PERIL IN THE WATER

Seemed to Positively a Deserted Village Today

THROUGH THE TYPHOID FEVER

Preparations Are Made to Change the Program, While Others Are Made Over Once.

Bay City, Mich., June 16.—The typhoid fever epidemic at Essexville is increasing. There were five funerals yesterday. Eight more persons died last night, and over 200 in all. Donald Kennedy, a hotel proprietor, and Professor Wright, of the public schools, are reported to live. Henry Milner Rhodes, superintendent of the water works, for the last seven. They always that he has not used Bay for nine months. The feeling against him ran high, and he has left town, in order, it is said, to escape personal violence. All the views on the Gaspike range are practically closed, people leaving by carloads every day. Business is entirely paralyzed.

CARAVELS TO STOP.

The Detroit Yacht Club Will Do the Handsome Thing.

Detroit, Mich., June 16.—The fleet of Spanish caravels are expected to arrive in the Detroit river July 1, and will remain two or three days. The Michigan Yacht club proposes to make the stay of the caravels the social event of the season. The club will pay all the expenses of the delay to the caravels, and have appointed an honorary committee, made up of city officials, with Mayor Pingree as chairman, and reception and arrangement committees. These committees, with the thirty yachts attached to the club, will meet the caravels at the mouth of the river and escort them to the club anchorage. The first afternoon a reception will be given to the officers of the caravels, army and navy officers and members of the club and their friends only being invited. This reception will last two hours, after which the club house and the caravels will be thrown open to the public, the club providing transportation to and from the vessels. Spanish flags flying, music from orchestras, and in the evening all the yachts and the caravels illuminated is expected to make a scene long remembered by Detroitiens.

Supreme Court Opinions.

Lansing, Mich., June 16.—The supreme court handed down the following opinions this morning: Affirmed—Huston vs. Waldron, Gray vs. Finn, McLeod vs. Free, Reed vs. Bond, Essential vs. Miller, Hughes vs. Tanner, Carlisle vs. Carlisle, People vs. Miller, Kunzenberg vs. City of Alpena, Stubbins vs. Tuan, Prentiss vs. Ross estate, Tillotson vs. Webber. Reversed—Butler vs. Iron Cliffs company, Michigan Dairy company vs. Kunsela, Whitaker vs. Fuller, McGregor vs. Ross estate, Kennedy vs. Benson (two cases), Tousignant vs. Shafer Iron company, Jones vs. Shafer Iron company, Pierce vs. Clusterhouse, in Attorney General vs. Detroit Suburban Railroad company, the motion for leave to file information was denied, in Jenks vs. St. Clair probate judge, a mandamus was denied.

Harmon to a Bruce.

Holly, Mich., June 16.—Bloom Harmon of this city is at present in jail at Pontiac for failing to give bonds that he would hereafter support his wife, who is in destitute circumstances. Harmon is the man who during the last six months has caused considerable indignation by the manner in which he treated his wife. Some time ago he took her and their three children out in the country and compelled them to live in a store box on a wagon. The threats of people induced him to return and behave for a time, but he is again neglecting his wife. Tar and feathers is talked of as the treatment for Harmon when he returns.

Big Shortage Found.

Detroit, Mich., June 16.—A few weeks ago Col. H. M. Duffield, one of the water board, said the result of the examination of the books of the water office, just completed by Accountant Clegg, would show that the shortage in the accounts of the four recalcitrant collectors would amount to less than $1,000, but the colonel was apparently mistaken. The report of the accountant will probably startle the board. Only a few have thus far been informed as to the amount of the entire shortage, but it is understood that it is very large—several times greater than Colonel Duffield believed it would be.

Don's Clerk Remembered.

Washington, June 16.—Attorney General Olney has appointed Walter O'Neill, one of the staff of Mr. Dickinson's Detroit law office, to a comfortable position. Mr. O'Neill will have charge of that important branch of work of passing upon illegalities and frauds against the pension laws, land laws etc., and sending the cases to the various district attorneys for the prosecution of offenders. In view of the expected crusade against those who are fraudulently on the pension rolls, the position is of more than usual consequence. The salary is $2,000 annually.

Child and Mother Gone.

Bay City, Mich., June 16.—Some days ago a child named Hattie Green was taken from her parents by order of the probate court, on the ground that they were not proper persons to have charge of her. Pending the appointment of a guardian by the court, the child was placed in the children's home, corner Fourth and Monroe streets, yesterday afternoon. She was abducted, and it is charged that the parents had a hand in it. Since the abduction the police have had no trace either of the child or of her mother.

Michigan Trust Is Receiver.

Lansing, Mich., June 16.—The Michigan Trust company of Grand Rapids, selected by the receiver of the Lansing Lumber company as trustee for that concern, have accepted the trust. O. M. Barnes, who held a chattel mortgage on all the property, has assigned the mortgage to the trust company, which has given him a trust deed for the same. The bonds of the lumber company, which have been accepted by the creditors, are now being issued.

Excursion Little John.

Saginaw, Mich., June 16.—Marie Trombley, who last winter filed the charge of the illegitimate parentage of her babe against "Little John" Seligman, has left town with her parents. Before her departure she wrote a letter to John, asking him to meet her. She also told her attorney to drop the case.

Sunstroke in Wisco Now.

Port Huron, Mich., June 16.—Hiram King, aged 16, pounded a 45-caliber shell that was loaded. He stood the amputation of the thumb and fingers of his left hand all right, but there is still a larger hole in his stomach than usual.

Blasted by Heaven.

Alpena, Mich., June 16.—A severe electrical and rain storm passed north of the city yesterday. Mikkin, a 12-year-old son of Princess Clough, who lived four miles west, was struck by lightning and instantly killed.

Blind Board Officers.

Lansing, Mich., June 16.—The board of control for the blind school have elected the following officers: President, T. W. Ormsby, Midland; secretary, Charles Montague, Cass; treasurer, G. W. Bement, Lansing.

FLOOD AND MAHER WATCHED.

If the Irishmen Wise He Will Have a Go at Billy Woods.

Chicago, June 16.—The curtain-raiser for the finish contest between Hughie Napier of Australia and Bobby Burns of Boston, which is billed to take place before the New Columbian Athletic club Monday, June 22, was closed today. It will be between Hal Flood of Sydney and big Peter Maher, the Irish champion. J. J. Quinn, Maher's backer, says that if Maher defeats Flood he will back him to fight Billy Woods of Denver, to a finish. Flood is the Australian who was in training at San Francisco for a finish fight against Joe McAuliffe when the club before which the contest was to take place was wiped out of existence.

THERE'S NOT ALL ALIKE

—Most medicines. There's only one that is an alterative and an enriching tonic as well as a blood purifier, yet possessing the virtues of all those properties found in Dr. Pierce's Golden Medical Discovery. If blood disease, eruptions or sores have taken hold, or if the liver is torpid, causing biliousness, or if you have lung weakness, even in the early stages, this "Discovery" repairs the blood so effectually that sores, boils, pimples, eruptions, blotches, tumors, glandular swellings and kindred troubles, even the worst forms of blood poison, are completely and permanently cured by it.

Any of druggists, dealers. With any others something can be said from time to time, it will generally be found an effort to sell what is not wanted, but which yields more profit than the genuine. No such claim can be made for Dr. Pierce's Golden Medical Discovery. It is what it is, for blood, lung or skin troubles, the best.
