F. R. ROBINSON'S INDEXICAL SILVER SOAP.—A new and beautiful preparation, made by the BOSTON INDEXICAL SOAP Co., expressly for cleaning and polishing Silver-Plated and Britannia Wares, and for cleaning Mirrors, Marble, Tin, &c. It is much more convenient and effective than any of the powders now in use, and may be used even by inexperienced help with perfect safety, as it contains nothing that can possibly injure the finest plate or jewelry, or even the most delicate skin, though not designed for toilet use. It is far superior to any other Soap for cleaning fine House Paint, Statuary, Artificial Teeth, Plate, &c.
Many of our largest importers and manufacturers of Silver and Plated Ware, who have used it, have given it their unqualified approval. Read the following:
"BOSTON, May 2, 1859.
"Messrs. SAFFORD & BURDITT—Gentlemen. After repeated trials of your Silver Soap, we can recommend it as the best article we have ever seen for cleaning plated and silver ware. It must soon be used by every family. Yours, respectfully,
"SHREVE, BROWN & Co. (late Jones, Ball & Co.)"
"BOSTON, June 1, 1859.
"Gentlemen: We have, during the last twelve months, given your Silver Soap a thorough trial, and find there is nothing equal to it, as it cleans silver quicker, better, and with less trouble, than anything we have been able to find. Yours, respectfully,
"SAMUEL T. CROSBY & Co., No. 63 Washington-st."
PUMICE-STONE SOAP.
This Soap, unrivaled for its erasive properties, is free from any caustic alkali. It scours the hands and renders them soft and white. It acts like magic in removing Writing and Printers' Ink, Pitch, Varnish, Acid, and other stains from the hands, without the use of oil, alcohol, or other neutralizing agents. It is equal to the best French Pomcine in quality, and is sold for less than half the price.
Manufactured by the BOSTON INDEXICAL SOAP Co.
SAFFORD & BURDITT, Agents, Boston.
Sold by dealers generally in New-York.

THE DRIGGS PATENT or VIOLIN PIANO.—GRANDS, BICHORDS, and HORIZONTALS, with the OVERSTRUNG BASE.—These Pianos have created so great a sensation in the musical world during the past year, that jealous competitors have made it a business to anathematize them, knowing that the principles on which they are made are the only correct ones, and that they are daily growing in favor with the intelligent and unprejudiced public. The constant endeavors of unscrupulous competitors to injure the good name of the DRIGGS PIANO, by misrepresentations, and the influence of hired agents, and tempting commissions to drummers, while at the same time they are copying all they dare from them in order to improve their old instruments, made on false and unscientific principles, show how formidable a competitor it has become. This constant abuse by the unscrupulous portion of the trade, and their agents throughout the country, is the best evidence that these Pianos are fast superseding the old style of instruments. The public are invited to call and see them at the office of the DRIGGS PIANO COMPANY, No. 543 Broadway, between Spring and Prince-sts.
S. B. DRIGGS, Patentee and inventor.

THE OVAL PIANO-FORTE.—(With the over-strung bass.)
The most graceful in form, and the best-toned horizontal Piano in the world.
The DRIGGS PIANO COMPANY, by greatly extending their facilities of manufacture, and improvement in their machinery, are prepared to receive advance orders for more graceful and elegant instruments. The demand has heretofore been far beyond our ability to supply, and for most of the time during the last year we have not had an instrument of this peculiar style to exhibit. This is the original shape of the Driggs Patent, or Violin Piano, and it closely approximates, not only in the principles of its construction, but in its shape, to the violin—"the most perfect, because the most responsive instrument in the world." The case is a vibratory shell, free from all strain of the strings, and the oval shape retains more perfectly the vibratory circles, sustaining the tones with wonderful purity, and making the instrument more responsive and perfect. Warerooms, No. 543 Broadway, between Spring and Prince-sts.
S. B. DRIGGS, Inventor and Patentee.
