expectation, occasioned no debate. It was put to a vote and defeated by 33 yeas and 35 nays.

The following bills were passed during the afternoon: Making an appropriation for marking the position of Daniels' Michigan battery and four companies of Michigan troops in the battlefield of Gettysburg; consolidating the laws governing the state penal institutions; authorizing cities with not more than 25,000 inhabitants to operate electric light plants and furnish light to private individuals and corporations; giving to the city of Detroit an additional recorder; allowing Detroit to control the Detroit & Saint Clair River road company; naval militia bill, carrying with it no appropriation.

Mr. Sullivan's concurrent resolution providing, on behalf of James J. Brown, a account of the votes for circuit judge in the thirty-third judicial circuit, was referred to the committee on judiciary, the democrats voting against such action.

The bill appropriating $2,000 annually for a state weather service bureau was defeated.

Recess until 7:30 p. m.

The Night Session.

The tax bill occupied the entire time of the house tonight, the reading not being finished when the house adjourned at 10 o'clock. Forty-three of the forty-six pages were read. The senate went into committee of the whole and agreed to the bill for a commission to frame a municipal court bill, the bill using parlor and sleeping cars and the bill increasing the salaries of justices of the supreme court to $5,000 and requiring them to reside in Lansing.

WORK OF THE SENATE

Business Despatched With Commendable Celerity Yesterday.

LANSING, Mich., May 23.—The senate got right down to business bright and early this morning and during the forenoon session passed the following bills with little or no debate: A bill authorizing the city of Detroit to acquire lands outside the city for use as public parks, etc.; amending the act regulating corporations doing business in this state to keep a list of their stockholders and a transfer book within the state when their principal office is outside the state, authorizing the state board of education to grant certificates in certain cases, appropriating $10,000 for an insane asylum in the upper peninsula; amending the law relative to the visiting of educational institutions; amending the law relative to the salaries of probate judges, providing for a public sanitary cooling system in each township, city or village for the protection of toilers against the unjust demands of employers, regulating the length of time which shall be a day's labor for workmen and prescribe compensation for over time; preventing any employer from coercing any employe from joining any lawfully organized labor organization; authorizing Alpena to bond for water works; the Monroe factory inspection bill, fixing the salaries of state officers; for the organization of the naval militia.

Recess until 8 o'clock.

At the afternoon session but one bill was passed, that being the bill regulating the judge of the sixteenth judicial circuit to hold court in the thirty-first judicial circuit on certain occasions.

A majority of the committee on finance and appropriations recommended the passage of the bill raising the salary of the attorney general from $2,500 to $3,000 and raising his clerk hire from $1,200 to $1,600, Senators Fox and Sawyer dissenting. The bill was placed on the general order and agreed to in committee of the whole.

The special committee on municipal corporations recommended the passage of the house bill providing for the appointment of a committee to report a general municipal corporation bill.

The committee on roads and bridges made a favorable report on the house bill providing for county and township supervision of roads.

The judiciary committee was instructed to report out tomorrow the bill providing for the Sunday closing of barber shops.

The committee on railroads reported favorably on the bill providing that the upper berths of sleeping cars shall be kept closed when not occupied, and the special committee recommended the passage of the bill taxing palace, drawing-room and sleeping cars.

The conference committee on the orange bill made a majority and minority report. Senators Clark and Clapp joined Representative Barkworth in recommending that the senate recede from its amendment to the bill, and that as a substitute, therefore, it be amended by the incorporation in the measure of the following: "But no oath, obligation or pledge shall be required of an applicant for membership which is in conflict with the constitution or laws of the United States, or requiring discrimination against a person on account of religious affiliation or association."

Senator Gibson and Representative Bishop joined in a minority report, recommending that the senate recede from its amendment and offering nothing in its stead. Both reports were tabled, but afterward the president ruled that majority and minority reports from a conference committee were not in order, and the reports were referred back to the conference committee.

The Black river appropriation bill was not recommended by the committee on finance and appropriations, and was placed on the general order.

Recess until 8 p. m.

SUMNER'S APPORTIONMENT.

The Sixth District to Be Kent, Ottawa and Ionia.

