CO-OPERATION IS ESSENTIAL

Bartlett Says U. S. Postoffices Great Mutual Corporation.

MARION, Ohio, May 3.—The postoffice department of the United States is not an institution for politics or profits, but a great mutual corporation" to serve the people and their advice and co-operation is essential to its successful operation, John H. Bartlett, first assistant postmaster-general, declared today in an address before the chamber of commerce.

Bartlett defended the attitude of President Harding toward the civil service and declared that the "record of the civil service commission shows that no president has ever been more helpful to the system than Mr. Harding."

WHEREAS, in pursuance of the provisions of the Charter of the City of Tulsa, Oklahoma, the Board of Commissioners of said City did, by resolution, declare it necessary to pave and otherwise improve a portion of Cheyenne Avenue included in STREET IMPROVEMENT DISTRICT NO. 258, of said City; and said Board did set forth in said resolution the nature and extent of said improvements to be made on said portion of Cheyenne Avenue, and the materials with which said improvements were to be constructed, and that said improvements were to be made according to the plans and specifications to be submitted by the City Engineer, which said plans and specifications were thereafter submitted by the said Engineer and duly adopted by said board, and said Board did thereafter duly advertise for sealed bids for the construction of said improvements in accordance with the said plans and specifications; and,

WHEREAS, a contract for the construction of said improvements was duly awarded to Tibbetts & Pleasant, Inc., who executed the bond required by law and the City Engineer has prepared, submitted and filed his written statement containing the names of the persons, firms corporations and estates owning abutting property, the property benefited and other property liable to assessment for said improvements on the portion of Cheyenne Avenue in said improvement district, the number of each lot or tract of land fronting and designating the property owned by each by block or lot number or otherwise so as to identify the same and also containing an estimate of the total cost of such improvements in the portion of the street, the cost to be assessed against the abutting property, the property so benefited and other property liable to assessment, and the total amount to be apportioned to, levied and assessed against such property, and the owners thereof, according to the benefits resulting from such improvements, and said Board has duly examined, verified, corrected and approved said written statement, and has duly determined by resolution to assess the cost of such improvements, and directed notices thereof to be given to the owners of such property by publication as provided in said Charter, and has required due notice to be served upon the owners of such property by registered letter addressed to such owner and deposited in the Post Office of the City of Tulsa, Oklahoma, and said Board did in said resolution and notice set a date on which it would hear all matters affecting such property or the benefit thereto, or any claim or liability, or objections to the making of such improvements, or irregularities in any of the proceedings in reference to the making of such improvements, or any other objections thereto; and in pursuance of said action, publication and notice, such session was duly convened and held by this Board at the time designated in said notice; and,

WHEREAS, at such session this Board did meet and hear and consider all complaints and objections to the making of such improvements and the apportionment of the cost thereof, and did thereafter review, revise and correct said written statement, and did approve and confirm said statement, as so revised and corrected; and,

WHEREAS, all legal requirements have been fully complied with to authorize the levying of said assessments against the abutting property, the property benefited and other property liable to assessment and the owners thereof, in said District, and,

WHEREAS, the assessments levied by this ordinance have been apportioned and assessed upon the basis of benefits, and none of said assessments exceeds the benefits to the property against which it is assessed, said assessments are apportioned, spread and assessed against the property assessable in proportion to the benefits afforded to said property by the improvements on account of which said assessments are levied;
