CRUSHED BY A TRAIN

Sad Death of Young John Hanson Last Evening.

JUMPED ON A MOVING CAR

He Fell Under the Cruel Wheels at the G. R. & I. Freight House With Fatal Results.

John Hanson, a young man 19 years old living with his parents at No. 17 Hastly place, and employed at the Bissell carpet sweeper factory, died at St. Mark's hospital at 8 o'clock last evening from injuries sustained while trying to board a moving G. R. & I. freight train shortly after 5 o'clock yesterday afternoon.

The factory closes at 5 o'clock on Saturday, and the young man after leaving his work went to the G. R. & I. freight house to wait for a freight train upon which he could ride to the Third avenue crossing. His home was near this crossing, and he had often ridden down on a freight after his day's work. When the train came along yesterday he attempted to board it, but missed his footing and was thrown under the wheels. He was caught in such a manner that his right arm and leg were horribly mangled and ground into fragments, which were held together only by sinews and tendons. When taken from the track his wounds were bleeding profusely and he was nearly unconscious from the shock resulting from his injuries. The city ambulance was called, and the young man was taken to St. Mark's hospital. Dr. G. K. Johnson, the company's surgeon, was summoned, but after a consultation with the hospital surgeons it was decided that a surgical operation was unnecessary, as his injuries were of a fatal character. He had become so weakened from loss of blood that surgical treatment could not save his life, and the surgeons alleviated his sufferings as best they could by medical treatment until death came.

He leaves a widow and three sons, Dr. Charles Shackelton of this city, Elgin Shackelton of Walker and George Shackelton of Traverse City.

The Butterworth avenue car was thrown from the track, but no other damage was done.

Pretty Home of Dr. Platt.

One of the prettiest residences in the eastern part of the city is that of Dr. A. M. Platt, a view of which is given in this issue. It is located on Kellogg street, in a very pleasant locality and is just a present a point of great interest to a number of people, as a notable young lady made her debut there last Sunday evening—weight ten pounds. Dr. Platt is one of the leading dentists of the city, having been in business here seven years. His parlors are located at the corner of Monroe and Division streets and the fact that he is popular and successful is shown by the fact that he and his assistants are always busily engaged. He gives the best service in all the latest methods of modern dentistry and his patients are always perfectly satisfied with his treatment.

Banana Polish for Russet Shoes.

One of the drawbacks to the wearing of russet shoes is the fact that they so easily take on a rusty look. An easy scheme for keeping them clean and bright is given in the Chatham Republican by one whose own footgear testifies to the value of the plan. He says: "With a piece of nice ripe banana I cannot only keep russet shoes clean, but I can keep them polished as well. I simply take a piece of banana and grease the leather with it and then polish it with a cloth. In this way all the discolorations are removed and a polish is obtained."

Cut Off Two Toes.

R. & I. freight train at the Front street crossing yesterday afternoon, and in doing so stepped his right foot under a wheel. Two of his toes were so badly smashed that Dr. DeVries amputated them. The boy was taken to his home in the city ambulance.

Dainty Novelties.

Strawberry forks are a dainty novelty for the table. They are small, usually three-tined, though they may be two, and seem with their short handles to be more bowl than handle, the slender tines being quite two inches long.

ONE MASS OF SCALES

Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the Cuticura Remedies. They have cured me in four weeks' time from a Skin and Blood Disease which I have had for over three years. At certain times, my skin would be very sore, and always kept scaling and peeling off in white scales. In cold weather my face was one mass of scales. When in the cold air the pain was intense; it would almost bring tears to my eyes, and my blood also being in a poor condition, with a loss of hair. I have tried every known remedy that was recommended to me, but it was of no use, and gave me very little benefit. So, hearing of your Cuticura Remedies, I concluded to give them a trial. The first application gave almost instant relief. In a few weeks' time I found myself cured, and I am thankful for what they have done for me. Your Cuticura Remedies are a blessing to those who may have the opportunity to use them. I can recommend them to any one.