LANSING, Mich., May 23.—The statement made yesterday regarding Colonel Sumner's proposed amendments to Senator Pierce's apportionment bill was in error. According to Mr. Sumner's amendments the following changes will be made in Mr. Pierce's bill:

Sixth District—Kent, Ottawa and Ionia counties.

Eighth District—Muskegon, Oceana, Mason, Manistee, Lake, Newaygo and Mecosta counties.

Tenth District—Saginaw, Bay, Arenac, Iosco and Alcona counties.

Eleventh District—Alpena, Presque Isle, Montmorency, Oscoda, Ogemaw, Gladwin, Midland, Isabella, Clare, Roscommon, Crawford, Otsego, Cheboygan, Emmett, Charlevoix, Antrim, Kalkaska, Missaukee, Wexford, Grand Traverse, Benzie, Manitou and Leelanaw counties.

TWO LIVES SACRIFICED.

The Fire at Belding Not as Serious as First Reported.

BELDING, Mich., May 23.—Two lives lost and $150,000 loss is the result of the disastrous fire here this morning, on which THE HERALD beat the state. Had not the wires gone down and all communication been cut off, THE HERALD would have printed a complete and accurate story. Neither the silk nor refrigerator factories were burned, but twenty three buildings are in ashes and both sides of Main street for a block have been swept clean.

Ed Youngs and Allen Armstrong became exhausted by their efforts in fighting the fire and have died from the effects. The Lansing fire department by special train arrived too late and the flames were checked by the efforts of the citizens and a drenching rainstorm.

The heaviest losses are as follows:

H. J. Leonard, $15,000, stock insured for $5,000, buildings, $15,000, insurance $9,500; L. L. Holmes, buildings, $7,000, insurance $3,500; Holmes Bros., clothing stock, $10,000, insurance $5,000; Holmes & Connell, drug stock, $7,500, insurance $4,500; Earle & Rumler, stock $3,500, insurance $1,500; H. L. Page, hardware stock, $11,000, insurance $6,000; Spencer Bros., building $2,500, insurance $1,500; Spencer & Liedy, stock $2,500, insurance $1,500; Robinson & Hudson, stock $3,000, insurance $3,000; William George, building, $5,000, insurance $2,000; John Dehn, stock, $1,000, insurance $1,200; William Reynolds, $2,000, insurance $1,500; J. M. Earle, building, $5,000, insurance $4,000; W. F. Bricker, building, $2,500, insurance $2,000; also a large number of losses under $1,000.

MESSIAH CARTER JAILED.

Like Teed and Prince Mike He Poses as a Martyr.

ST. JOSEPH, Mich., May 23.—Thornton Carter, the Watervliet "Christ," is in jail here. The charge is similar to that against Prince Michael, and was made by Eddy McKee, brother of the 16 year-old girl who is said to have been the sufferer. McKee says that Carter took improper liberties with the girl at some religious meeting which she attended. President Whitehead of the Humane society for Benton Harbor and St. Joseph has been collecting evidence against Carter for some time, and succeeded in interesting the prosecuting attorney. Carter refuses to obtain any bail, in the desire, it is believed, of posing as a martyr. His followers are ready to raise any amount.

Shingles Burn at Reed City.

REED CITY, Mich., May 23.—A terrible fire is raging in Wenzel Brox' and Gerber & Merrill's shingle sheds, near here. The sheds contained 2,000,000 shingles, all of which have been burned. The loss already reaches $4,000.

CAST OUT, the disorders, diseases, and weaknesses peculiar to women—by the prompt action of Dr. Pierce's Favorite Prescription. A woman's beauty depends on her health—beauty in this case can be purchased. A bad complexion, a muddy skin, a wrinkled face and sunken eyes, follow the disorders of the womanly functions. Cupid is in demand for healthy women—not for sick and ailing ones.

The "Favorite Prescription" is a powerful, invigorating tonic, and a strengthening nervine, to be used in all those distressing troubles which make woman's life miserable. You'll find relief from sleeplessness, backache and bearing-down sensations. It's a medicine prescribed by an eminent physician for those nervous conditions brought on by functional disorders—such as Nervous Prostration, Irritability, Fainting Spells, Dizziness, and St. Vitus's Dance. In every case of "female complaint" if it doesn't benefit or cure, you have your money back.

VOICE OF THE PRESS

First Session of the General Congress Held Last Night.

COLONEL M'CLURE SPEAKS

Interesting Addresses and Papers Submitted by Representative Newspaper Men and Women.

CHICAGO, May 23.—Tonight in the hall of Columbus the first business session of the general congress of the public press was held, and several papers of interest to the public as well as to the newspaper men and women were presented. The opening address was by Col. A. K. McClure of Philadelphia, editor of The Times, and a speaker and writer of renown. His topic was "The Relations of the Press to Political Life and power." And he gave the audience a full measure of information, based on personal reminiscences. William Henry Smith, for years general manager of the Associated Press, followed Colonel McClure, and spoke on "The Public Press as the Advocate of Human Rights and the Champion of the Interests of the Common People."

"Woman as a Newspaper Proprietor and Editor" was the title of a paper which was prepared by Mrs. E. J. Nicholson of the New Orleans Picayune, and read by Catharine Cole. John Temple Graves of Georgia then took the platform and delivered an address on "The Relations of the Press to Current Events," and Mrs. Elizabeth Bisland Wetmore of New York, one of the women who have gained enviable positions in newspaper work, concluded the formal program of the afternoon with a paper on the ethics of journalism.

Donnelly is Dead.

LANSING, Mich., May 23.—Donnelly the burglar who was shot in the capture of the "Doc" Bentley gang is dead. Donnelly was a born criminal and was the willing tool of the more clever "Doc" Bentley. The latter came out of the fight without a wound.

Crops Are Improving.

WASHINGTON, May 23.—The government crop report says: For Michigan—farmers mostly finished oat seeding; considerable preparation made for corn; meadows and pastures improving and oats and rye doing well.

Entirely Satisfactory.

W. J. Arkell, publisher of Judge and Frank Leslie's Illustrated Newspaper, writes:

"JUDGE BUILDING,
Cor. Fifth Ave. and Sixteenth St.,
NEW YORK, January 14, 1891.

"About three weeks since, while suffering from a severe cold which had settled on my chest, I applied an ALLCOCK'S POROUS PLASTER, and in a short time obtained relief.

"In my opinion, these plasters should be in every household, for use in case of coughs, colds, sprains, bruises, or pains of any kind. I know that in my case the results have been entirely satisfactory and beneficial."

Ex-Mayor Long

Cured of Indigestion and Dyspepsia

General Health Built up—Wife Also Greatly Benefited.

Hon. Geo. S. Long

Is a very popular and successful lawyer of Troy, Ohio. He stands high in the estimation of his fellow citizens, having been mayor of the city. He writes as follows:

"In this case my brief contains a good many important points in favor of Hood's Sarsaparilla which I feel it my duty to file with you. We have found the medicine of very great value at our house, as my better half and myself have both been greatly benefited by it. I got into quite a serious condition with

Indigestion and Dyspepsia.

I had very little appetite, and when I did eat suffered very severely with nausea and distress in my stomach. At times I had very severe headaches, and in the mornings would feel that tired feeling and feel so **dull and spiritless** that I felt no inclination to attend my business. But I found in Hood's Sarsaparilla a true friend. It seemed to give strength to my weak stomach, restored my appetite, and assisted digestion, so that I can now eat heartily and enjoy it. With the disappearance of my indigestion **I have also felt**

Renewed Strength and Vigor,

and every day feel as though I could do three times as much work as formerly. And best of all, the benefit is not temporary, but permanent. My wife was in a weak, nervous, debilitated condition, growing worse all the time. Hood's Sarsaparilla did her so much good I persuaded her to take it, and to her case, also, it seemed to work like magic. It built her up finely, and did everything you claim in saying

Hood's Sarsaparilla

'Makes the Weak Strong.' We are warm friends of Hood's." GEO. S. LONG, Troy, Ohio.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

A. J. SHELLMAN

Scientific Optician.

67 Monroe street, Grand Rapids. Eyes tested for spectacles free of cost, with the latest improved methods. Glasses to every style at moderate prices. Artificial eyes to suit every case. Any instrument of every description to benefit the deaf. Sole agent for the spectacles, 66.

THE LASSITUDE OF SPRING.

A Few Words Setting Clearly Before You the Reasons for a Very General Complaint and the Easy Means at the Hand of Grand Rapids People to Cure It.

Spring appears to have fairly come, yet "that last cold" you contracted still clings to you, doesn't it? In fact it is even more annoying than it was during the inclement weather. You wakes with a bad taste in your mouth, and your nostrils tightly stopped up with hard substance, and your throat easily fills up and you have to cough and spit to clear it these mornings. Your appetite is weak and variable and you have headache easily. Your whole system is weak and languid—you feel "all washed out." You had best have that cold and throat trouble cured. That is what is causing your weak appetite. The season has loosened up your catarrh—that's what that lingering cold and choked-up head means—just incipient catarrh. And this catarrh is affecting your stomach—causing that nasty taste in your mouth in the morning, impairing your digestion and so making you feel miserably and "all out of fix." If your appetite was good you would be all right soon. A month's pleasant treatment now will correct all this and tone you up. It may take you longer if you let the matter go. Drs. Copeland and Graham, of 192 East Fulton street, are the leading specialists of the world in this. Their total charge for a month for treatment and medicines is only $5. Perhaps you had better go in at their offices and talk with them. Thousands of people have publicly said their skill is wonderful, and they will not charge you for consultation and an opinion.

Catarrh Attacks All Mucous Membranes. It Affects the Ears, Eyes, Nose, Throat, Bronchial Tubes, Lungs, Stomach, Bowels, Kidneys, Bladder—the Whole Mucous Tract. Cure Diseases of these organs by Removing the Cause.

Digging Their Own Graves.

"Thousands of people right in this city are digging their own graves. They are burying themselves to the cemeteries. They think they have simply a bad cold in the head or a sore throat, when in reality they are walking about with catarrh—the forerunner of consumption. If they only knew the years of misery they might save themselves they would strangle the disease in its infancy. Delay is dangerous; besides it requires a hard fight to eradicate the disease from the system when it is allowed to run for years. This is the best time of year to cope with catarrh, because there is less tendency to catch cold and irritate the influenced mucous membranes. Humanity is alike the world over—people keep putting off and putting off seeing what is the matter with them, and when they might be cured for a few dollars they wait until the catarrh has poisoned the entire system and takes longer to be cured. So that procrastination is not only the thief of time but it is the thief that robs the sufferer's pocketbook."

Our system of mail treatment by means of symptom blank and correspondence is as perfect and effectual as our office work. The charge is the same—$5 a month covers everything, including medicines. Write for symptom blank to Drs. Copeland and Graham, 192 East Fulton street, Grand Rapids, Mich.

DELAY IS DANGEROUS.

Have Your Catarrh Cured at Once and Save Both Money and Time and Maybe Your Life.

America's most famous physician remarked that the most fatal diseases of our country are the ones least feared, because they are too often neglected until the system is fatally undermined and the disease passes beyond control. Catarrh is the most noticeable example of this fact.

C. J. WILDER, 18 DAYTON STREET.

Mr. Wilder, a young man of exemplary habits, and well and favorably known among the cyclists of this city, says:

"Seeing the condition that many persons were in from neglected catarrh, and knowing that I was troubled with it, I went to Drs. Copeland and Graham for treatment. I had had headache, had a full sensation above my eyes, which were weak. I caught cold easily. My nose would stop up at other times, there was a constant discharge. My throat would get sore, and raw, and irritated, and I was constantly clearing it. A cold always showed a tendency to affect my lungs, and knowing that my constitution was not robust, and fearing the disease would, if neglected, reach my lungs, as I had known in others. I determined to try for relief at once, and went to Drs. Copeland and Graham with the intention of making a trial of one month. They assured me that my cure would be prompt and effectual, and I am pleased to state that I have found it just as they promised. Now, after only two months, I find all the symptoms gone and feel so much better than I expected, that it is a surprise and pleasure to me, and I most heartily recommend Drs. Copeland and Graham's treatment as being pleasant and effectual, and them as conscientious, honorable gentlemen."

$5.00 A MONTH.

ALL PATIENTS WILL BE TREATED UNTIL CURED FOR $5 PER MONTH. THIS INCLUDES CONSULTATION, EXAMINATION, TREATMENT AND MEDICINE FOR ALL PATIENTS AND FOR ALL DISEASES.
